Health & Wellness Center

The Health and Wellness Center supports the college mission to promote an exceptional student experience by providing prevention-focused, accessible and high quality health care and counseling for a diverse student population. We are dedicated to encouraging behaviors that change or eliminate health-related barriers to learning, and to promoting optimal physical, intellectual, emotional, spiritual, and community wellness. We empower students to be self-directed and well-informed consumers of healthcare. We strive to maintain the physical, psychological, spiritual and social health of students through a collaborative team approach. We provide primary care, counseling, health education, and assist students in adopting health enhancing behaviors. We strive to create collaborative relationships with the larger academic community of faculty and Student Affairs staff, with an emphasis on assisting in the student's academic success and creating a healthy and safe learning community.

COUNSELING SERVICES

Buchanan Hall, ext. 5240

Fax: 847-735-6268

Counseling Services (CS) promotes the psychological well-being, personal effectiveness, and personal growth of Lake Forest College students, to enhance their personal and academic functioning. CS assists students in overcoming personal, emotional, and psychological issues that may negatively impact their ability to reach their academic goals and to make the most of their educational experience at Lake Forest College. CS educates students about mental health and wellness issues and teaches them about healthy lifestyle choices. CS strives to assist students in acquiring the skills, attitudes, and resources necessary to both succeed in the college environment and pursue satisfying and productive lives.

Students seek assistance from Counseling Services for a variety of reasons, including adjustment to college, interpersonal or relationship conflicts, stress, anxiety, depression and eating disorders. Some students come to counseling to help clarify values and to help foster personal growth.

Counseling Services offers a spectrum of services to meet the individual needs of students, including individual counseling, couples counseling, group counseling, and psycho-educational groups. Workshops and structured groups are also offered on a variety of personal growth and wellness topics throughout the year. Counseling Services staff can help facilitate referrals to community mental health agencies or to practitioners in the community.

All information shared in Counseling Services is confidential and may not be released without a written consent.

A core component of our mission is to promote and affirm our community diversity in its broadest sense. We recognize that a diverse community enriches our campus and enhances opportunities for human understanding, both of which contribute to the learning environment for all. CS has a strong commitment to meeting the needs of diverse people. We strive to create an environment where all people feel welcome and respected. As a staff, we attempt to facilitate mutual respect and understanding among people of diverse racial, ethnic, and national backgrounds, gender, sexual orientations, mental and physical abilities, languages, classes, ages, religious/spiritual beliefs, socioeconomic background as well as other types of diversity. We strive to nurture environments where similarities and differences among people are recognized, respected, and honored.

EMERGENCY SERVICE

Emergency appointments are available to students who may be experiencing a personal or psychological crisis. There is a psychologist on-call 24 hours a day, 7 days a week while class is in session. Emergencies that arise during office hours are handled immediately. In the case of an evening or weekend crisis, students are to call Public Safety at ext. 5555. The on-call psychologist will contact the student as soon as possible.

AOD INTERVENTION AND PREVENTION PROGRAM

One component of Counseling Services is the Alcohol and Other Drug Intervention and Prevention Program (IPP). This program works on the prevention of alcohol and other drug-related problems, providing educational workshops and alcohol and other drug-related screenings to the College community throughout the year. As part of our alcohol and other drug prevention program, all first-year students are required to complete the *AlcoholEdu for College* web-based course prior to the start of classes. This is an interactive and educational program for adults committed to making thoughtful and purposeful choices in college.

The IPP also works with students who have problems with alcohol and other drugs (AOD). Assessments are offered to help students identify problem drinking and other drug use problems. Students may also receive short-term AOD counseling to help increase the awareness of risk factors and lifestyle decisions related to alcohol and other drugs and to foster the development of healthy coping skills. Staff will also make referrals to various 12-step groups that hold meetings in the surrounding area. Students with serious or chronic problems with alcohol and other drugs may be referred to either in-patient or out-patient treatment programs for intensive care.

HEALTH SERVICES

Buchanan Hall, ext. 5050
Fax 847-735-6284

Health Services exists to promote, maintain, or restore the optimum level of health, prevent illness, and alleviate disability so students can pursue their studies at Lake Forest College to the best of their abilities. Emotional and physical needs of the students are met in a way

that is both corrective and educational. Persons significant to the student, as well as cultural and economic factors, are recognized as affecting health-care needs. Whenever possible, teaching-learning principles are used to assist the student in providing the highest level of self-care.

Health Services are provided to all full-time and part-time students.

Scheduled visits with the nurse practitioner include, at no additional charge:

- Physicals (such as athletic, travel, employment, and well-woman)
- On-site labs (urinalysis, pregnancy testing, and glucose check)
- Acute illness or injury care and specialist referral as needed
- Minor wound suturing, orthopedic strapping/crutches, wound care, and other minor procedures
- Birth control, wellness, and nutrition counseling

Prescriptions, lab testing, radiographs, emergency care, and specialist consultation will be arranged by Health Services staff and covered by a student's individual health insurance plan. Health care for faculty and staff is normally not provided by Health Services; in an emergency, treatment will be provided and arrangements made for immediate care elsewhere.

EMERGENCY SERVICE

In the event of an urgent or emergency illness or injury occurring when Health Services is closed, the student should call the Department of Public Safety at ext. 5555. An officer will respond to all calls, evaluate the student, and arrange for transport to the nearest emergency facility.

INSURANCE

All full-time and part-time students are required and eligible to participate in the student health insurance program unless an online waiver is presented indicating evidence of equal or superior coverage. Insurance waivers must be completed online by August 15 for full-year registration and by February 1 for spring semester registration. The provisions of the College insurance plan are detailed in a pamphlet available in Health Services or the Business Office, and may also be viewed at the Gallagher Koster website (<https://www.gallagherkoster.com>). Every student should carry in his or her wallet an insurance card or a copy of BOTH SIDES of the family insurance card. This information must be updated as soon as any coverage changes occur. Health Services needs a copy for each student's medical record, so faxing (847-735-6284) a legible copy of BOTH SIDES of the card is strongly encouraged. Students enrolled in any program abroad are required to have insurance coverage for medical evacuation and repatriation of remains.

HEALTH RECORDS/IMMUNIZATION

All full-time students – new, transfer, resident, and commuter – are required to complete a Health History Report and to include an Immunization Record. These forms must be returned to Health Services by August 1. If forms are not postmarked by August 1, students will be subject to a late fee of \$100. Students not in compliance with the immunization requirements during their first term of attendance are restricted from registering for subsequent terms until compliance is obtained. A pre-entrance physical is strongly recommended but not required by Lake Forest College. The State of Illinois Department of Public Health requires for college entrance a record of two measles/mumps/rubella, and diphtheria/tetanus immunizations. Lake Forest College policy requires immunization for meningococcal meningitis, hepatitis B, and a skin test for tuberculosis prior to the start of classes. Students who remain not in compliance will have their second semester registration

cancelled until they have completed the requirements. A late-registration fee will apply. All exemptions (as defined by State of Illinois, medical, age, and religious) from the policy must be validated by Health Services. Requests for exemption must be initiated by the student and completed by August 1 for fall semester students and by January 15 for spring semester students. It is important to note that exemption from immunization may result in quarantine of immunized students off grounds in the event of a contagious disease outbreak. In the event of noncompliance and withdrawal, readmission will not be granted until the Health History Report and Immunization Record has been properly executed. If a student leaves the College and returns after a period of one year has elapsed, the Health History Report must be updated by reporting to Health Services for reevaluation. The record is considered a permanent Health Services file. When a student leaves the College – graduated, transferred, withdrawn – the record will be kept for no fewer than five years. The record is confidential and information will only be released with the written permission of the student.

In addition to making black & white and color copies for a nominal fee, VisComm handles other printing and graphic needs, such as flyers, brochures, business cards, postcards, signs, posters, graphic design, binding, cutting, folding, tabbing, stapling, 3 Hole Punch, laminating, mounting (foam board) and scanning services. They carry a variety of specialty papers and matching envelopes as well as paper for résumés and theses. Faxes, outgoing and incoming are \$1.00 per page; international faxes are \$3.00 per page.

CAMPUS AND COMMUNITY RESOURCES

Admissions

Patterson Lodge, ext. 5000

The Admissions Office is concerned primarily with facilitating the application process for prospective students. Because it is vital that prospective students experience as much of campus life as possible, the Admissions staff encourages students to participate in the admission process by being Admissions Ambassadors. Current students can become involved in the Ambassador program in the following capacities:

CAMPUS TOUR GUIDING

Campus tour guides lead prospective families on a one-hour walking tour of the campus. They serve as campus representatives of the institution during the tour.

LUNCH HOSTING

Lunch hosting offers an opportunity for current students to dine informally with prospective families while answering questions about their own experiences at the College.

OVERNIGHT HOSTING

The purpose of the program is to allow interested students to experience life as Lake Forest College students. Hosts will bring the prospective student to meals, campus entertainment events, and sporting events. Responsible hosting is imperative to the success of a prospective student's experience. When hosting prospective students, Lake Forest College students are responsible not only for their own conduct, but also the conduct of their guests. As responsible hosts, current students are to refrain from consuming alcohol or drugs and/or providing alcohol or drugs to any prospective student(s) during their stay. Prospective students are not allowed entry to College functions where alcohol is being served or consumed. Prospective students are not allowed to ride in a car off campus, as it is a liability to the driver and ultimately to the College.

For information about participating in any aspect of the Lake Forest College Ambassador program, please contact a member of the Admissions Office.

Athletics and Physical Education

Sports Center, Ice Rink, and Halas Hall, ext. 5285

The athletics program is designed to serve student needs and interests in five distinct areas: varsity athletics, club sports, intramurals, physical education, and general recreation. Facilities are available for racquetball, handball, indoor and outdoor volleyball, tennis, weight training, hockey, ice-skating, basketball, swimming, and general fitness. Facility hours for the Sports Center, Halas Hall and Deerpath Fitness, including pool and weight room hours, are posted by the main entrance of each building and on MyForester. Gym hours are posted monthly. The fitness room is open whenever the building is open. Public locker rooms, equipped with showers (and saunas in the Sports Center), are available in the Sports Center and Halas Hall. No permanent lockers are issued; consequently, locks must be removed after each visit. The ice rink is available for free skating, and those hours are posted in the rink and on the facility hour's poster. There are no locker rooms available at the ice rink. Lake Forest College identification is required for entrance to all buildings and for use of all facilities.

Lake Forest is a member of the NCAA Division III, competing in both the Midwest Conference and the Northern Collegiate Hockey Association. The College sponsors 17 varsity sports (basketball, cross-country, football, handball, hockey, soccer, swimming/diving, and tennis for men; basketball, cross-country, handball, hockey, soccer, softball,

swimming/diving, tennis, and volleyball for women). All teams have open tryouts; contact the respective sports coach for information.

The College has an extensive club sports program. Some of these student-run programs compete against local colleges and clubs both on and off the Lake Forest campus, while others are offered on an instructional or recreational basis. Some of the sports offered at this level include men's and women's rugby, cheerleading, golf, sailing, water polo, track, rock climbing, ultimate Frisbee, men's lacrosse and baseball. For more extensive information, see the Club Sports section in this handbook. Intramural programming runs throughout the academic year and is open to students of any talent level.

Physical education classes are offered on a non-credit basis to encourage participation but these classes do not count toward graduation. A list of these classes can be found in the annual course schedules, and students should register for these classes through the Registrar's Office. Currently the Athletic Department offers classes in golf, racquetball, lifetime wellness, lifetime fitness, life guarding, scuba diving, weight training, advanced conditioning, aerobics, and swimming. PE 114: Concepts of Health Education is also offered. This is a required course for all Elementary Education majors.

Center for Chicago Programs

The Center for Chicago Programs connects the College community to the cultural, historic, and educational riches of Chicago, one of the country's most diverse cities. Located on Middle Campus, the Center facilitates academic experiences and student excursions to the city. At the Center, the College community may obtain information about music, art, theater, and other cultural, social, and educational events in the city and suburbs, and also participate in a series of trips to a variety of major Chicago events ranging from Broadway musicals to dance programs and professional sports events. Staff at the Center offers guidance on transportation to the city, and suggestions of neighborhoods and attractions to visit. The Center works with Chicago cultural institutions, non-profit organizations, and businesses, to create partnerships with Lake Forest College including visiting artists, speakers and performers on the campus, as well as student internships and academic collaborations in Chicago.

CHICAGO AMBASSADORS

This program, administered by the Center for Chicago Programs, facilitates trips to Chicago for first-year and transfer students accompanied by an upper-class student familiar with the city and public transportation. Some trips are open to the entire student body. The focus of these trips is to teach students to use the train and bus system in Chicago, while exploring some of the riches of the city. The cost of transportation and tickets is covered by the Center for Chicago Programs. Recent trips have included canoeing on the Chicago River, Second City, Chicago Symphony Orchestra, Celtic Fest and World Music Festival, the Joffrey Ballet, International Film Festival, a White Sox game, Spam-A-Lot, and the Shedd Aquarium.

Career Services

Buchanan Hall, ext. 5235

Career Services provides personalized attention so that each student can have an individualized career plan. Staff members assist with self-assessment tools, resume writing, cover letters, and employer research. They also offer mock interview sessions, distribute graduate school information, and provide guidance for students who are undecided on a major. The job-seeking candidate can take advantage of Career Services's on-campus interviews, its annual job fair, and networking through the Mentor Program (MP). The MP has been designed for students who wish to be matched up with alumni to speak individually concerning career opportunities and guidance. The network of mentor contacts, established in the profit and nonprofit sectors in the Chicago metropolitan area, helps open doors for

initial interviews and provides students with first-hand information about a wide variety of career opportunities. Career Services professional staff is available to accelerate a student's career search, teach lifelong skills, and bolster his or her ongoing success.

Community Education and Graduate Program in Liberal Studies

Young Hall 222, ext. 5083

This office aims to meet the needs of non-degree seeking and nontraditional-age students returning to school, both at the undergraduate and graduate levels. It provides academic counseling, as well as other support, to nontraditional-age students. The Graduate Program in Liberal Studies is an innovative, interdisciplinary liberal-arts program for adults who already hold a bachelor's degree.

Development and Alumni Relations

North Hall, third and fourth floors, ext. 6000

The Office of Development and Alumni Relations is responsible for (1) maintaining relationships with alumni, parents, and friends through College activities and programs, (2) keeping them informed about developments and accomplishments at the College, (3) enlisting them to serve as volunteers to assist with activities and programs that benefit the College and its students and faculty, and (4) seeking their financial support for various priorities of the College. The Office of Alumni and Parent Relations is specifically responsible for nurturing relationships with alumni, parents of current students, and current students who will one day become alumni. The Alumni and Parent Relations staff, working in conjunction with the Alumni Board and the Student Alumni Association, develops programs, special events, and activities that facilitate interaction between alumni, current students, and the College community in general. The Development and Alumni Relations office can be a resource to student organizations looking to engage in fundraising activities. By meeting with them, they can help guide you so that your efforts will be the most successful (see fundraising by Student Organizations).

Facilities Management

Financial Aid

Patterson Lodge, ext. 5103

The office supports a range of activities designed to fulfill its mission, including (1) developing and sustaining coalition building among students, faculty, staff, and alumni and (2) acting as an advocate for the needs of students from groups served by the office, which include, but are not limited to, groups traditionally underrepresented or underserved at Lake Forest College.

Learning and Teaching Center (LTC)

Donnelley and Lee Library 237, ext. 5167

The goal of the Learning and Teaching Center is to enhance the learning process at Lake Forest College. The LTC helps students develop skills and strategies for learning throughout their college years and beyond. Among the specific services the LTC provides for students are the maintenance of a library of books and videotapes, coordination of the peer teaching and peer mentoring programs, training for departmental tutors, workshops for students writing senior theses, workshops for new students, workshops with faculty and students on learning issues, videotape practice sessions, and recordings for the blind and dyslexic.

STUDENTS WITH DISABILITIES

In compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act, Lake Forest College recognizes that qualified students who have diagnosed disabilities, including learning disabilities, are entitled to an equal opportunity to participate in and benefit from the educational programs of the College, as well as any other privileges, services, goods, advantages or accommodations of the College. Accordingly, the College will provide reasonable accommodations upon a student's request, if the request is accompanied by the appropriate medical certification.

Learning Disabilities/ADD/ADHD

Students with learning disabilities/ADD/ADHD must request accommodations by submitting their most current diagnostic testing reports (within three years). The testing must have been administered by a professional who is qualified to diagnose learning disabilities/ADD/ADHD. Testing reports should include cognitive, intellectual, and achievement testing scores and summaries and recommendations for accommodations. Submit to: Learning Support Specialist, Learning and Teaching Center, Lake Forest College, 555 Sheridan Road, Lake Forest, IL 60045.

Before each semester, students requesting accommodations must meet with the Learning Support Specialist to review documentation and accommodations. After the student (or guardian if under 18 year old) gives written permission to notify his/her professors, letters that outline specific accommodations will be sent. All information pertaining to learning disabilities/ADD/ADHD is confidential and cannot be released with the consent of the student (or guardian, if the student is under age 18).

Physical/Medical Disabilities

Students who request reasonable accommodations due to physical/medical disabilities must submit documentation by a health-care professional outlining the condition and recommendations for a reasonable accommodation. The College will provide reasonable and necessary auxiliary aids for disabled students upon request, if accompanied by appropriate medical certification. Submit to: Learning Support Specialist, Learning and Teaching Center, Lake Forest College, 555 Sheridan Road, Lake Forest, IL 60045.

Before each semester, the student must schedule a meeting with the Learning Support Specialist, Learning and Teaching Center, to review the student's needs. All information pertaining to the disability is confidential and cannot be released without the consent of the student (or guardian, if the student is under age 18).

Library and Information Technology (LIT)

Library and Information Technology includes both library and computing services. LIT is responsible for helping students find, evaluate, and utilize information and technology effectively.

DONNELLEY AND LEE LIBRARY, EXT. 5055

The Donnelley and Lee Library is the main campus library and technology center. It features a computer lab that is open 24 hours, seven days per week. The remainder of the building is open approximately 96 hours per week. Library hours are as follows:

Monday–Thursday 8:00 a.m. – midnight

Friday 8:00 a.m. – 6:00 p.m.

Saturday 12:00 noon – 9:00 p.m.

Sunday noon – midnight

Evening and weekend hours are usually extended during midterms and finals.

LIT SERVICES

Students are encouraged to contact the Help Desk with their computing questions (ext. 3456 or LITHELP@LAKEFOREST.EDU). There is also a student assistant on duty in the 24-hour computing lab in the Donnelley and Lee Library who is available to help students who have computing questions.

Students living in the residence halls may connect their personally owned computers to the campus network at no charge. LIT staff is available to assist students with this process. Students should call the Help Desk (x3456) to set up an appointment for help getting connected to the network. All residence halls offer wireless networking, and unauthorized wireless access points are not permitted. Lake Forest College computing services exist for the primary purpose of transmitting and sharing information in activities that support the academic mission of the College. It is the policy of the College to provide the broadest possible access to technology resources for all members of the College community. LIT staff closely monitors the allocation of technology resources, and may, when deemed appropriate, prohibit activity that consumes excessive amounts of network bandwidth or computing resources. Students may not run servers on the campus network without first receiving permission from LIT. Under no circumstances may the campus network be used for unauthorized distribution of copyrighted music, videos, software, or any other form of intellectual property. Violations of these policies will result in disciplinary sanctions, and, depending on the nature of the violation, may be subject to state or federal prosecution. Students should be aware that the motion picture and recording industries are aggressively seeking out and prosecuting individuals who they believe are engaged in the illegal

downloading and distribution of copyrighted materials. There is nothing the College can do to protect a student who has been found in the possession of music, videos, or other software that has been obtained illegally. Students are strongly advised not to engage in the practice of downloading and file-sharing of copyrighted material. The College's complete Acceptable Use policy can be found at www.lakeforest.edu/academics/lit/. Questions about this policy may be referred to the Director of LIT.

All students are provided with e-mail accounts, network file storage space, and space for the creation of web pages. An e-mail and portal service is provided to students through MyForester. For assistance with e-mail or other issues with MyForester, students should contact the help desk (x3456). Students are expected to check their Lake Forest College e-mail accounts regularly.

The Technology Resource Center (TRC) is available for students, faculty, and staff to use state-of-the-art computer hardware and specialized software applications. Laptops may also be checked out in the TRC for use within the library. The laptops are equipped with wireless networking so that they can use the library's wireless network. LIT staff is available to assist students in the use of hardware and software in the TRC. Hours of operation are posted outside of the TRC door. Appointments can also be made with LIT's Academic Technology Specialists for assistance with special projects.

A variety of software, including the Microsoft Office suite, is installed on computers in the Donnelley and Lee Library computer labs and classrooms. None of the software may be removed or duplicated for use on personally owned computers. All computer labs are connected to the College network and to the Internet.

Each Lake Forest College student may print up to 300 copies per semester in the public computing labs at no cost to the student. Each copy thereafter will be charged to a printing account at a cost of \$0.05 each. Students writing a Senior Thesis are granted an additional 200 pages of free printing. Senior Thesis students may print out two copies of their thesis at no charge. Seniors who wish to do this must make an appointment to print their thesis in the Technology Resource Center. Money can be added to student printing accounts at the Library's Reference Desk or the Business Office in North Hall.

Reference librarians (ext. 5074) are available at the main desk to provide students with assistance in using the library and conducting research for class assignments and research papers. Students may schedule individual appointments with the librarians or may stop by the Reference Desk for on the spot assistance.

Circulation/Reserves services (ext. 5056) are also provided at the main desk. This is the place to come to check books out, pick up books requested through I-Share, and look at Reserve materials. Reserve materials are books and articles that faculty have held aside for their students to use in specific courses and may not be taken from the library.

Media Services (ext. 5070) is also located on the first floor of the library and offers a variety of services to students who wish to use audio and video materials.

Interlibrary Loan (ext. 5067) is a service through which students can request copies of journal articles from the collections of other libraries and non I-Share libraries. This service is provided free of charge. Most requests for journal articles are filled within five to ten days.

Special Collections houses rare items from the library's collection as well as College records. Special Collections material must be used in the Special Collections reading room. The College Archivist (ext. 5064) is available to help students locate and use this material.

Office of the President

North Hall, second floor, ext. 5100

The President is the chief executive officer of the College. All officers of the College report directly to the President, including the Provost and Dean of the Faculty, Dean of Students, Vice-President for Development and Alumni, Vice-President for Business, Vice-President for Admissions and Career Services, Director of Communications and Marketing, and the Director of Athletics. The President's Office maintains regular College hours. The President has a weekly office hour for students, and students can also schedule appointments. In the President's absence, his assistant will refer inquiries promptly to the appropriate person.

Provost and Dean of the Faculty

North Hall 209, ext. 5020

The Dean of the Faculty oversees all academic programs and departments, Community Education, the Registrar, Library and Information Technology, the Writing Center, the Learning and Teaching Center, and, together with the Dean of Students, faculty advising and academic discipline. In addition, the Deans periodically review the academic records of every student and notify students of their progress toward obtaining a degree.

Public Safety

Stuart Commons, second floor, ext. 5555

The Department of Public Safety (DPS) is charged with maintaining the safety and protection of the entire campus. This goal is best achieved in partnership with the College community. DPS is eager to provide the training, services, and assistance necessary to ensure a safe and enjoyable collegiate experience. To that same end, all members of the community and their guests are expected to comply with all College policies. In addition, ID cards must be carried and must be presented upon request by a Public Safety Officer or any other College official. Despite the relatively low crime rates in its surrounding communities, Lake Forest College regards the safety and welfare of its students, faculty, and employees as its highest concern. Although the College has implemented the following policies and programs to increase campus security, individuals are reminded that they must assume responsibility for their own safety and that of others.

REPORTING CRIMINAL ACTIVITY

Students are encouraged to report accurately and promptly all criminal or emergency incidents to DPS, either in person, in writing, or on line at www.lakeforest.edu/life/services/security/crime_reporting.asp. All incidents are reviewed by the Director of Public Safety; a referral is made to local and state police departments when appropriate. All incident reports are channeled to the President, Vice President for Business, and the Dean of Students.

PUBLIC SAFETY PERSONNEL AND LOCAL LAW ENFORCEMENT AUTHORITIES

Lake Forest College Public Safety officers utilize citizen's arrest authority if a situation requires the immediate detention of an individual. The Department of Public Safety has established a close working relationship with the Lake Forest police and fire departments, as well as the Illinois State Police.

CAMPUS FACILITIES

Access to all campus facilities, buildings, and residences is restricted to Lake Forest College students, faculty, and employees and their guests. The exterior doors to all campus residence halls are designed and equipped to remain locked 24 hours a day and are frequently checked by Public Safety officers. As an additional protection, resident housing staff and Public Safety officers patrol the residence halls and their exterior areas daily.

IDENTIFICATION CARDS

Identification cards are available at the Department of Public Safety, weekdays between 9:00am and 4:00pm. IDs are issued as proof of membership in the College community and as such must be carried at all times. In addition, cards must be presented upon request by any College official, including the Department of Public Safety personnel, Residence Life staff members, dining facility administrators, and librarians. Also, IDs may be necessary to gain entry into College facilities and College-sponsored events. Failure to produce a College ID when requested by a College official may result in disciplinary action. Replacement cards are available for a \$25 replacement fee. Students who wish to replace their College IDs when they turn 21 may receive a new identification card for a cost of \$10. Cards are not transferable and may not be used by anyone other than the legitimate owner. Alteration or misuse of a College ID card is a serious infraction of College policy and will result in disciplinary action.

Registrar

North Hall 103, ext. 5025

The Registrar handles course registration, course information, and transcripts.

Student Affairs

Rosemary House, ext. 5200

The Division of Student Affairs, headed by the Dean of Students, supports student learning through a variety of programs and services, including but not limited to general advising, maintaining community standards, and New Student Orientation. Student Affairs comprises the administrative units of Residence Life, Intercultural Relations, the Gates Center for Leadership and Personal Growth, the Health and Wellness Center, and the Department of Public Safety. In addition, Student Affairs has administrative responsibility for student conduct, student records, veteran affairs, withdrawal from the College, and student leaves of absence.

Writing Center/Tutoring

Carnegie Hall, ext. 5233

The Writing Center offers students free tutorial assistance, information, and resources for writing tasks of every type—short papers, lab reports, business letters, cover letters, research papers, senior theses, creative writing, and letters of application. The Director of

Writing Programs, the Assistant for the Writing Center, and a staff of well-qualified student tutors provide a free support service at all levels of writing competency: help with grammar, punctuation, manuscript preparation, and style; guidance in better organization, outlining, and proofreading; and writing instruction and English language assistance for non-native speakers. Handouts on various aspects of writing are available free of charge and may be consulted in the Center's tutoring offices. These materials cover the needs of all disciplines taught at the College, just as the tutorial staff represents a wide spectrum of disciplines and writing experience. Please note that the Writing Center is not a proofreading or editing service, but rather a place where students learn how to write well. The Writing Center is open to all members of the campus community at regular hours six days a week, Monday through Friday and on Sunday. Drop-in visitors are welcomed on a first-come, first-serve basis, but students are encouraged to schedule appointments on MyForester or by calling ext. 5233.

RESIDENCE LIFE

Rosemary House, 847-735-6232
reslife@lakeforest.edu
www.lakeforest.edu/reslife

Mission

In a safe and secure environment, Residence Life will develop a vibrant community and teach students critical thinking and ethical decision-making. These experiences will empower students to become global citizens.

Core Values

- Community
- Diversity
- Integrity
- Learning and Personal Development
- Respect
- Responsibility

Objectives

The objectives of the Residence Life program are many and varied. The residence hall should not be merely a place to sleep and study. It is a place of learning experiences as important to the development of the total person as the classroom.

Residence Life staff members, including Resident Assistants (RAs), Residence Directors (RDs), Associate and Assistant Directors of Residence Life (ADs), and the Director of Residence Life, play an integral role in:

1. Assisting students in their orientation and adjustment to college life;
2. Providing an academic environment in which all students develop intellectual pursuits, capitalizing on their own abilities;
3. Facilitating the positive influences of communal living: recognition of varying lifestyles, attitudes, and values; development of mutual respect and concern; encouragement of self-discipline, cooperation, communication, and individual responsibility; opportunities for many and varied formal and informal social interaction; and experiences in democratic living;
4. Providing for the communication of (1) information, ideas, and College policies and procedures to students and (2) students' needs, attitudes, opinions, and values to the administration.

Administrative Authority for Housing

Housing and specific room assignments are privileges that may be canceled, withdrawn, or changed at any time at the discretion of Residence Life, Student Affairs, or other College officials. Lake Forest College reserves the right to use residence halls for housing students or for other purposes during recess periods.

Eligibility for Housing

All students attending Lake Forest College with an academic course load of three or more course credits may reside in College-owned residential facilities. If a student who has selected or been assigned a room decides not to use the room assigned, the student must notify Residence Life by completing and submitting a Housing Cancellation Application. All students participating in approved off-campus study programs must also complete and submit a Housing Cancellation Application, in addition to the Housing Application for assignment to housing during the semester in which they return.

REDUCTION OF ACADEMIC COURSE LOAD

Students who have an academic course load that is part-time (fewer than three courses) are not eligible for on-campus housing. Resident students must seek permission from the Dean of Students to remain in housing when reducing their course loads to part-time status.

MARRIED STUDENTS AND STUDENTS WITH CHILDREN

The College has no provisions for housing students who are married and/or have children.

Room and Board Charge

Double-occupancy, triple-occupancy, and quadruple-occupancy accommodations with board are charged per year per student as determined by the Business Office. A student who is assigned to or has selected a single-occupancy room are charged an additional premium (known as a "single room surcharge"), depending on the residence hall and type of single room. Residence accommodations are assigned for the full academic year (or individual semester, based on approved off-campus study plans). The student agrees to the manner and schedule of payments prescribed by the Business Office and stated in the *Lake Forest College Catalog*. When the Housing Contract is terminated at any time during a given semester for disciplinary reasons, no refund for room and board will be given. Students will be responsible for any damages that occur to residence hall property.

HOUSING REFUND

Refund policy guidelines are published in the *Lake Forest College Catalog*.

BOARD PLAN

Resident students, as part of their room and board charges, are required to select one of three meal plans, all of which cost the same, but offer different combinations of meals and dollars. The three meal plan choices are as follows:

20 MP 20 all-you-can-eat meals a week and \$200 flex/year

15 MP 15 all-you-can-eat meals a week meals and \$615 flex/year

10 MP 10 all-you-can-eat meals a week meals and \$1150 flex/year

Students who fail to select a meal plan will be automatically enrolled in the 20MP. Students will be given an opportunity to change meal plans between semesters.

ALL-YOU-CAN-EAT MEALS

- ♦ All-you-can-eat board meals can only be redeemed in the Gus and Margie Hart Dining Hall in Stuart Commons. There is no meal equivalent at other dining facilities.
- ♦ The name of the plan identifies the number of all-you-can-eat meals that are included in the plan, for example: **10 MP** includes 10 all-you-can-eat meals each week. Weeks recycle every Thursday morning. In other words, every Thursday morning, those on a 10 MP would have 10 all-you-can-eat meals available for use through the following Wednesday night. Unused meals do not roll over, and meals eaten cannot exceed 10 per week without dipping into flex dollars. Only one meal can be used per meal period; additional meals can be purchased with flex dollars. The same is true for the 15 MP and 20 MP.

FLEX DOLLARS

- ♦ All purchases at the Mohr Student Center, the CyberCafé in the Library, the South Side Café in Nollen and the Night Owl Café in Deerpath, are a la carte. In other words the all-you-can-eat meals referred to in the plans' titles (10, 15, 20) cannot be used anywhere but the Gus and Margie Hart Dining Hall (also known as "the caf."). "Combo meals" will be offered at the Student Center, but all items and/or combos are priced individually and will come from flex dollars, credit or cash. Flex dollars can be used at any food service location, as well as credit card, and cash.

- ◆ Flex dollars that come with a meal plan are available all day and night, at any location and can be used as frequently as desired. Students can use flex dollars to buy food for friends. Students age 21 or older can use flex dollars to buy beer and wine. Once flex dollars are used up, there is no replenishment from the meal plan within the semester. Leftover flex dollars from a meal plan do not roll over into the next semester. Flex dollars that come with a board meal plan are either used within the given semester or lost.
- ◆ At any time during the semester, a student (or parent) can add flex dollars to his or her account. Flex dollars that are added outside of a meal plan do roll over from semester to semester. Otherwise, they function the same as meal plan flex dollars – i.e., they can be used anywhere, for any purchase.
- ◆ Flex dollars can be added to an account at any cashier station at any food service location. Flex dollar purchases can also be called in and paid for by credit card.
- ◆ For students who say they “never” eat in the Gus and Margie Hart Dining Hall, they should consider the 10 MP, which will give them the optimum amount of flex dollars to purchase their meals at any other location.
- ◆ Flex dollars that come with the meal plan are NOT refundable. Flex dollars added later ARE refundable.

Students who live in the South Campus Apartments, which are equipped with full kitchens, may be exempted from the board plan if they request it in writing. Nonresident students may purchase the board plan if they notify the Business Office at the start of each semester. The board plan will not be prorated for students who elect the plan after the start of the semester.

Individual meals may also be purchased with cash individually in the Gus and Margie Hart Dining Hall. Aramark Dining Services offers a prepayment program that employs the student identification card as a declining-balance payment card and provides financial benefits for certain levels of prepayment. Exemptions from the board plan are granted by the Dean of Students when there are documented medical or religious dietary restrictions that Aramark Dining Services is unable to accommodate, without exception.

Room Entry

Residents are guaranteed privacy within the confines of their rooms on campus. Designated College staff members, including Public Safety officers, Student Affairs staff, Residence Life staff, and Facilities Management personnel, have the authority to enter and inspect rooms for health and safety purposes, conduct repairs, or investigate any just cause of student endangerment or policy infractions, at any time without permission or consent of the student occupant(s). Students are expected to comply with reasonable requests for entry.

Representatives of the College will not enter a student’s room except under the following conditions:

1. When, under the authority of the Dean of Students, the Director of Residence Life, or the Director of Public Safety, there is evidence that College or Residence Hall policies have been violated.
2. In emergency circumstances when there is the possibility of imminent danger to life, health, safety, or property.
3. For inspection of general physical conditions and/or damage of the room, for inspections of fire safety or health standards, or when the student has requested inspection or repair work.
4. During vacation periods, for inspections of all rooms after they are vacated to ensure proper closing of all residence halls. If violations are apparent, staff will issue Notices of Alleged Violation.

5. When there are noises or disturbances left unaddressed that may affect others. (e.g. an alarm clock).

Room Searches

Any College official who is in a student's room may react to any violation of the law or College policies based on visible evidence—for example, stolen property, weapons, illegal drugs or drug paraphernalia, and health hazards. Any kind of physical search, however, can be authorized only by court authority or by permission of the Dean of Students. If the Dean of Students is unavailable, an Associate Dean of Students may also authorize a physical search. The student occupant(s) should be present, if possible, during such a search.

Housing Contract

When assigned to a room, new incoming students receive a room assignment letter and a Housing Contract. For returning students, at the time of room selection or thereafter, once a student has selected his/her room through the Room Selection process, he/she is required to sign a Housing Contract for the upcoming academic year and have one on file in the Office of Residence Life.

Dates of Occupancy

RESIDENCE HALL OPENING

For new students residence halls open at 9:00 a.m. on the Saturday prior to registration; for returning students the halls open on the Tuesday prior to registration. Residents are required to check in with a member of the Residence Life staff. During the check-in process, residents receive their room keys and sign the Room Inspection Form (RIF). The RIF is an inventory of the condition of the furniture, fixtures, floors, walls, door, and ceiling. Residence Life staff assess the room condition prior to check-in. It is the student's responsibility to review this form carefully prior to signing. By accepting a key and occupying a room, the student agrees to all policies and procedures as outlined in the *Student Handbook*. Returning students may not move in prior to their designated residence hall opening time.

WINTER BREAK CLOSING AND SPRING SEMESTER OPENING

Residence halls are closed, and students are not permitted to enter or occupy them, during the winter break period, which begins at noon on the day after the last day of final examinations. Students must leave campus no later than 24 hours after their last final exam or by noon on the day immediately following the last day of final exams. Students are not allowed to return to campus or move in until 9:30 a.m. on the Sunday before registration day for spring semester.

EARLY RETURN/ARRIVAL AND LATE DEPARTURE FINES

Students may not move in before designated hall opening times and must leave prior to hall closing times. If a student attempts to move into a residence hall before the times specified or fails to vacate the residence hall room by the times specified in the Housing Contract, the student will be assessed fines, will be subject to disciplinary action, will not be issued a key, will not be able to drop off belongings in the room, and/or will be required to vacate the premises by College officials. In the event that a student encounters unexpected circumstances precluding him/her from following the ordinary return/arrival/departure guidelines, the student should contact the Office of Residence Life immediately.

RESIDENCE HALL CLOSING

At the conclusion of each semester, all residence halls close at noon on the day after the last scheduled exam. At the end of the spring semester, resident undergraduates who are not graduating must check out and vacate their rooms within 24 hours after their last exam or by noon the day after the last scheduled exam prior to Commencement, whichever is earlier. Those who are graduating are required to check out and vacate by noon on the Sunday

following Commencement. In order to properly check out, residents must set up an appointment at least 24 hours in advance of their desired check-out time with a member of the Residence Life staff. During this appointment, the resident will complete a room inspection form and return the room key. Failure to properly check out with the Residence Life staff or to return the room key will result in fines. It is the expectation of the College that students leave their rooms clean and damage-free at the end of the semester. Failure to do so will result in fines.

STUDENT WORKERS, END OF SPRING SEMESTER

All students who are approved for late departures at the end of the spring semester must be available to work for a campus department for a minimum of five hours both Thursday and Friday prior to Commencement. Students working as ushers during Honors Convocation and Commencement must work a minimum of five hours each day. Students working for campus departments will be paid in accordance with the College policy on student wages. Students approved for late departures must still check out with the Residence Life staff prior to noon on the Sunday following Commencement.

Housing Procedures

KEY PICK-UP

Residence hall room keys are available from the Residence Life staff during check-in and must be returned to the Residence Life staff when the student checks out. A room key is issued to each student. Residents should carry their room keys with them at all times.

LOST KEY CHARGES

An individual who loses a room key or fails to return a room key at check-out will be charged \$50, and the lock on the door will be changed. When a student loses his/her room key, the student must submit \$50 to the Business Office and receive a receipt. The student must then submit the receipt to the Facilities Management Department to be issued a temporary key while the lock is changed.

LOCK-OUTS

Students who are locked out of their rooms and request entry from a College official will be charged \$5 per incident. If a resident is locked out of his/her room during Resident Assistant (RA) duty hours, the resident must have a student ID and may approach their Resident Assistant or the Residence Life staff member on duty to open the room. If a resident is locked out of his/her room during the day (between 8:30 a.m. and 5:00 p.m.), and if no member of Residence Life staff is in the building, then he/she may obtain a temporary key from Facilities Management to use for twenty-four hours only in exchange for his/her student ID. In the event the key is not returned to Facilities Management within twenty-four hours, a work order will be generated to change the lock, new keys will be issued, and a \$50 fee will be charged to the student's account. If a resident is locked out in the middle of the night or prior to duty in the evening, he/she may call the Department of Public Safety to get into the room.

ROOM CHANGES

Requests for room changes may be requested at the Office of Residence Life following the academic add/drop period. A student wishing to change rooms must first complete a Room Change Application. Because of the limited spaces on campus, room changes are not guaranteed and it may take several weeks before a room change may be granted. Room changes, including assignment to a single-occupancy room, are granted based on space availability and need. Approved room changes must be completed within 72 hours of receiving a Room Change Notice. All guidelines listed on the Room Change Notice must be followed. Failure to follow guidelines, such as improperly checking in or out or failing to return a key, may result in fines.

If a room change request is made because of a roommate conflict, all other means of resolution (e.g., roommate contracts, mediation, and arbitration) must be exhausted before a room change will be granted. Consultation with Residence Life staff (e.g., your Resident Assistant or Resident Director) is expected prior to submitting a Room Change Application. It is the expectation of the Office of Residence Life that students make every effort to live together in a civil and responsible manner.

ROOM CHANGE INSTRUCTIONS

Students who have been granted a room change and receive a Room Change Notice must check in and check out during the time allotted for moves, or the move may be canceled at the discretion of the Office of Residence Life.

1. After receiving the Room Change Notice, make an appointment with your Residence Life staff member from your new building to check in.
2. Pack everything from the "old" room.
3. Meet with the Residence Life staff member from the new building. Go to the new hall and complete the Room Inspection Form (RIF) for the new room with a Residence Life staff member from the new building.
4. Check into the new room with the Residence Life staff member:
 - Complete the check-in portion of the RIF for the new room.
 - Obtain the keys to the new room.
 - Ask the Residence Life staff member from the new hall to sign the Room Change Notice.
5. Make an appointment with your Residence Life staff member in your old building.
6. Move all your belongings to the new room and clean the old room.
7. Meet with the Residence Life staff member of your old building to check out of your old room.
 - Complete the check-out portion of the RIF.
 - Ask the staff from the old hall to sign the Room Change Notice.
8. You are responsible for returning the completed Room Change Notice and the key to your former room to the Office of Residence Life no later than 24 hours after you move.
9. Possible Fines:
 - Improper check-in to new hall/room: \$25
 - Improper check-out of old hall/room: \$25
 - Failure to return key: \$50
 - Unauthorized room change: \$50. Additionally, a Notice of Violation may be issued for unauthorized room changes.

VACANCIES IN RESIDENCE HALL ROOMS

If a vacancy occurs in a student's room at any time, students have two options:

1. The current resident(s) living in the room may find someone she/he would like as a roommate. If they agree, they should inform the Office of Residence Life. The friend should complete a Room Change Application. This should be done as soon as the vacancy occurs. Students should not move until they are authorized to do so by the Office Residence Life.
2. The current resident(s) can keep the room to themselves for the time being. However, if she/he does this, she/he is taking a risk of being assigned someone new at any time. Space for a new roommate must be kept available at all times and should include a clear and empty bed, closet space/wardrobe, dresser, desk, and chair. The space will more than likely be filled by Residence Life with a student who needs a room change or is just moving onto campus. Once Residence Life has started the process of assigning someone to a current resident's room, it is too late for the current occupant(s) to request someone specific. Space for the newly assigned student must be made immediately.

ABANDONED PROPERTY

Occasionally a student vacates his or her campus housing assignment during the course of the academic year. In these circumstances, students are expected to remove all of their belongings, return the room key, and otherwise follow proper check-out procedures. A student has five (5) business days from the date of cancellation and/or departure to make arrangements with the Office of Residence Life to complete the move-out/check-out process. The student has an additional five (5) business days to complete the move-out/check-out process. If a student fails to check out properly and/or remove her/his property from the room within the 10 business days indicated, any belongings left behind will be considered abandoned. When possible abandoned property will be stored or shipped at the student's expense, although it may be disposed of or donated if all attempts to reach the student are in vain.

Room Selection Process

Room Selection is the process by which students select a room for the following academic year. This process begins in early spring each year for the following academic year. In order to be eligible to participate in Room Selection, all students must clear their student accounts of any outstanding balances, thus leaving their \$200 matriculation deposit. The matriculation deposit is only refundable when a student leaves the College. Students who meet these financial conditions prior to the deadline will be randomly assigned a lottery number (students are categorized based on the number of credits as indicated by the Registrar's Office as of March 1, then randomly ordered within groups of students with the same number of credits). The lottery number determines the student's order of selecting a room for the following academic year. Failure to meet the announced deadline will jeopardize the student's eligibility and assignment for Room Retention, Special Needs Accommodations, and all special interest housing (Blackstone Academic Hall, Cleveland-Young International Center, Deerpath Academic Theme Suites, Moore Wellness Hall, Chicago Explorers Community, and South Campus Apartments). A complete schedule of dates for the Room Selection process will be made available early in the spring semester.

SPECIAL INTEREST HOUSING

Various special interest housing options are available for students who wish to live with others working toward common interest. All special interest housing options are available by application. Applications for special interest housing are available in early-mid spring semester, prior to the Room Selection process. Students may apply individually to live in Blackstone Academic Hall, Moore Wellness Hall, and Chicago Explorers Community in Nollen or Cleveland-Young International Center. Students must apply as a group of five or six students to live in a Deerpath Academic Theme Suite or in one of the four student apartments on South Campus.

NOTE: Students who are currently assigned to special needs accommodations must submit a Special Needs Accommodation Application every year for reconsideration for a special needs accommodation, but do not have to re-submit medical documentation if that medical documentation is current and up-to-date.

ROOM RETENTION

Upper-class students who wish to remain in the room they secured in the previous year's room selection process will be permitted to do so if certain criteria are met. The opportunity to retain a room will take place prior to General Room Selection, and specific information will be made available in early spring semester. First-year students and transfer students during the current academic year are not eligible for Room Retention.

SPECIAL NEEDS ACCOMMODATIONS

The Office of Residence Life recognizes that some students have circumstances that may require special attention when determining residential living options. Students who need

such accommodations must complete a Special Needs Accommodation Application, provide supporting medical documentation (such as a letter from a primary physician), and meet with Health and/or Counseling Services by the published deadline. These applications are available in early spring semester for consideration for the following academic year. The applications are due and assignments are made prior to the start of Room Selection processes.

The Office of Residence Life (in consultation with the Student Counseling and Health Services, and the Dean of Students, when appropriate) will review all documentation for consideration. If approved, the student will be notified and assigned accordingly in an appropriate location in any of the student residences on campus as determined by the Office of Residence Life and prior to General Room Selection in April. Because space is limited, single-room assignments are not guaranteed and are based on medical documentation and demonstrated need.

NOTE: Students who are currently assigned to special needs accommodations must submit a Special Needs Accommodation Application every year for reconsideration for a special needs accommodation, but do not have to re-submit medical documentation if that medical documentation is current and up-to-date.

GENERAL ROOM SELECTION

Students who are not assigned via an application process may select a room that is available at General Room Selection using their randomly assigned lottery number. In order to select a room during General Room Selection, students must form a complete roommate group in order to completely fill the designated room occupancy (1=single, 2=double, etc.) for the academic year.

PARTIAL ROOM SELECTION

Students who are unable to attend General Room Selection or who are unable to form a complete roommate group to fill a room for the year are required to participate in Partial Room Selection, which takes place after General Room Selection.

HOUSING WAIT LIST

No wait list will be established following the spring Room Selection process. As spaces are available, they will be assigned. Students who want housing at any other time must complete an On-Campus Housing Application at the Office of Residence Life. During the academic year, assignments will be made as soon as possible and as space becomes available.

Housing Cancellation

OFF-CAMPUS STUDY PROGRAM AND NONRESIDENT (COMMUTER) STATUS

Students wishing to live off-campus or participating in an off-campus study program must submit a Notification of Off-Campus Address form to the Dean of Students.

CHANGING OF RESIDENCY STATUS FROM RESIDENT TO NONRESIDENT (COMMUTER)

A student who is assigned to housing currently or for the upcoming academic year may request to cancel his or her housing assignment by submitting a Housing Cancellation Application. Current resident students who chose to live off-campus, participate in an off-campus study program, or withdraw from the College must submit a Housing Cancellation Application in order to be removed from the housing system AND submit a *Notification of Off-Campus Address* to the Dean of Students.

CHECK-OUT PROCEDURES

In order to properly check out of a room during an academic term, the student must:

1. Set up an appointment with his/her Residence Life staff member to inspect the room.

2. Pack all personal belongings and remove them from the residence hall and campus.
3. Meet with the Residence Life staff member at the scheduled appointment time.
4. Complete the check-out portion of the Room Inspection Form (RIF).
5. Turn in the key to the room.
6. Vacate the residence hall (including removing all personal belongings) by the deadline designated by the Office of Residence Life.

Any room and board charges/refunds will be determined by the policies in the *Lake Forest College Catalog*. Any other charges/fines upon checking out of the residence halls will be determined by policies in this *Student Handbook* and as outlined above.

CHANGING OF RESIDENCY STATUS FROM NONRESIDENT (COMMUTER) TO RESIDENT

During the academic year, nonresident/commuter students who wish to move onto campus and live in campus housing for the current academic year must submit a Housing Application to the Office of Residence Life. Students who wish to live on campus for the following academic year must participate in the Room Selection process that takes place in the spring semester.

REMOVAL FROM HOUSING—DISCIPLINARY SANCTION, ACADEMIC SUSPENSION, OR DISMISSAL

A student who is required to vacate housing as part of a disciplinary sanction, academic suspension, or dismissal must do so before the deadline given in a notice by the Dean of Students or the Director of Residence Life. Once the notice has been issued, the Office of Residence Life will contact a Resident Assistant or Residence Director to inform them that a move-out is required.

The student must:

1. Schedule an appointment with a Residence Life staff member to inspect the room.
 2. Pack all personal belongings and remove them from the residence hall and campus property.
 3. Meet with the Residence Life staff member at the scheduled appointment time.
 4. Complete the check-out portion of the Room Inspection Form (RIF).

The Residence Life staff member will go to the room and check for belongings. If there is no one in the room at the time of verification, the Residence Life staff member will enter to verify that the student has removed his/her belongings from the room. If the room is not vacated:
 - a. The Residence Life staff member will notify the Assistant Director immediately.
 - b. The Assistant Director will notify the Dean of Students immediately.
 - c. The Assistant Director will contact a Public Safety officer to locate the student at his/her room or on campus.

Summer Housing

ELIGIBILITY FOR SUMMER HOUSING

Summer housing applicants will be assigned to housing on a space-available basis in the following order:

1. Richter Scholars
2. Students registered for Summer Session I or Summer Session II and are returning to Lake Forest College in the fall or completing work for graduation during the summer.
3. Students working on campus for a minimum of 25 hours per week

Because of the short time between the end of Commencement and the beginning of Summer Session I, rooms may not be in a "clean/ready" condition at the time of check-in for residents for Summer Session I. Accepted residents for Summer Session I will check in to Summer Housing on the Monday following Commencement, when current on-campus residents move to their summer session rooms.

Students with significant disciplinary records are ineligible for summer housing. Summer Housing Applications are available in the Office of Residence Life in early April and are due prior to finals week. Late applications will be accepted as space is available. The cost of summer housing is determined in the spring by the Business Office, and a receipt from the deposit must accompany the application. The deposit is refunded after the student checks out of the room for the summer, minus any damage or check-out fines or back rent owed. Summer residents must vacate the campus within 24 hours of termination of College employment or completion of classes.

SUMMER RENT DEPOSIT

A deposit of \$100 is required, paid at the Business Office, before applying for summer housing. A copy of the deposit receipt must be submitted with the Summer Housing Application. The deposit is refunded after the student checks out of the room for the summer, minus any damage or check-out fines or back rent owed. Summer residents must vacate the campus within 24 hours of termination of College employment or completion of classes. Proper check-out involves: (1) setting up an appointment with a Summer RA to complete the RIF, (2) returning the summer room key and signed RIF to the appropriate Residence Life staff member or Office of Residence Life, and (3) removing all belongings and vacating the premises. Upon proper and timely check-out, the student may pick up a summer deposit refund form from the Office of Residence Life during normal business hours to receive the returned deposit at the Business Office. Any fines or charges for damages will be subtracted from the deposit or charged to the student's account after check-out.

PAYMENT FOR SUMMER HOUSING

The fee for summer housing is established by the Business Office. Advanced payment in full or a payroll deduction plan is required. Students who are working on campus more than 25 hours per week are eligible for Aramark dining services during the summer.

DISCIPLINARY RECORDS AND SUMMER HOUSING

Students must be in good disciplinary standing to be eligible for summer housing. All College policies apply during Summer Sessions. Please be familiar with all College and Residence Hall policies as stated in the *Student Handbook*.

SUMMER RESIDENCE HALL USE AND DATES OF OCCUPANCY

Space is extremely limited during the summer. Occupancy during the summer is restricted to the dates of Summer Session I and Summer Session II. Two residence halls are used as summer housing for Lake Forest College students. All other residence halls are utilized by the Office of Summer Conferences and/or maintained by Facilities Management. There is no interim housing available to students. Students must meet the requirements for summer housing to be approved.

Damage Policy and Vandalism

"Damage" is any change in the condition of College-owned property occasioned by carelessness, accident, or intentional action on the part of students or their guests. At check-out the room is inspected and occupants will be charged for missing or damaged items. Damages within individual rooms will be charged only to the responsible student, if the individual responsible for damage can be identified. When the responsible student cannot be identified, those persons living or present in the area may be charged. Students are prohibited from repairing any damage.

"Common area damage" is any damage occasioned by carelessness, accident, or intentional action on the part of the students or their guests in a common area (lounge, hallway, stairwell, community bathroom, etc.). Common area damages will be charged to a designated floor, wing, or entire hall unless those responsible can be identified. After common area damage has been reported to Facilities Management, Residence Life, or the

Department of Public Safety, a "Damage Charge Notice" will be distributed in the residence hall. All residents will have the option to report information about the responsible party so that the collective community does not get charged. Residents also have the option to appeal the charges, given a stated deadline as posted on the Damage Charge Notice. All charges from common area damage will be posted on students' accounts at the end of the semester.

When possible, charges will be determined by the actual cost (material, labor, and overhead) of replacement or repair of the property damaged, when possible. The individual cost factors will be determined by information obtained from regular work orders used in carrying out the repairs. The cost may include material and labor obtained outside the College when Facilities Management determines that is appropriate. Standards of type and quality of repair are to be determined only by Facilities Management. Facilities Management will process resultant charges through its regular procedures. At the Director of Residence Life or designee's discretion, a Damage Review Committee (composed of representatives from Residence Life, Facilities Management, and The Department of Public Safety and a student appointed by the Executive Board of Student Government) may be convened. This committee will examine damage reports and consider any student appeals. The Damage Charge Notice will be generated with instructions that the individual(s) being charged may appeal to the Director of Residence Life or designee or the Damage Review Committee. Appeals must be submitted to the Director of Residence Life, the director's designee, or the Damage Review Committee before the stated deadline on the posted Damage Charge Notice. The Director of Residence Life, the designee, or Committee has the authority to cancel specific charges or to levy charges when investigation by the Committee, Residence Life, or The Department of Public Safety yields identification of the responsible parties. Final authority and responsibility for all matters pertaining to damage on campus rests with the Director of Residence Life or the director's designee. If there is no appeal or if the appeal is denied, the charges will be forwarded to the Business Office immediately or at the end of semester. After these charges have been posted, Common Area Damage charges may not be appealed.

Strong punitive steps will be taken when an individual or group causes damage in a common area/public area. If the individual is held responsible for the damage through the student conduct administration system, a punitive monetary amount will be added to the replacement cost of the item(s).

VANDALISM AND COLLECTIVE RESPONSIBILITY

Every member of our residential community is expected to ensure that all residents live in a safe, secure, and damage-free environment that is conducive to the goal of academic success. Vandalism is not tolerated, and the Office of Residence Life understands that a collective community of residents must work together to prevent fellow residents and their guests from causing vandalism. Likewise, in the event that vandalism occurs, it is the residence hall community's collective responsibility to ensure that those who are responsible for the damage are held accountable. Steps are taken when an individual or group causes damage in a common area / public area.

When vandalism or damage occurs in a specific residence hall, Damage Charge Notices are posted in the hall, notifying all residents of the incident. If no resident takes responsibility for the damage/vandalism, the cost for repair will be billed to the collective community. If a specific resident or group of residents is found responsible, that resident will be issued a Notice of Violation and referred for disciplinary action.

Liability and Renter's Insurance

If a student sustains a loss, the College is not liable for the replacement of such loss. The College is not responsible for theft or destruction of personal property. Lake Forest College does not provide insurance for personal belongings such as, but not limited to, bicycles, automobiles, televisions, stereos, computer equipment, and clothing. It is strongly recommended that valuables be covered by a homeowner's or renter's insurance policy. Students should work with their roommates to ensure the common protection of property. Room doors should be locked when the room is unoccupied. In the event of damage by fire, water, steam, the elements, or other agents that renders a room unfit for occupancy, the College reserves the right to reassign the student to alternate housing accommodations. The College shall not be liable, directly or indirectly, for loss of or damage to any article of personal property anywhere on the premises caused by fire, water, steam, the elements, insufficient heat, loss or surges of electricity, or the actions of third persons. The College is not responsible for loss or damage due to any situation beyond its control.

Residence Hall Community Involvement

RESIDENCE HALL PROGRAMS AND ACTIVITIES

The Residence Life staff, as well as the Gates Center for Leadership and Personal Growth, the Office of Intercultural Relations, the Wellness Center, and our several student organizations, offer many opportunities for students to participate in leadership, service learning, and governance across campus. The Residence Life staff offers programs and activities that address the needs of the each residence hall community. Residents are encouraged to take an active interest in the community life of their residence hall by assisting RAs in planning community-wide activities.

PARAPROFESSIONAL STAFF LEADERSHIP OPPORTUNITIES

RAs work with other students and other residence hall staff members to facilitate and develop a community environment within the residence hall that contributes to the intellectual, social, and cultural growth of residents and meets their educational, social, and safety needs. The RA upholds and presents the philosophy and policies of Lake Forest College. Additionally, the RA acts as a liaison between residents and College administrators. RAs strive to develop an inclusive, creative, and dynamic community that engages students in the pursuit of intellectual and artistic excellence, fosters personal and professional development, and provides opportunities to explore and realize their individual potentials. Applications for RA positions are available at the end of the fall semester and beginning of the spring semester, or as positions become available.

Community Room Reservations

Community rooms in Lois Durand Hall (1st Floor Lounge), Nollen Hall (3rd Floor Community Room), Deerpath Hall (Abbott Common Room and T.V. Lounge), Blackstone Hall (Basement Lounge), Moore Hall (1st Floor Lounge), and Cleveland-Young International Center (1st Floor Lounge and Kitchen) may be reserved through the Office of Residence Life.

Residence Hall Policies

ANIMALS/PETS

- Pets (including fish) are strictly prohibited in all resident rooms or other residence hall public areas. Residents found in violation of this policy will be fined \$50 per day of violation. Immediate removal of the pet to an off-campus location is required. Animal Control officials will be contacted if the animal is not removed immediately. Violators will also be subject to disciplinary action.

- Sitting, standing on, climbing, or hanging from a balcony, railing, or roof is prohibited.
- Clothing, bikes, banners, or signs may not be hung from balconies, roofs, stairwells, and/or windows.

CLEANLINESS

Residents are expected to maintain their rooms, suites, or apartments in a clean and sanitary manner.

- Trash must be placed in designated bins/dumpsters and may not be left in hallways and/or on balconies. A \$25 fine will be assessed per trash violation for trash found in unauthorized areas (including bags of personal trash found in common area trash cans). Common Area Damage policies apply in these situations.
- In preparation for winter break and summer sessions, all trash, including perishable items in refrigerators, must be removed from resident rooms at the end of each semester.

COMMON AREA RESPONSIBILITY

Residents in the residence halls are jointly responsible for the care of common areas and residence hall property. Common areas are defined as those areas available for the use of all residents living in an apartment, wing/side, floor, or hall. Fines for damages (e.g., trash, littering, and vandalism) to common areas and property will be assessed and divided among residents of the community if the responsible person is not identified. The minimum fine or charge assessed will be \$5 per resident.

DECORATIONS

Residents are encouraged to decorate their rooms in a manner of their choosing. All decorations must be removed at check-out. The following are guidelines to consider:

- Lofts and bunk beds are allowed in the residence halls only if they are freestanding. They cannot be drilled, nailed, screwed, or attached to the walls, ceiling, or floor in any hall. - Decorations on the outside of room doors are encouraged but should be posted with consideration for community standards. Hallways and other public spaces are considered to be semi-private areas. As such, residents are advised to balance their own desires for free expression with the community's sense of decorum and propriety. If a resident is asked to remove something that has been deemed offensive from the outside of a door—by residents, Residence Life staff, or any other member of the College community—he or she is expected to comply. On the other hand, residents have a right to post decorations on their door without the fear of unwarranted interference or vandalism of any sort. Defacing a resident's door or door decorations is prohibited.
- Do not place room furniture in foyers, hallways, or on balconies. Common area furniture is to remain in common areas. Residents found with common area furniture in their rooms will be subject to disciplinary action and be fined \$50 per item removed from the lounge. - Tampering with or vandalizing elevators is prohibited.
- The use of elevators during general evacuation in a fire or severe weather emergency is prohibited.

In the event of continued misuse, the elevators may be deactivated for a period of time to be determined by Residence Life staff.

FIRE SAFETY

- In case of a fire alarm, all residents must evacuate the building immediately and report to the location designated by Residence Life Staff. Residents are not to re-enter the building until instructed to do so by the Fire Department, a Public Safety Officer, or a member of the Residence Life staff. Residents refusing/failing to evacuate or return to the building before they are told to do so will be subject to disciplinary action and a \$150 fine.
- Tampering with fire safety equipment (e.g., fire extinguishers, smoke detectors, sprinkler heads, fire evacuation stickers) is prohibited and will result in a \$100 fine and disciplinary action.
- The mishandling of fire extinguishers and fire alarms is prohibited. The inappropriate discharge of a fire extinguisher will result in a \$100 fine plus refilling costs in addition to disciplinary action. Sounding a false fire alarm is a felony and will be treated as such. Additionally, a \$500 fine will be charged.
- Covering or disconnecting smoke detectors is prohibited. A \$50 fine will be assessed for each disabled smoke detector, in addition to the cost of repair or reconnection.

Residents must return keys immediately upon check-out or reassignment and sign the appropriate key envelope. Residents must report any lost or stolen keys to the Residence Director.

- Residents may not borrow keys from each other or loan keys to anyone.
- All keys issued to residents are the property of Lake Forest College and may not be duplicated.
- Unauthorized possession of keys will result in the confiscation of the key and possible restriction of the individual from the building.
- A resident who requests access to his/her room by a Residence Life staff member or Public Safety Officer for a lock-out will be assessed a \$5 charge. This fine will be posted on the resident's account and must be paid to the Business Office, North Hall.

- All posters, flyers, and banners must be approved by the Office of Residence Life. Each flyer must be stamped by the Office of Residence Life. Flyers (11 copies) may be submitted to the Office of Residence Life at Ravine Lodge for approval and for posting by the residence hall staff. - Posters, flyers, or banners may not be placed on any exit doors, fire doors, or windows.
- Only one flyer will be posted in each residence hall.

PROPPED DOORS

- To ensure the safety and security of all residents, propping or otherwise interfering with the closure of any exterior door is prohibited.
- Exterior doors must be kept closed and locked at all times. Propping doors will result in a \$50 fine to the responsible resident. Residents of hallways or buildings with consistently propped doors will be charged as a community and fined collectively.

SOLICITATION

Soliciting of funds, commercial advertising, or sales and distribution of commercial items in the residence halls must be approved in advance by the Office of Residence Life. Generally, soliciting must be sponsored by a College-recognized organization, and individuals engaged in the solicitation must be current students.

VANDALISM/DAMAGES

Upon noticing a maintenance concern in a room/apartment, it is the responsibility of the resident(s) to report the concern to a member of Residence Life staff immediately. Failure to report a maintenance concern that results in unnecessary damage will be considered defacement to College property.

VISITATION/GUEST/HOSTING POLICY

All guests must have a Guest Identification Card (Guest ID Card). These are available either from the Residence Life staff or from the Department of Public Safety. Guests may share resident facilities for periods up to 72 hours per month. Any guest not having a Guest ID Card is subject to arrest for trespassing. Any resident hosting a guest without a Guest ID Card is subject to disciplinary action. Residents are responsible for the behavior of their guests at all times. You and your roommate(s) must agree to all visitations.

- Residents are not permitted to share, sublease, or allow the use of any assigned space to another person.

- At any time, disruptive guests may be asked to leave the building or leave campus. Failure to do so will result in disciplinary action for the guest as well as the host and the possible issuance of a trespass notice.
- Residents are responsible for the behavior of their guests at all times. This includes any and all Lake Forest College students who are present in the room.
- Residents must use their keys and/or identification cards to enter the building.
- Guests are to be met at the door by the resident they are visiting.
- Guests are expected to abide by the same College and residence hall policies as the residents. Should a violation occur, the host of the guest will be held accountable, disciplinary action may be taken, the guest may be asked to leave, and a trespass notice may be issued.
- After they have officially checked out of their rooms, students may not remain on campus as guests of other students who have not yet checked out.

WINDOWS AND SCREENS

- Windows may not be used as an entrance or exit to rooms.
- Signs, pictures, banners, empty bottles, and similar objects may not be displayed in windows so that they block or impede access, exit, or view to the room in case of emergency. This is to ensure the health and safety of residents and rescue personnel.
- The removal or vandalism of window screens is prohibited. There will be a \$50 fine for removing a window screen. Replacement of damaged or missing screens will be at the expense of the resident.

Fire Safety

***** TO REPORT A FIRE, CALL 911. *****

Fire safety is of paramount importance to everyone in the College community. In order to adequately safeguard lives, when there is a fire alarm all individuals are required to evacuate the building, closing room doors on the way out. Failure to evacuate will result in a \$150 fine. Once outside, all individuals must move to an area designated by Residence Life staff. All fire alarms are presumed to be real. In the event of smoke or fire, immediately sound the nearest fire alarm to alert and evacuate other residents. Dial 911 or call the Department of Public Safety at ext. 5555, and give your name, building, and specific information about the fire. If you are in a room and the fire alarm has sounded, do not open the door until you check for smoke around the cracks and feel the surface of the door. If it is hot, do not open it. Seal up the cracks around the door with sheets or towels. Open the window slightly. If the door seems cool, open it cautiously and proceed rapidly to a clear exit, closing all doors behind you.

All residents must leave the building immediately. Residents are not to re-enter the building until instructed to do so by the Fire Department, a Public Safety Officer or a member of Residence Life staff. Residents who refuse or fail to vacate, or returning to the building before they are told to do so will be issued a Notice of Violation and subject to disciplinary action.

In compliance with all local and state fire ordinances, all residents should be aware of the following safety guidelines:

ROOM DECORATIONS

Tapestries should be set against the wall and well away from all outlets. Room furnishings must not impede quick access to corridors from the sleeping areas, especially in the quad rooms in Gregory, McClure, and Roberts. Fire retardant sprays are suggested for all wall coverings.

APPLIANCES

Appliance use in student rooms should be regulated by common sense. Residents are warned against overloading the electrical circuits in their rooms. Students may not splice into the electric wiring for any reason. Each room carries a load of three to seven amps. A stereo, television, and refrigerator each draw approximately two amps. Rooms are not wired to permit the use of large electrical appliances. Residents should unplug appliances after use. Be sure to use appliances in open areas free from combustible items (e.g., paper, curtains, or clothes). *Microfridges* are only allowed in Deerpath, Cleveland-Young, Harlan, Blackstone and Nollen. Freestanding microwaves are not allowed in any residence halls.

SMOKE DETECTORS

Smoke detectors are furnished in each residence room and must not be tampered with or disconnected. Covering or disconnecting smoke detectors is prohibited. \$50 fine will be assessed for each disabled smoke detector, in addition to the cost of repair or reconnection. Additional smoke detectors and approved extension cords are available at local hardware stores.

PROHIBITED ITEMS

The following are prohibited in student residences:

1. Storage of flammable materials (including charcoal and lighter fluids)
2. Storage of newspapers in large quantities
3. Storage of motor-driven vehicles
4. Storage that impedes access to rooms
5. Live cut trees
6. Storage of/discharging of fireworks
7. Halogen lamps
8. Candles (even for decoration), incense, and potpourri burners

FALSE ALARMS OR TAMPERING WITH FIRE SAFETY EQUIPMENT

False alarms or tampering with fire safety equipment violates Illinois law and will be severely dealt with by the Conduct Board and/or civil authority. Tampering with fire safety equipment (e.g., fire extinguishers, smoke detectors, sprinkler heads, fire evacuation stickers) is prohibited and will result in a minimum \$100 fine and disciplinary action. The mishandling of fire extinguishers and fire alarms is prohibited. The inappropriate discharge of a fire extinguisher will result in a \$100 fine plus refilling costs in addition to disciplinary action. Sounding a false fire alarm is a felony and will be treated as such. Additionally, a \$500 fine will be charged

Individuals mishandling safety equipment will be dealt with severely and be issued the following fines:

Fire Extinguisher Glass	\$100
Fire Extinguisher (Shot Off)	\$100
Missing Fire Extinguisher	\$150
Exit Light (No Glass)	\$100
Exit Light Glass	\$25
Refilling Fire Extinguisher	\$150
False Fire Alarm	\$500
Disconnected/Covered Smoke Detector	\$50

Smoking \$50
Candles/Incense Possession/Use \$25 per candle, per incident

FIRE ESCAPES AND FIRE DOORS

Fire escapes and fire doors are to be used only when the alarm sounds. Use of fire escapes or fire doors is strictly prohibited at all other times.

BALCONIES

In order to allow safe passage, balconies on Gregory, McClure, and Roberts halls must be kept clear of furniture, trash, bikes, and all other items. Balconies may not be used as an extension of student rooms to accommodate gatherings. Students who fail to comply with balcony fire safety policies will be referred for a conduct violation.

STAIRWELLS AND HALLWAYS

Stairwells and hallways should not be blocked at any time; this includes, but is not limited to, trash, boxes, bicycles. Stairwell doors may not be propped.

AUTOMATIC SPRINKLER SYSTEMS

Some of our residence halls are equipped with automatic sprinkler systems. These systems are effective, secure, and designed to only react to heat. Tampering with the individual sprinkler heads, such as knocking it or hanging something on it, can cause the sprinkler head to discharge water. In the event that a sprinkler head discharges as a result of tampering, the student may be held responsible for any and all costs associated with damage to personal and College property and any resulting costs associated with the ensuing clean-up.

COMMUNITY STANDARDS AND STUDENT CONDUCT

The administration of the student conduct system is handled by the Office of Student Affairs, which responds when students are believed to have violated the College's community standards of honesty, civility, and respect. The system is designed to help students develop into informed, engaged, principled, and respectful members of the College community. We foster students' ethical development and personal integrity and promote an environment that balances individual needs and desires against those of the community at large.

Senior Officer

The Senior Conduct Officer is the Dean of Students, who oversees the day-to-day operation of the non-academic disciplinary process and considers appeals of disciplinary action taken by the administrative hearing officer, senior hearing officer or Conduct Board.

Administrative Hearing Officers

Administrative hearing officers conduct administrative hearings for violations of College policy.

The senior hearing officer is the Associate Dean of Students for Student Conduct Administration (ADSCA). The remaining administrative hearing officers are the professional staff of the Office of Residence Life. In extraordinary circumstances the Dean of Students may act as a hearing officer, in which case the President of the College will be the appeals officer for that case.

Jurisdiction

Authority to discipline students originates from the Board of Trustees and the President of the College. This authority has been delegated through the Dean of Students to the Associate Dean of Students, who administers all non-academic disciplinary processes.

Disciplinary Process

Incident reports are used to document occurrences in which there has been a possible violation of College policies and can be written by any member of the Lake Forest College community. Once complete, incident reports are reviewed by the ADSCA. If a student is suspected of violating community standards, the student is assigned to a hearing officer and a Notice of Alleged Violation (NOAV) is sent via email to the student's Lake Forest College email account. The NOAV is not a finding of responsibility, nor is it a sanction; rather, its purpose is to inform a student that a violation of community standards may have occurred and is under investigation.

A student who receives a NOAV must schedule a meeting with the administrative hearing officer as instructed in the NOAV. If a student fails to schedule a meeting with the hearing officer, the officer may hear the case in the student's absence, based on the information available at the time.

Administrative Hearing

In circumstances in which the facts are clear and/or the student has admitted responsibility for the violation, an administrative hearing may take place. The administrative hearing includes only the student and a hearing officer. At the administrative hearing, the hearing officer and the student jointly review all reports, discuss the incident in question, and determine responsibility, if possible. If necessary, the hearing officer may take additional time to determine whether or not the student was responsible for the violation(s) and assign sanction(s). If the evidence clearly supports the allegation, the hearing officer will find the student responsible and assign a sanction.

Conduct Board Hearing

When the facts are not clear, the incident reports do not correspond with the respondent's recollection of the incident, and the respondent does not wish to accept responsibility for the violation(s), the case may be referred for a Conduct Board Hearing. A Conduct Board Hearing involves the student, the Conduct Board (faculty, staff, students and the procedural advisor), the student's advisor, and witnesses (both for the respondent and for the College).

Respondent's Rights

Whether being heard by the hearing officer or the Conduct Board, the respondent shall have the right to:

- obtain assistance from the Dean of Students whenever the complainant is advised to consult local officials;
- see a written violation charge against him/her prior to the hearing and a written notice of the time and place of the hearing;
- review all reports and the text of statements made by witnesses and/or victims;
- when the facts are not clear and the student denies responsibility, be afforded 24 hours to choose between an Administrative Hearing and Conduct Board;
- have the right to a hearing within 14 business days, when possible.

In the case of Conduct Board hearings, the respondent shall have additional rights. They are to:

- have a pre-hearing conference with the ADSCA;
- testify and present evidence, present a reasonable number of witnesses, and have an opportunity to indirectly question witnesses (through the Conduct Board chair);
- have an advisor (who must be a member of the College community and may not be acting as the respondent's attorney in any external proceedings) present at the hearing at all times while the respondent is before the Conduct Board. The advisor provides procedural advice and moral support to the respondent, but does not speak for or on behalf of the respondent during the hearing.
- present letters of support from up to two character witnesses, which, if the respondent is found responsible, will be presented to the Conduct Board before sanctioning.

The respondent **must** inform the ADSCA of his or her advisor and all witnesses no later than 24 hours in advance of the hearing; failure to do so may prohibit their participation in the hearing.

Victim's Rights

In all cases, violation charges are brought by the College, and in many cases, the College is the only identifiable "victim" of an alleged offense. However, there are cases in which there is an identifiable "victim" other than the College. When the senior hearing officer determines that a victim can be identified, the victim shall have the right to:

- be present to hear all information provided to the hearing officer or Conduct Board, indirectly question (through the hearing officer or chair of the Conduct Board) witnesses, and may be accompanied by an advocate who may confer with and assist the victim but may not speak for him or her. The advocate may be any member of the College community who is not an attorney.
- learn the outcome of the case.
- make a victim impact statement that will become part of the case record to be reviewed by the hearing officer or Conduct Board in any decision or sanction and by the appeals officer when considering an appeal.

- request separate hearing rooms (connected electronically) in order to allow full participation of the parties while at the same time avoiding undue embarrassment or intimidation.

Conduct Board

The Conduct Board is composed of students, faculty, staff, and the ADSCA, who is a nonvoting member of the Board, and is not present for deliberations. The chair of Conduct Board is a student elected by the entire Board, including alternates.

Five voting members constitute a quorum, and may be any combination of those eligible to serve. A member of the Board may ask not to serve for a particular hearing for reasons of possible conflict of interest.

CONDUCT BOARD HEARING PROCEDURES

1. After introductions are made, the chair reads the alleged violation to the respondent and asks the respondent whether he or she accepts responsibility for any of the charges.
2. The respondent describes the incident and answers questions from the Board.
3. The College witnesses describe the incident and answer questions from the Board and the respondent.
4. The respondent's witnesses describe the incident and answer questions from the Board and the respondent.
5. If necessary, witnesses may be recalled so that final questions can be asked by the Board.
6. The respondent is given the opportunity to make a summary statement.
7. If there is an identifiable victim other than the College, he or she will be given an opportunity to make a victim impact statement.
8. The hearing is concluded and the Board begins closed deliberations.
9. Deliberations conclude and if the respondent is found not responsible, the hearing is concluded. If the respondent is found responsible (at least three members of the Conduct Board must vote to find the respondent responsible), the Board reviews the previous conduct of the student and any written Character Witness statements (up to two) and decides on the sanctions to be applied.
10. The chair of the Board informs the Procedural Advisor of the Board's decision.
11. The Conduct Board and the Procedural Advisor meet with the respondent and advisor to inform them of the outcome of the hearing.

The respondent may pick up a letter detailing the findings of the Conduct Board after 12:00 noon the business day following the hearing at the Dean of Students' office, Rosemary House.

POLICIES GOVERNING CONDUCT BOARD HEARINGS

- The respondent may not have contact with any witnesses named in the incident report prior to the hearing.
- The Conduct Board may call any member of the College community, as well as any other person, as a witness. If a student witness fails to appear, the Conduct Board may impose a sanction. For faculty and staff witnesses who fail to appear, sanctions up to Letters of Censure may be recommended.

- All witnesses, respondents, and Conduct Board members are expected to keep all proceedings confidential.
- The Conduct Board has the authority to reduce and/or redefine a violation charge after it is given by the Conduct Board Procedural Advisor or a hearing officer.
- Conduct Board Hearings are closed; an audiotape of the proceedings shall be retained for appeal purposes.
- A person who serves as a witness may not serve in any other capacity during the hearing. A witness is a person who has personal knowledge of the incident at issue.
- Should any witness intentionally mislead the Board, a charge of Lying to a College Official will be applied and sanctions may result.

EVIDENCE

The Procedural Advisor will decide whether to admit evidence to Conduct Board. Evidence coming from an anonymous source or that is presented outside of the hearing will not be admitted. Generally, Conduct Board will agree to consider evidence that is relevant to the subject matter of the hearing and is fair and reliable under the circumstances of the case.

ADJUDICATORY STANDARD

The hearing officer or Conduct Board will determine whether the respondent is "responsible" or "not responsible" for the alleged violation(s). The respondent will be presumed "not responsible" until proven otherwise by a preponderance of the evidence. A preponderance of the evidence is reached when the hearing officer or Conduct Board concludes that it is more likely than not that the respondent is responsible for the violation as defined in the Student Handbook.

Summary Actions

When, in the judgment of the Dean of Students, or his/her designee, a student or organization's presence on campus constitutes a perceived threat of danger to the College community or to him- or herself, an immediate, or summary, suspension may be imposed. The senior judicial officer may take summary disciplinary action to ban, suspend, or otherwise constrain a student or organization pending a judicial hearing. In addition, the senior judicial officer may reassign a student to alternate housing and/or limit a student's access to designated residence halls or campus buildings on an interim basis. A summary action begins immediately upon notification by the senior judicial officer. Every attempt will be made to resolve the matter as soon as possible. Summary actions are not subject to appeal prior to the required formal hearing. Summary actions may be employed during any appeal process.

Good Samaritan Policy

Students who are aware of a medical or other emergency are obligated to call for help, even when the emergency may be linked to prohibited activities. When reporting a situation in which emergency medical help may be required when someone is severely intoxicated or is injured as a result of illegal or prohibited activities, students run no risk of penalty for themselves or the other students involved when they call for help. In such cases, students may be required to take advantage of educational or counseling opportunities, but no formal judicial action will be taken nor will there be a judicial record.

Code of Conduct

Because they are not in keeping with the educational mission of the College, the following Code of Conduct outlines behaviors are prohibited at the College. These rules are intended to provide general guidelines for conduct, and the listed violations should not be regarded as all-inclusive. The College will impose appropriate corrective action for other forms of

disruptive or inappropriate behavior and the examples we have cited do not replace sound judgment, common courtesy or generally accepted standards of behavior. In addition, the College will respond to violations of local, state and federal laws, where applicable. Repeat or multiple violations will result in more severe sanctions.

Each member of the Lake Forest College community enjoys the same basic rights and is expected to respect the rights of others. Those rights include, but are not limited to: 1) freedom from personal abuse and threats of violence, 2) access to all College services and opportunities, and 3) a supportive living environment that enables all to participate fully in the life of the College. As members of a diverse academic community dedicated to open and free inquiry, we also emphasize every member of our community's right to 1) express themselves freely, subject only to the conversation that may ensue, 2) organize their personal lives as they choose, and 3) act according to their own vision for success, as long as it does not violate responsibilities to others or the College and its environment. The College responds to alleged violations of our community standards through the student conduct process, which is administered by the Associate Dean of Students. What follows is a list of the kinds of conduct that the College considers to be in defiance of our standards. Any students believed to have violated these standards will be referred to the Associate Dean, who is the Senior Hearing Officer of the College. Students who are thusly referred are expected to cooperate with all inquiries and to take any sanctions seriously. Failure to do so could result in even more severe sanctions.

See also the *Residence Hall Policies*, *Fire Safety Policies*, and the *Student Handbook* for other standards that could result in violations. Any violation(s), or attempted violation(s), may be referred for consideration under the Student Code of Conduct. Repeat or multiple violations may result in more serious consideration. Additionally, these standards will be applied in circumstances where attempted violations have taken place.

VIOLATIONS INVOLVING ALCOHOL

Members of the Lake Forest College community are expected to abide by all laws regarding the possession, distribution, and/or use of alcohol on campus or at College-sponsored off-campus events. While college may be a time for exploration and self-discovery, involving alcohol is a risk. We expect students to make choices regarding alcohol in a manner that supports our values of responsible citizenship and mutual respect.

Individual – Individual choices around alcohol can be challenging, we support students making responsible decisions regarding alcohol use, but also have a duty to address violations including, but not limited to:

Underage possession/consumption (someone under the legal drinking age of 21) and/or

Open container (when a student carries, possesses, and/or drinks alcohol from a cup, can, bottle, or other container on which the seal has been broken, in public areas such as a hallway, balcony, parking lot, or lounge).

Community – The College acknowledges that some alcohol related behaviors and choices are more hazardous than others and could result in more significant harm to individuals and/or the community. The possibility of greater harm may also require a higher level of assistance from staff, such as Public Safety and Residence Life. As a result, violations of these standards require greater consideration. These violations include but are not limited to:

abuse (when a student drinking, intoxication, and/or other alcohol related behavior requires significant staff intervention, medical attention, and/or transport/admission to the hospital. Abuse can be demonstrated by a one-time incident or a series of events);

common container (when a student possesses, uses, purchases, distributes, and/or consumes alcohol from containers such as but not limited to kegs, punch bowls, or garbage cans. Use of such containers is frequently associated with attempts to consume large amounts of alcohol in a short period of time);

providing to/purchasing alcohol for underage persons (when a student who is 21 years of age or older assists an underage person in possessing alcohol)

drinking games (when a student participates in a game/activity where drinking alcohol is a component. This can include but not be limited to beer-die, beer-pong, century-club, etc.);

paraphernalia (when a student possesses, or uses. items demonstrated to enhance and/or speed the consumption of alcohol. This includes but is not limited to beer bongs);

public intoxication (when a student is found to be under the influence of alcohol or any other substance in a public area. This may be further demonstrated by intoxication and/or impairment that can lead to the injury of the student and/or a by-stander); and/or

alcohol-free hall (the College has designated Moore Wellness Hall as an alcohol-free residence, meaning no student can possess, consume, and/or otherwise exhibit behavior related to alcohol use in Moore regardless of age or assigned residence. That is, even if you are 21 or older, and/or do not live in Moore, you are expected to comply with the expectation that the Moore community is alcohol-free. It is important to the College to maintain this community in a manner that acknowledges individual choice to limit the role of alcohol in their College experience. Those found responsible for such a violation may be reassigned and/or restricted from Moore Hall).

VIOLATIONS INVOLVING DRUGS

Members of the Lake Forest College community are expected to abide by all laws regarding the possession, distribution, and/or use of drugs. This includes illegal drugs and the improper/unauthorized use of prescription medication.

Individual – Individuals who choose to use drugs are taking a significant risk, one that can quickly escalate to affect their community. As such, the College prohibits violations such as but not limited to:

use/possession (when a student possesses and/or uses illegal drugs, drugs that are not legally prescribed to him or her, and/or uses prescription drugs in excess or in a manner otherwise inconsistent with the prescription) and/or

paraphernalia (when a student possesses items that have been used to store and/or consume illegal drugs such as pipes, bongs, one-hitters, grinders, baggies with residue etc.).

Community – As indicated above, drugs are often hazardous and could result in significant harm to individuals. In circumstances where information may indicate an effort(s) to provide drugs to the community, such a possibility requires a distinct level of attention from staff, such as Public Safety and Residence Life or even off-campus resources such as the Lake Forest Police Department. As a result, violations of these standards require greater consideration. These violations include but are not limited to:

manufacture (when a student is found to have manufactured and/or attempted to manufacture illegal drugs or controlled substances. Furthermore, students in possession of items found to be used for manufacturing drugs such as plant lamps, chemicals, etc., may also be considered) and/or

distribution (when a student is found to have distributed, attempted to distribute and/or intends to distribute illegal drugs or drugs not legally prescribed to him or her. Distribution applies regardless of whether or not money and/or other considerations are exchanged. Furthermore, students in possession of large quantities of drugs and/or articles found to be used for distribution such as scales, baggies, etc., may also be considered).

VIOLATIONS AGAINST PROPERTY

Students are expected to treat the property of the community (e.g., buildings/facilities, grounds, College property, individual's property) with respect and care. Any actions that result in the damage, destruction, theft, and/or other such loss of property of any member of the community are prohibited. Whether the damage was intended or accidental, all members of the community bear a responsibility for the care and upkeep of the campus environment. When a student steps forward to take responsibility in the event of an accidental damage, it reflects positively. Similarly, when a student fails to hold themselves accountable it reflects poorly. The severity of violations against property, including but not limited to the following, will be determined by the College ...

Unauthorized use of property/services

Students are prohibited from attempting to and/or successfully possessing property that does not belong to them. Malicious or purposeful acts of destruction may receive special consideration for their harm to the community. Furthermore, student behavior under this description can include but not be limited to entering the Dining Hall without paying, allowing another student to use one's own ID, using a classmate's computer without permission, unauthorized possession of a master key, and/or otherwise using property or services without permission or in a manner not intended.

Damage to Property

It is prohibited for students to cause damage to property that does not belong to them, regardless of how large or small the damage may be. Additionally, careless or reckless acts that result in damage may also be considered a violation. Students are expected to notify College staff if they become aware of damage and/or maintenance concerns.

VIOLATIONS AGAINST PERSONS

The College strives to provide a campus community that is safe for all students, faculty, staff, and guests. Every effort should be made to assure that your behavior does not place you or any one else in jeopardy, or cause others to feel that their safety is threatened. By establishing the following community standards, the College seeks to create a campus environment that is as safe as possible. The severity of violations against persons will be determined by the College including but not limited to...

Verbal or other non-physical acts

The College recognizes that people can be harmed just as seriously by behavior that does not cause physical wounds but can result in mental/emotional distress. To that end students are prohibited from acting in any manner that causes another person to feel threatened, intimidated, and/or abused. Such conduct can be demonstrated in a single incident and/or repeated behavior.

Students are expected to treat each other with respect, even in circumstances where there may be significant differences of opinion or values. As such, students are prohibited from any conduct that is indicated as unwelcome, causes disruption, and/or otherwise deprives someone of equal access to the educational benefits, opportunities, and/or services of the College. Such behavior can be demonstrated by but not limited to acts occurring face-to-face, via computer systems (e.g., IM chat, email, Facebook), and/or via cell/telephone (e.g., voice mails, hang-up calls). Whenever students feel they are being abused, they are encouraged to (1) communicate clearly to the person(s) that they want the behavior to stop and/or (2) contact staff to get support and/or file a complaint.

Physical acts

Any behavior that results in the injury and/or possible risk of injury to any individual(s), including yourself, is prohibited. Such behavior includes but is not limited to hitting, pushing, and throwing objects from a balcony or window. Furthermore, students may not interfere with others' legitimate movement and access to campus resources. Regardless of the severity of any injury and/or intention to cause harm, behavior of this nature affecting a member of our community will always be treated seriously.

Hazing

Due to its special relevance to college students, hazing is differentiated from other descriptions of violations against persons. A student is responsible for Hazing when he or she takes any action and/or creates a situation on or off College premises which may produce mental or physical harm, discomfort, or abuse as part of any activity and/or event related to membership and/or participation in an organization. Organizations are defined as including but not limited to any recognized campus group such as an athletic team, Greek letter organization, service group, and/or special interest group. Making the activity "voluntary" does not override the possibility that it may constitute hazing. Furthermore, hazing will still exist even if the participant(s) "consent" to the activity. The drive and pressure to be considered part of the team or group can encourage students to place themselves at risk despite hesitation they may have about their personal safety. Such activities and situations that may constitute hazing include, but are not limited to, paddling in any form, causing excessive fatigue, administering physical or psychological shocks, engaging in humiliating games and activities, forced servitude (such as doing someone else's laundry, carrying their books, cleaning their room), engaging in late work sessions that interfere with academic goals, coerced drinking/eating, and/or any other activities that are not consistent with the mission of the College (please refer to the Policies and Procedures – Non-Academic section of this document for additional information).

Sexual Misconduct

Lake Forest College has a strong commitment to fostering a campus environment that supports the dignity and safety of all its members. Sexual misconduct can significantly disrupt the ability of an individual and/or group to maintain that sense of security and self-respect. The College encourages students to make healthy, responsible, and safe choices for themselves and their partner(s) should they choose to be sexually active.

Sexual assault is the forceable penetration (rape) or an act of sexual contact on the body of another person, male or female, without his/her consent and/or against the person's will. Sexual assault is any use of force, including, but not limited to, threats, tone of voice, physical force, weapons. Sexual assault also includes a sexual act directed against a person not forcibly or against the person's will where the person is incapable of giving consent (including but not limited to by reason of alcohol and drugs).

Behavior that constitutes sexual misconduct can occur through use of force, without appropriate consent, and/or when the victim is incapacitated, all of which are defined subsequently.

- **Force** – physical force, threats, intimidation, coercion, and/or other behavior that compels someone to submit to sexual activity against their will/consent.
- **Consent** – mutually understandable words or actions that indicate permission to sexual activity.
 - Silence does not indicate consent, nor does permitting one sexual behavior constitute consent to other sexual acts.
 - A lack of consent can also exist when a student knows (or has reason to believe) that she or he is positive for a sexually transmitted disease/infection. In such circumstances that student has an obligation to inform potential sexual partners of her or his condition before having sexual relations with that person. If the infected student fails to do this, then he or she may be endangering the health of another person. Unprotected, high-risk sexual activity is inherently unsafe. (adapted from Kenyon College).
 - Consent can also be an issue of age when the individual(s) involved are below the age of consent for the state of Illinois (17 years of age).
- **Incapacitation** – engaging in sexual activity that takes advantage of another person's incapacitation defined as helplessness and/or other inability to consent and/or appreciate the nature of the activity(s).
 - Additional consideration should be given in circumstances where the use of alcohol, drugs, and/or other substances may impair someone's ability to give consent and/or may render them incapacitated. Even if the use of alcohol and/or other substances is voluntary, such influences do not relieve individuals of their responsibility to themselves, their partner(s), and/or the community.

VIOLATIONS OF INTEGRITY & COMMUNITY RESPONSIBILITY

Students are members of the Lake Forest College community and are expected to be honest and responsible in their conduct. It is essential for our community to function that all our members' act in a manner that does not interfere with the rights and/or safety of other students. This includes but is not be limited to...

Dishonesty

- misrepresentation and/or falsification of materials such as fabrication or alteration of documents, records, and/or identification.
- attempting and/or actually possessing and/or using, through any means, information, records in a fraudulent and/or deceptive manner. This includes but is not limited to impersonating a College Official, misrepresenting or acting on behalf of another person, group, and/or the College without authorization or prior consent.

Disruption & Noise

- any behavior that infringes on the rights of others to access College facilities/services and/or disrupts the legitimate activities of the College.
- when a student disrupts the College community with excessive noise.

Complicity

Students who are present during and/or associated with a violation of community standards are expected to act in response to such matters. Their behavior should be such that it does not constitute permission or condone the violation. Students who find themselves in such circumstances should either remove themselves from the situation, confront the behavior and attempt to end the violation(s), or follow-up with the other student(s) at a more appropriate time, and/or contact appropriate staff to respond.

Students are not expected to intervene in any situation that may be unsafe for them to get involved. In situations where concerns about health and/or safety seem apparent, please contact Public Safety or other College staff to intervene. Students are reminded that they can request to remain anonymous if calling Public Safety to report a concern and there is an anonymous reporting form they can complete through Public Safety as well, should they not wish to be identified. Students should also inform themselves about the College's Good Samaritan policy found in the *Student Handbook*, which encourages students to come forward to report and get assistance for situations where health and safety are at risk.

Improper Hosting/Guests

Students are responsible for the actions and behavior of their guests. Guests can include Lake Forest College students who are present in a student room as well as non-student visitors. Students are also required to register all guests and retrieve a Guest ID for their non-student visitor(s). These passes are available at the Department of Public Safety or from an RA. Students may be held responsible when a student's guest(s) violates community standards, and/or when she or he hosts an event at which guests violate community standards.

COOPERATION WITH COMMUNITY STANDARDS

It is important that College staff be able to maintain order and address problematic situations with the cooperation of any student(s) present. This can include but not be limited to...

- failure to carry and/or present ID. All students are expected to carry their student ID at all times and present it upon request from any College Official. Guests must also be able to present some form of identification when requested. Guest ID cards are available at the Department of Public Safety or from an RA.
- failure to comply with a reasonable request of a College official acting in performance of her or his duties. This can include failing to vacate the area during an emergency, disregarding a direction to quiet down, not completing sanction(s) for a violation of community standards, fleeing after receiving a verbal and/or physical order to stop or remain in a certain location.
- providing false and/or misleading information, including false identification.

VIOLATIONS INVOLVING WEAPONS

Possession and/or use of weapons on campus is in direct violation of the educational mission of the College. Students may not have in their possession and/or control a weapon

in a building or upon grounds used for College-sponsored activities and/or events, or any College facility. Weapons include, but are not limited to:

- Guns, CO₂-powered, and/or other projectile weapons such as handguns, shotguns, pellet guns, BB guns, rifles, paint-ball guns, slingshots.
- Martial art weapons such as throwing stars, and nunchucks.
- Knives (*except standard pocket knives with a blade length of three inches or less*) and/or other edged weapons such as switchblades, knives, swords, spear guns, archery equipment.
- Impact weapons such as batons, blackjacks, asps.
- Mace, tasers or any other electronic stun devices, and non-working replica weapons that could be interpreted or believed to be actual weapons.
- Chemicals (*other than those being used legitimately for educational purposes*), ammunition, explosives, and/or fireworks of any type.

VIOLATIONS OF RULES, POLICIES, OR PROCEDURES

Students are also expected to be familiar with and abide by all residence hall, health and safety, academic, and other College policies. Residence hall standards apply to any student who is present in a College residential facility, not just on-campus residents. Information about residence hall policies can be found elsewhere in the Student Handbook.

VIOLATIONS OF STATE, FEDERAL, AND/OR LOCAL LAWS

Students are expected to adhere to state, federal, and local laws, both on and off campus.

- It is important to note that state law prohibits smoking in all facilities and buildings and in all outdoor dining areas. Anyone who wishes to smoke must do so outside, in designated smoking areas, at least 25 feet from the entrance of any building/facility.

VIOLATIONS THAT ADVERSELY AFFECT THE COLLEGE'S COMMUNITY INTEREST

Actions that violate the laws or policies outlined in the Code of Conduct and/or which substantially affect the interest of the College even if such actions do not occur on College property or at College-sponsored events.

Sanctions

It is the goal of the judicial process to teach not only why a certain behavior is unacceptable but also to prevent its recurrence and to repair any damage done. The following sanctions may be exercised when students or groups have been found in violation of community standards. The list is not inclusive or complete, and other sanctions may be imposed at the discretion of the appropriate hearing officer or the Conduct Board.

NOTE: REPEAT AND ADDITIONAL VIOLATIONS WILL RESULT IN MORE SEVERE SANCTIONS.

Warning: an official written notification that the student's behavior is in violation of community standards and a clarification of the behavior expected in the future.

Educational Project: an educational assignment, e.g., a research paper, personal journal, policy review, attendance at an educational program, or on-line course.

Behavioral Agreement: an agreement developed by the student and the hearing officer or Conduct Board that specifically outlines how the student will alter his or her behavior to maximize personal responsibility and awareness of community standards.

Fine/Restitution: financial or other types of restitution which seek to give back to the community what has been lost, removed, or damaged and/or to deter a recurrence of the behavior.

No Contact Order: a requirement that the student have no contact with another member of the College community.

Counseling Evaluation: at least two meetings with a campus counselor; students who receive this sanction are expected to follow the recommendations made by the counselor.

Disciplinary Probation: probation in which the student may continue enrollment and/or residence on campus only under conditions established by the hearing officer or Conduct Board. Disciplinary probation may disqualify students from participating in off-campus programs, athletics, or other privileges of college life. While a student is on disciplinary probation, any further violation of College policies will result in stricter sanctioning, which may include loss of privileges, suspension, or dismissal. Advisors and parents of dependent students may be notified when a student receives this sanction.

Loss of Privileges: includes, but is not limited to: prohibition from activities, areas on campus, or events for a specified period, loss of social, co-curricular, or academic privileges, or campus housing. Advisors and parents may be notified when a student receives this sanction.

Suspension*: involuntary separation from the College for a specified time or until conditions are met. Suspension shall be noted on the student's transcript. Asterisks shall be recorded where grades would otherwise be recorded. No refunds are available to students who are suspended. Students who are suspended may apply for re-admission to the College after the designated suspension period. Advisors and parents may be notified when a student receives this sanction.

Dismissal: permanent involuntary separation from the College with no option for re-admission. Dismissal shall have the same consequences on the transcript as suspension. No refunds are available to students who are dismissed. Advisors and parents may be notified when a student receives this sanction.

*Students on financial aid who are suspended should note that they are ineligible for aid reconsideration until after they have made up for credits lost. Eligibility would then be dependent on the availability of aid and applicant need.

Regardless of the sanctions, parents of dependent students may be informed when their son or daughter is found responsible for destructive or violent behavior toward persons or property, or when found responsible for other serious or recurring violations.

Students are not permitted to withdraw from the College in order to avoid the recording of a judicial sanction. No refunds are available to students who are removed from College housing, suspended, or dismissed. Students must clear financial obligations with the Business Office before transcripts will be released. Students who are suspended must apply for re-admission to the College, which is not guaranteed.

Appeals

THE RIGHT TO APPEAL

Any respondent may appeal the outcome of any administrative or Conduct Board hearing. Appeals should be directed as follows:

If the initial decision was made by:

- ResLife staff
- ADSCA

Appeals should go to:

Director of Residence Life
Dean of Students

- Conduct Board
- anyone, with a sanction of dismissal¹

Dean of Students
President of the College

A student who wishes to appeal a decision after failing to comply with the instructions on a NOAV can not be prevented from doing so; such appeals should be directed to the Associate Dean of Students for Student Conduct Administration (ADSCA). Such students, however, have the heavy burden of explaining why their appeals should be considered given their failure to comply with the instructions on the Notice.

GROUND'S FOR APPEAL

An appeal is intended to provide the student receiving the sanction an opportunity to point out any previously overlooked information or exceptional or unfair circumstances pertinent to the situation. It is neither a rehearing nor necessarily a review of the events presented at the original disciplinary hearing. The grounds on which an appeal can be made are:

1. to review the sanction in order to determine whether it was appropriate;
2. there is new information that was not available at the original hearing that could have affected the outcome;
3. the investigation or decision exhibited prejudice or other unfair treatment; or
4. the College's stated procedures were not followed.

PROCESS OF APPEAL

An appeal must be made in writing within five business days of the date of the original disciplinary decision. This letter will be the formal basis of appeal. The letter should state the grounds on which the appeal is based and what the student believes supports an appeal on those grounds. At the discretion of the appeals officer, the student may be requested to present his or her case in person. For appeals of Conduct Board decisions, the Dean of Students may review some or all of the audio tape of the original hearing before deciding on an appeal or consult with one or more members who made up the original Conduct Board.

EFFECT OF APPEAL

The student will receive a written decision on the appeal as soon as possible after receipt of the letter of appeal, but no later than 10 business days, barring exceptional circumstances. On appeals of nonacademic disciplinary actions the appeals officer has the authority to increase or decrease the sanction. At the discretion of the appeals officer, some or all of the sanctions may be suspended until the response to the appeal is made.

Disciplinary Records

The disciplinary files maintained by the College are strictly confidential, and no such information is cross-referenced in the official files of the College. Data contained in the disciplinary files are not disclosed outside of the College, unless the student requests this information be included on an Approved Program Leave application or except in those cases where a student is suspended or dismissed for disciplinary reasons, and then in the manner described below. Records of judicial action are destroyed upon graduation except in instances of suspension or dismissal. These remain as a permanent part of the student's records and are distinguished from similar action taken for academic reasons. In the case of voluntary separation from the College, disciplinary files are destroyed within five years of the date of separation.

Regular judicial reports that list violations and sanctions are available to the campus community through the Dean of Students' office and will be provided to the *Stentor* upon request.

¹Dismissal is suspension with no option for readmission.

Disciplinary Action for Off-Campus Behavior/Legal Proceedings Outside of the College

The College may sanction a student or group of students for wrongful activities that take place off-campus when those activities adversely affect important interests of the College. If such wrongful activities are violations of both public law and College policy, then external legal sanctions and College sanctions may both be pursued.

In particular:

The College may address misconduct that occurs outside of the campus where the behavior is a continuation of inappropriate conduct that occurred on campus, takes place at an off-campus College-sponsored function, is prejudicial to the public image or standing of the College in the community, or adversely affects the student's ability to participate effectively in the educational program.

The College may also address off-campus misconduct that poses a danger to others and/or to the perpetrator, involves acts of violence or threats of violence, or is a serious violation of state or federal criminal law. When addressing misconduct off campus, the College will follow the same procedures as those provided for on-campus violations of policy including the imposition of sanctions. The College will act immediately following notification that a violation has taken place unless circumstances force a delay.

The College is not a sanctuary from public law and does not promote or condone unlawful behavior. The College cooperates with law enforcement authorities in a manner consistent with its legal duties and the interests of the College community.

Students under prosecution for violation of public law may also be subject to College judicial proceedings, which are independent of those under public law. The College may take prompt action under its own procedures regardless of whether the public officials have disposed of the case or what disposition they make.

Students should be aware that while disciplinary hearings, both administrative and Conduct Board, are confidential, the records are subject to subpoena in the course of investigation and prosecution of a criminal or civil matter.

End of Term and Summer Procedure

Violations of College policies that occur between the last day of classes of one term semester (Fall/Spring) through the first day of classes of the next semester (Fall/Spring) shall be adjudicated by the Senior Hearing Officer. If the respondent denies responsibility for the violation, he or she may request a hearing by a special committee, consisting of two students and three members of the faculty or staff, which will be appointed by the ADSCA.

Student Organizations and Conduct

A student organization may be disciplined for a violation of community standards by an individual, whether or not the individual is a member of the organization, if the organization, or a substantial segment of it, authorizes, directs, or encourages the violation, or with reckless indifference does not make reasonable use of the organization's own influence and authority to prevent it.

Student organizations that violate community standards are bound to the same judicial procedures as individual students. Sanctions applied to a student organization may include but are not limited to loss of privileges, loss of funding, probation, suspension, and dismissal (revocation of recognition).

Violations Between Academic Sessions

Community standards apply during recess periods and/or while classes are not in session. Students are expected to uphold community standards while they are enrolled at the College, including between academic sessions.

CAMPUS INVOLVEMENT

Student Government

OVERVIEW

The first Lake Forest College student body self-governing organization was the Student Council, which was established in 1917. Between 1917 and 1969 the student self-governing organization took various forms, from the Student Association and Student Congress of the 1930s to the Community Government Association (CGA) of the 1960s. The current Student Government, established in 1972, is composed of the General Assembly (GA) and its subcommittees, the Executive Board, and the four Student Government officers: the President, Vice President, Treasurer, and Secretary. Student members of other College governance committees also play an active role in Student Government. In addition, campus organizations are supported by Student Government.

The Student Government Office is located in Stuart Commons and is open regularly Monday through Friday. Everyone is encouraged and welcome to stop by. Address any correspondence to Student Government or call 847-735-5212.

ELECTIONS AND APPOINTMENTS

Student Government officers and most campus organization leaders and governance committee members are elected or chosen in the spring. There are many ways to be involved in Student Government without running for an elective office. Throughout the year GA will post notices announcing various committee openings. GA provides applications for most organization positions. Petitions, when necessary, are to be signed by 25 full-time Lake Forest College students and are provided by the Office of Students Affairs. Only full-time Lake Forest College students are eligible to run for office. All candidates for student government officer positions must have a cumulative 2.0 GPA the semester prior to their election. Additionally, any student wishing to be on the ballot for elections to campus governance committees must meet this GPA requirement. Finally, all leaders of student organizations, editors-in-chief, varsity team captains, and presidents of Greek organizations must have a minimum cumulative GPA of 2.0 in the semester prior to their election or appointment and for any subsequent semester during which they serve as chief officer.

MINUTES

Minutes are posted on MyForester and on the bulletin board outside the Student Government office in Stuart Commons. Anyone interested in receiving minutes for any of the College Governance committees should contact the secretary of Student Government.

Activity Fee Funding and Guidelines

The activity fee is determined by the Administration of the College in consultation with Student Government and is collected by the Administration as a part of the general fee structure of the College; failure to pay the fee results in a suspension of the student's registration at the College. The College allocates the fee to Student Government once a year. Recommendations for the disbursement of these funds are made by Student Government, and the Dean of Students must approve the budget before any expenditures may be made. The administration reserves the right to withhold funds already collected if the Student Government should cease to exist or if procedures are not adequately enforced. The administration also reserves the right to revise the fee or to cancel it entirely for a given year if it is determined that established priorities are not being met and/or procedures are being violated, or if it is in the best interest of the College. A review may be held at any time at the request of either Student Government or the Administration and will be held each year no later than February (prior to the determination of the College's budget); such

reviews are to be undertaken by the College Life Committee, which shall report its findings to the Dean of Students.

PRIORITIES

The Activity Fee shall be distributed in recognition of the following priorities:

- a. Maintenance of a representative Student Government;
- b. Encouragement of responsible Student Government through procedures that recognize and reflect individual expressions of funding priorities;
- c. Maintenance of an effective, community-wide communication system on campus (for example, The *Stentor*, WMXM);
- d. Support of a comprehensive program of community-wide cultural activities;
- e. Encouragement and support of a residence hall program;
- f. Encouragement and support of subgroups within the total community that contribute to the strength and diversity of the entire community.

POLICIES AND PROCEDURES

- a. The Budget of the Student Government shall be set annually by the Government in the spring of each year.
- b. All accounts of Student Government will be maintained within the College's accounting system and will be subject to semiannual review by the College's Business Office.
- c. All programs, events, publications, etc., supported by the Activity Fee shall be open equally to all members of the College community.
- d. All expenditures must be in compliance with civil law and College rules.
- e. Neither Student Government nor organizations granted "economic autonomy" may engage in deficit spending.
- f. No Activity Fee funds may be used to purchase alcoholic beverages.

Students and the Board of Trustees

Ultimate responsibility for running Lake Forest College rests with the Board of Trustees, whose members serve voluntarily. Through standing committees and task forces, the Board oversees the annual operation of the College and makes long-range planning decisions. Two students, the GA President and Vice President, serve as ex officio members on the full Board, but do not vote. The standing committees of the Board of Trustees on which students serve are composed as follows:

- two students recommended to the President at the beginning of the school year by the Executive Board of Student Government,
- one alumni representative from the Alumni Association Board,
- two faculty members appointed by the President,
- an officer or staff assistant of the College appointed by the President to serve as ex officio Secretary of the committees, and
- trustees appointed by the Chairperson of the Board of Trustees.

The committees with student membership and their functions are outlined below.

Academic Affairs Committee - recommends educational policies, faculty appointments, promotions and salaries, and candidates for honorary degrees.

Athletics Committee - establishes College policies concerning intercollegiate athletics, evaluates program objectives, and reviews budgets, personnel, and plant needs of the Athletic Department.

Budget and Audit Committee - recommends fiscal policy, sale of off-campus real estate, and selection of auditors. It deals with the College budget, tuition, and an examination of the College's insurance coverage.

Property and Operations Committee - recommends policies for the administration of campus grounds and buildings.

Student Affairs Committee - makes recommendations to the full Board of Trustees on student life and welfare.

The full Board holds at least four regular annual meetings. Standing committees usually meet just prior to each full Board meeting, although some, such as the Budget and Audit Committee, meet more often.

Student members are links between the student body and the Board; it is their responsibility to keep each group advised of the other group's policies, problems, and viewpoints.

Residence Hall Programs and Activities

The Residence Life staff, as well as the Gates Center, the Office of Intercultural Relations, and many student organizations, offer many opportunities for students to participate in leadership, service learning, and governance across campus. The Residence Life staff offers programs and activities that address the needs of the each residence hall community. Residents are encouraged to take an active interest in the community life of their residence halls by assisting Resident Advisors (RAs) in planning community-wide activities.

HALL COUNCIL

The Hall Council is composed of residents from the hall who get together to plan community activities and discuss residential issues for that hall. At the beginning of the fall semester, Student Government conducts elections for student government representatives from each residence hall. Each residence hall has between one and three elected representatives. One of the representatives serves as the Hall Council President who convenes the Hall Council on a regular basis to discuss hall issues and plan hall-wide activities.

RESIDENCE LIFE ADVISORY COUNCIL

The purpose of the Residence Life Advisory Council (RLAC) is to advise the Director of Residence Life with regard to the direction of the Residence Life program, as well as to serve as a representative group that discusses residential issues at the College and makes suggestions for additional programming, new initiatives, and policymaking. The RLAC is a committee consisting of faculty, staff, hall council presidents, and RA representatives. The RLAC has discussed such topics as theme housing (e.g., Deerpath Academic Theme Suites, Cleveland-Young, and Blackstone), community development in the residence halls, faculty-in-residence programs, the Room Selection process, and the collection of quantitative and qualitative data to understand the residential experience.

Student Organizations

All organizations are required to have an advisor. The advisor must be a member of the Lake Forest College faculty or staff. Advisor responsibilities can be found online at the Gates Center website. If the advisor is unable to fulfill the role of advisor adequately, the organization must identify a new advisor before the beginning of the subsequent semester (fall or spring). In order to change advisors, the student organization should first contact the Gates Center.

Student organizations are required to turn in an electronic membership roster to the Gates Center each semester. The roster must include a contact list of active members, officers, and the on-campus advisor. The roster for each semester is available on the Gates Center website, and will be due on the first Monday of October for the fall semester and on the first Monday of March for the spring semester.

POLICIES AND PROCEDURES – NON-ACADEMIC

All Lake Forest College students are expected to check their campus mailbox, their lakeforest.edu email account, *and* the MyForester intranet portal on a regular basis. Failure to regularly check any of these important sites of campus communication is not a valid reason for being unaware of College policies or procedures, or of one's academic, financial, immigration, immunization, or judicial status at the College.

Alcohol Policy

The Lake Forest College policy on alcohol and other drugs exists within the context of local, state, and federal laws. These laws require that persons be 21 years of age or older to purchase, possess, or consume alcoholic beverages. In addition, individuals who misrepresent their age in order to purchase alcoholic beverages, or who sell or give alcoholic beverages to underage persons, are in violation of Illinois law. The College expects students to conform to these laws and to recognize that the campus is not exempt from the laws of the State of Illinois. This policy reflects not only the law but also larger issues stemming from the use and abuse of alcohol in the national culture.

1. Responsible Use of Alcohol

- a. Individuals: The unlawful possession, use, and/or distribution of alcohol is prohibited on College property or as part of any College activities. Persons under 21 years of age are prohibited from consuming or possessing alcoholic beverages. Persons 21 years of age or older may drink alcoholic beverages only in their private rooms or at registered events in accordance with the provisions below. Public intoxication is inconsistent with the educational purposes of the College and is therefore considered a violation of our community standards.
- b. Organizations: Student organizations that wish to serve alcoholic beverages at any campus location other than the Mohr Student Center are required to hire a third-party vendor that is approved by the Director of the Gates Center. Organizations sponsoring events at which beer and wine are served are responsible for monitoring their guests and assuring that they do not abuse alcohol. Further, they must adhere to all policies pertaining to the consumption of alcohol as outlined in the social event checklist available at the Gates Center. If organizations that sponsor social events with alcohol fail to exercise such responsibility they will be referred to the College's judicial system, which may result in sanctions.
- c. General restrictions: No kegs, party balls, or bulk containers of any kind are permitted anywhere on campus, with the exception of kegs provided by an approved third-party vendor at registered events. No drinking games of any sort are permitted on campus. No paraphernalia connected with drinking games—for example, beer bongs, funnels, or beer die tables—are permitted on campus. Any item of such paraphernalia found by campus officials will be confiscated and disposed of following the resolution of any judicial matters involving the item.

2. Locations Where Consumption of Alcohol by Students Is Permitted

Consumption of alcoholic beverages by students over the age of 21 is permitted in the Mohr Student Center when provided by a third-party vendor, in private rooms, in the Alumni Memorial Field House (the Ice Rink), in Stuart Commons, and in Glen Rowan House, as specified below.

a. Private Rooms

Students are responsible for their own conduct and that of their guests in private rooms. Students and their guests must be over the age of 21 to consume alcohol within private rooms. Room doors must be shut at all times when alcohol is being consumed. The occupants of the room and their guests will be subject to disciplinary action for excessive noise or overcrowding, as well as for any violations of this policy.

Balconies may not be used as an extension of a student's room for the purpose of hosting a private room party. A Public Safety officer or a member of the Residence Life staff will close private parties that spill onto balconies. Additionally, the hosts of the party will be issued a Notice of Alleged Violation for "improper hosting."

b. Ice Rink

With the approval of the Athletic Director, the Ice Rink may be used twice during the Spring semester for all-campus functions with alcohol. Only students with Lake Forest College IDs may attend, unless the Administration has specifically approved attendance by guests. Only students 21 years of age or older may be served alcoholic beverages, consistent with this policy, and they must be given bracelets to indicate that they are of legal drinking age. No alcoholic beverages other than beer and wine and wine may be served.

c. Stuart Commons - Gus and Margie Hart Dining Hall

The Gus and Margie Hart Dining Hall may be reserved for all-campus functions with alcohol through the Gates Center. Only students with Lake Forest College IDs may attend, unless the Administration has specifically approved attendance by guests. Any students 21 years of age or older must be given a bracelet or have their hands stamped to indicate that they are of legal drinking age. No alcoholic beverages other than beer and wine and wine may be served, with the exception of kegs provided by an approved third-party vendor at registered events.

3. Senior Parties

The senior class may schedule one on-campus party each year, restricted to seniors and their guests, at which alcoholic beverages other than beer and wine may be served by a third-party vendor. Students and their registered guests must be over the age of 21 to consume alcohol at senior parties.

4. Athletics: Varsity, Junior Varsity, Intramural, and Club Sports

Alcohol is not permitted at any College-sponsored athletic event. Alcohol is therefore prohibited in locker rooms, in vehicles traveling to and from games, in hotels, and at team meals. Any student found in violation of this policy will be subject to sanctions as determined by the Athletic Department; such discipline can be no less than suspension from participating in the next game or contest and may result in suspension for an entire season.

All students must present their Lake Forest College ID and a state-issued photo ID to attend any event at which alcoholic beverages are served. In the case where the Administration has specifically approved attendance by guests, non-students must present a Lake Forest College guest pass and a state-issued photo ID to attend. Students and their guests who are 21 years of age or older must be given a bracelet or have their hands stamped to indicate that they are of legal drinking age.

Violations of these policies, as well as disorderly or destructive conduct associated with drinking, are considered serious offenses and will be referred to the College's Judicial System for possible disciplinary action, including suspension or expulsion from the College.

MOHR STUDENT CENTER

During specific hours, beer and wine products are served in the Mohr Student Center. Legal-aged students are expected to drink responsibly; those who do not may lose their privileges to visit the space when alcohol is being served. In recognition of our responsibilities to both the City of Lake Forest and the State of Illinois, who granted the College the licenses that make beer and wine service possible, the College expects students to adhere to the following policies and procedures:

- Only members of the Lake Forest College community and their registered guests who are 18 and older may enter the main floor of the Mohr Student Center during hours when alcohol is being served.
- All patrons will be required to show proof of identification when entering.
- Guests must be registered at the Department of Public Safety; those who are of legal age to purchase alcohol will get a wrist band when they register.
- Guests must be accompanied by their Lake Forest College host at all times when entering the facility
- Lake Forest College students who are of legal age to purchase alcohol must present their College I.D. to do so; they will receive a wrist band when they first present their identification to the server
- All patrons 21 and older who choose to purchase and consume alcohol must wear a wrist band in the Student Center at all times
- Underage patrons found drinking alcohol in the Student Center and legal-aged patrons found responsible for providing alcohol to minors in the student center will lose the right to visit the space during hours when beer is being sold

This policy will be reviewed with the faculty at the first faculty meeting of each academic year.

EDUCATIONAL PROGRAMMING

1. Educational programming for all students regarding the alcohol policy and responsible alcohol use will be offered by Student Affairs staff at least once per semester.
2. The Gates Center will offer a social host training program as needed during the academic year, but no more than twice per semester. All recognized campus organizations that wish to sponsor social events with alcohol must have at least two representatives attend these sessions. Two representatives per semester must complete the social host training program prior to the group's first social function with alcohol.

EVALUATION

This policy will be evaluated following spring vacation in the following manner:

1. The Dean of Students will submit to the President a statistical summary of alcohol-related discipline cases by May 10th of each year. The Dean of Students will also request an evaluation from Counseling Services.
2. By May 1, the Dean shall request a report from the Residence Director of each residence hall describing the effectiveness of the policy in regard to containment of the alcohol culture and the development of responsible drinking patterns by students.
3. Student Government will be invited to submit its evaluation of the effectiveness of the policy.
4. After summarizing these evaluations, the Dean will share the material with the College Life Committee and, following discussions, will make recommendations to the President and College Council to modify the policies as appropriate.

Drug Policy

The following are prohibited and are deemed to be contrary to the best interests of both the College and the community:

- Use, possession, sale, or distribution of illegal substances;

- Abuse or resale/trafficking of over-the-counter or prescription drugs; and
- Possession of drug paraphernalia, except under proper medical direction.

The College is not a sanctuary protecting those who violate laws concerning illegal substances, and College officials will cooperate with legal authorities whenever necessary and deemed appropriate. Violations will be referred to the judicial system.

DRUG AND ALCOHOL ABUSE PREVENTION POLICY REQUIRED BY THE FEDERAL GOVERNMENT FOR A DRUG-FREE SCHOOL.

Pursuant to the requirement of Public Law 101-226, Lake Forest College issues the following statement regarding a drug-free school:

1. Prohibited Conduct

The unlawful possession, use, or distribution of illicit drugs or alcohol by students and employees on College property or as part of any College activity is prohibited.

2. Applicable Legal Sanctions

a. The Illinois Criminal Code classifies drug-related offenses (for example, manufacture or delivery of a controlled substance, engaging in a calculated criminal drug conspiracy, drug trafficking, unauthorized possession, etc.) as either Class A misdemeanors or Class 1, 2, 3, 4, or X felonies depending on the severity and nature of the conduct. The following criminal penalties are applicable to the identified categories of offenses:

<u>Category of Offense</u>	<u>Monetary Fines</u>	<u>Imprisonment</u>
Class A Misdemeanor	\$1000	Up to 1 year
Class X Felony	Up to \$500,000	6 to 60 years
Class 1 Felony	Up to \$250,000	4 to 15 years
Class 2 Felony	Up to \$200,000	3 to 7 years
Class 3 Felony	Up to \$150,000	2 to 4 years
Class 4 Felony	Up to \$15,000	1 to 3 years

b. The applicable federal penalties and sanctions for illegal possession of a controlled substance set forth in The Controlled Substances Act (21 U.S.C. 959 et. seq.).

3. Health Risks Associated With Substance Abuse

The use of illicit drugs and the abuse of alcohol may result in serious health consequences.

All students should be aware of the health risks caused by the use of alcohol, and controlled substances (drugs). Consumption of more than two servings of alcohol in several hours can impair coordination and reasoning and make driving unsafe. Consumption of alcohol by a pregnant woman can damage the unborn child. Regular and heavy alcohol consumption can cause serious damage to liver, nervous and circulatory systems, mental disorders, and other health problems. Drinking large amounts of alcohol in a short time may quickly produce unconsciousness, coma, and even death.

Use of controlled substances (drugs) can result in damage to health and impairment of physical condition, including: impaired short term memory or comprehension, anxiety, delusions, hallucinations, loss of appetite resulting in a general damage to the user's health over a long term, a drug-dependent newborn if the mother is a drug user during pregnancy, AIDS from "needle sharing" among drug users, and death from overdose.

4. Counseling Services

Students experiencing problems with drug and alcohol abuse are encouraged to seek assistance in Counseling Services. The Alcohol and Other Drug (AOD) Intervention and Prevention Program offers AOD assessments, individual counseling, referrals to off-campus professionals, and drug and alcohol support groups for additional assistance.

5. College Sanctions and Penalties

Lake Forest College employees and students found in violation of the prohibitions set forth in their respective handbooks will be subject to disciplinary action up to and including termination or dismissal and possible referral for prosecution. Each case will be evaluated on an individual basis. A disciplinary sanction may include the completion of an appropriate rehabilitation program.

6. Biennial Policy Review

This policy will be biennially reviewed by College Council to determine its effectiveness and to recommend changes to the program to the President if they are needed. Such a review will also determine that the College's disciplinary sanctions are consistently enforced.

Off-Campus Events

Occasionally, a recognized student organization may wish to sponsor an event off campus. In this instance, an organization that is recognized by the College as a registered student group is expected to work with the Gates Center to coordinate details of the event. This procedure assures that events associated with the College are conducted in accordance with College policies.

The following requirements are included in the Off-Campus Event Registration form:

- All off-campus events must be in compliance with College policies (see "Disciplinary Action for Off-Campus Behavior/Legal Proceedings Outside of the College" elsewhere in this document).
- The host site is expected to agree not to sell alcoholic beverages at less than the price published to the public. Drinks "specials" are not allowed. In addition to the off-campus event form, group members should obtain from the host establishment a certificate of insurance and submit it to the Gates Center. The additional insurance certificate must read "Lake Forest College is named as an additional insured for the event on [insert date] for \$3 million dollars." For certain events, students may request a waiver of this requirement from the Dean of Students.
- Advertisement for the event must make explicit where generated profit from the event will go. Copies of all advertisements for event must be submitted to the Gates Center with event form.
- Hosting organization must provide bus transportation to and from event.

Students are expected to follow the procedure outlined below:

1. Organization must complete an Off-Campus Event Registration form and submit it to the Assistant Dean of Students and Director of the Mohr Student Center no later than five business days before the day of the event. If the initial request is denied by the Gates Center Director, the organization may appeal to the Dean.

2. All student organizations having an event with alcohol must review Lake Forest College's alcohol policy, which is available at the Gates Center or online in the Student Handbook, and sign an agreement that they will adhere to the policy.

Tailgating

Tailgating is allowed on Saturdays only, when varsity sporting events are scheduled, in the parking lot between Washington Street and the former Graduate School building, unless otherwise designated by the Director of Public Safety. Tailgating can begin 90 minutes prior to the start of a game and must end 90 minutes after the end of the game. All College policies are in effect, including the prohibition against underage consumption and possession of alcohol. No kegs, common containers, or drinking games are allowed. Tailgaters are expected to clean up individual areas after use; tailgaters who fail to clean up may be prohibited from future tailgating. No oversized vehicles are allowed; passenger vehicles only. The Director of Public Safety reserves the right to monitor tailgating activities and remove or restrict individuals who display inappropriate behavior. In addition, the Director of Public Safety may verify the legal age of any persons consuming alcohol and to take whatever actions necessary, up to and including notifying the Lake Forest Police Department.

The time will be used to educate new members about the organization and help them develop in the areas of brotherhood/sisterhood, academics, leadership, community service, career development, and social skills. New members are the future leaders of the organization. New member education creates unity throughout the entire organization.

- Each group must submit a detailed schedule of events for its new member program to the Gates Center at the New Member Education Information Program. The schedule must include a comprehensive list of activities for each week. Each event/activity in the schedule should be briefly described. At this time a list of potential new members must also be submitted for grade verification.
- No student may be invited to join a Greek-letter organization without first achieving a minimum cumulative GPA of 2.0 or higher, as well as a 2.0 the semester prior to joining.

Groups are encouraged to include and consult their advisor during the planning process.

RECOGNITION OF NEW FRATERNAL ORGANIZATIONS

Any Lake Forest College student who wishes to suggest that a new Greek-letter organization be allowed to join the campus community should follow the following procedures in order to give all interested parties the opportunity to weigh in on the decision.

First, the interest group must:

1. Meet with the Director of the Gates Center indicating interest in chartering in a new fraternity/sorority.
2. Submit a completed Pre-recognition Request Form (page 4 of "Creating A New Student Organization" starter packet) to the Gates Center. This form declares intent to organize for recognition. Request is forwarded to the General Assembly, who will vote on pre-recognition status.
3. Present requests approval form to the College Life Committee, who will be looking for evidence that the proposed group's mission and purpose concur with the mission of the College
4. Develop an organization constitution (or submit a National Constitution with Chapter by-laws) and complete the recognition paperwork. Submit a copy of this Constitution to Inter Fraternity Council. See sample constitution attached.
5. Submit all recognition forms and a copy of the constitution to the Gates Center. See all forms attached.

The Gates Center staff then will send recognition packet to General Assembly (GA). GA will review the request and will forward their recommendation to the College Life Committee. NOTE: The organization's constitution will be forwarded to GA at their request.

Finally, CLC will review the submitted materials and determine if the proposed organization has completed the necessary requirements of a Greek-letter organization. If so, they will forward their final recommendation to the Dean of the Students.

Hazing

Lake Forest College explicitly and emphatically prohibits hazing. Hazing is defined as any action taken or situation created by any group, on or off campus premises, intentionally designed to produce mental or physical harm, discomfort, harassment, embarrassment, or ridicule. Such activities and situations include but are not limited to paddling in any form, creation of excessive fatigue, physical or psychological shocks, morally degrading and humiliating games and activities, late work sessions that interfere with academic goals, the coerced use of alcohol/other drugs, and any other activities that are not consistent with the guidelines and/or policies of the College.

Hazing violations will be addressed by the College's judicial system. In addition to those sanctions included in the judicial system, the Student Affairs staff may administer sanctions that include, but are not limited to, warnings, suspensions, or disbandment of organizations. Explicit violations of this policy will warrant the consideration of a minimum sanction of suspension for at least one year. This policy acknowledges the role that peer pressure and acceptance play in new member programs.

With this stated, it is important to understand that consent of a new member to given activity does not necessarily imply that the activity in question is appropriate. Illinois state law states, "A person commits hazing who knowingly requires the performance of any act by a student or other person in a school, college, university, or other educational institution of this State, for the purpose of induction or admission into any group, organization, or society associated or connected with that institution if: (a) the act is not sanctioned or authorized by that educational institution; and (b) the act results in bodily harm to any person." Hazing is a Class A misdemeanor under the law. Hazing that results in death or great bodily harm is a Class 4 felony, punishable by up to three years in prison.

The following are some examples of hazing divided into three categories: subtle, harassment, and violent. It is impossible to list all possible hazing behaviors because many

are context-specific. While this is not an all-inclusive list, it provides some common examples of hazing traditions.

SUBTLE HAZING

Behaviors that emphasize a power imbalance between new members/rookies and other members of the group or team. Termed "subtle hazing" because these types of hazing are often taken-for-granted or accepted as "harmless" or meaningless. Subtle hazing typically involves activities or attitudes that breach reasonable standards of mutual respect and place new members/rookies on the receiving end of ridicule, embarrassment, and/or humiliation tactics. New members/rookies often feel the need to endure subtle hazing to feel like part of the group or team. (Some types of subtle hazing may also be considered harassment hazing).

Examples:

- Deception
- Assigning demerits
- Silence periods with implied threats for violation
- Deprivation of privileges granted to other members
- Requiring new members/rookies to perform duties not assigned to other members
- Socially isolating new members/rookies
- Line-ups and Drills/Tests on meaningless information
- Name calling
- Requiring new members/rookies to refer to other members with titles (e.g. "Mr.," "Miss") while they are identified with demeaning terms
- Expecting certain items to always be in one's possession

HARASSMENT HAZING

Behaviors that cause emotional anguish or physical discomfort in order to feel like part of the group. Harassment hazing confuses, frustrates, and causes undue stress for new members/rookies. (Some types of harassment hazing can also be considered violent hazing).

Examples:

- Verbal abuse
- Threats or implied threats
- Asking new members to wear embarrassing or humiliating attire
- Stunt or skit nights with degrading, crude, or humiliating acts
- Expecting new members/rookies to perform personal service to other members such as carrying books, errands, cooking, cleaning etc
- Sleep deprivation
- Sexual simulations
- Expecting new members/rookies to be deprived of maintaining a normal schedule of bodily cleanliness.
- Be expected to harass others

VIOLENT HAZING

Behaviors that have the potential to cause physical and/or emotional, or psychological harm.

Examples:

- Forced or coerced alcohol or other drug consumption
- Beating, paddling, or other forms of assault
- Branding

- Forced or coerced ingestion of vile substances or concoctions
- Burning
- Water intoxication
- Expecting abuse or mistreatment of animals
- Public nudity
- Expecting illegal activity
- Bondage
- Abductions/kidnaps
- Exposure to cold weather or extreme heat without appropriate protection

The following hazing activities are expressly forbidden at Lake Forest College:

- Consumption of alcohol at any time during a new member program.
- Required consumption of any liquids or solids, or placing liquids or solids in the mouth of a new member, other than the normal uncoerced intake of beverages and food.
- Wearing of conspicuous, potentially embarrassing articles of clothing/outfits that draw attention to a new member.
- Testing, quizzing, or interrogating new members, which includes "line-ups," with the fear of punishment or ridicule upon failure.
- Required greetings for new members when they interact with active members that are inappropriate or embarrassing or use derogatory nicknames.
- Punishments of any kind (physical or psychological), other than probation or expulsion, for not meeting expectations.
- Physical abuse of any kind.
- Psychological abuse of any kind, including verbal harassment and berating.
- Acts of personal servitude (washing laundry, serving food, etc.) by new members for active members or others.
- Disrupting or prohibiting an adequate amount of sleep per day.
- Disrupting or prohibiting an adequate amount of study per day.
- Public stunts aimed at embarrassing or putting new members on public display.
- Any outdoor activity.
- Calisthenics or aerobic activities.
- Blindfolding

Gambling

Any event that suggests that the College explicitly or implicitly endorses gambling is not permitted. Given the broad definition of "gambling" under Illinois law, any "game of chance or skill" is an act of gambling when played "for money or other thing of value." This definition encompasses blackjack, poker and euchre, as well as any other card game, craps, roulette, and other comparable games when these games are played for money or any other thing of value (including prizes).

Events featuring bona fide games of skill, such as darts or billiards, at which prizes are awarded, may be permissible, but betting on the outcome of the game(s) will not be allowed. Any requests for events at which games of skill will be played must be approved by the Gates Center.

Firearms/Fireworks/Dangerous Weapons

The possession, carrying, or use of any firearms, fireworks, or dangerous weapons of any type, except by law enforcement officers (to include campus officers), is prohibited.

- This regulation includes, but is not limited to, rifles, shotguns, pistols, revolvers, pellet guns, BB guns, slingshots, knives (except standard pocket knives with a blade length of three inches or less), edged weapons (such as swords, spear guns, and

archery equipment), impact weapons (such as batons or blackjacks), chemicals (other than those being used legitimately for educational purposes), Mace, tasers or any other electronic stun devices, and non-working replica weapons that could be interpreted or believed to be actual weapons, ammunition, explosives, or fireworks of any type.

The violation of this policy constitutes a major judicial offense.

Involuntary Withdrawal

A student may be asked to leave the College without going through the academic or student conduct judicial process if his or her presence is believed to present a danger to the rest of the Lake Forest College community and/or he or she is documented to require a level of medical care beyond that available at the College. In either case, regular refund policies will apply. In extraordinary circumstances, the Dean of Students may agree to a different refund than would automatically apply.

Self-harm and Suicide Attempts

Policies and procedures for self-harm and suicide attempts are in place to ensure students receive appropriate support and treatment as they work through their personal challenges. This policy is enacted when a student makes a suicide attempt, threatens self-harm or creates a medical risk for themselves as a result of self-destructive behavior or neglect.

Once aware of the situation, the Dean of Students, or designee, will talk with the student who is deemed "at-risk." The Dean will consult with appropriate staff, which may include the "on-call" College counselor. After consultation, the situation will be assessed and a plan of action will be put into place. The student will be required to meet with the Dean of Students, or designee, to define the College's expectations of the student and to discuss support measures to help the student succeed at the College.

Depending on the situation, the at-risk student may be placed on summary administrative suspension, which may prohibit them from living in a College residence, attending classes or participating in College activities until cleared by the Dean of Students, or designee, in consultation with the College counselor and/or physician. If the student is allowed to continue at the College, the student and his or her parent(s) or guardian(s) will be asked to sign an agreement for continuation of enrollment.

Students who are treated at a hospital due to suicidal behavior will be placed on summary administrative suspension, which will require a meeting with the Dean of Students (DOS) before a student is permitted to return to campus. At minimum, the DOS will require that student attend four sessions of professional assessment at the College's Counseling Services office. The purpose of the assessment is to monitor the student's willingness and ability to adhere to a basic standard of self-care and to provide the student with the resources deemed necessary that self-care. The student will be asked to sign a release of information form that permits consultation between the counseling staff and the Dean of Students. If a student on temporary suspension returns to campus without permission, the student will be considered a trespasser and Public Safety will be notified and the College may pursue judicial action.

In circumstances when it is determined that the student must leave the College, it is the responsibility of the student's parent(s) or guardian(s) to make arrangements for the student's transportation home. If the parent (s) or guardian is unable or unwilling to make such arrangements, the student's well-being is still their responsibility.

Sexual Harassment

(Approved by Board of Trustees, December 13, 1986, amended on September 1, 1987 and Spring Semester 1998, amended March 7, 2007).

POLICY

Sexual harassment is a form of sexual discrimination and is contrary to the policy of Lake Forest College. It is our policy to maintain the College community as a place of work and study for staff, faculty, and students, free of sexual harassment. The violation of this policy by members of the College community and third parties who serve the College community can result in discipline and discharge for employees; discipline and dismissal of students; and such penalties, sanctions, and impositions against other individuals or parties as may be available to the College, given the nature of the contractual or business relationship that may be established with such parties or individuals.

Individuals who believe that they have been harassed as defined below have recourse to formal and informal grievance procedures through the Sexual Harassment Hearing Board.

DEFINITION

Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other speech and physical conduct of a sexual nature, without regard to whether the parties are the same or opposite gender when:

- (1) submission to such conduct or communication is made either explicitly or implicitly a term or condition of an individual's employment or academic status, or is used as the basis for employment or academic decisions affecting the individual,
- (2) such conduct directed at an individual persists despite its repeated rejection, or
- (3) such conduct or communication has the purpose or effect of substantially interfering with the individual's work, academic performance, or housing, or of creating an intimidating, hostile, or offensive working or educational environment.

An offensive or hostile environment will be judged to exist only where the offensive conduct continues over a period of time; a single or isolated instance is insufficient to establish a valid "offensive environment" claim. Similarly, a person's subjective belief that behavior is offensive, intimidating, or hostile does not necessarily make that behavior sexual harassment. The conduct complained of must be offensive to a reasonable individual in the same or similar working or study environment. Specifically, the conduct complained of must be examined from both a subjective and objective viewpoint, meaning that the harassment must have been perceived by the individual as creating a hostile environment as well as being severe or pervasive enough that a reasonable person in the same or similar working environment would find the conduct hostile or abusive.

Lake Forest College's policies regarding sexual harassment are intended to protect members of the College community from sex discrimination, not to regulate the content of speech. The College recognizes that the offensiveness of particular expression as perceived by some individuals, standing alone, is not a sufficient basis to establish a claim of sexual harassment. Moreover, in regulating the conduct of its students, staff and faculty to prevent or redress harassment, the College must formulate, interpret, and apply its rules so as to protect academic freedom and free speech rights.

COMPOSITION OF THE BOARD

The Sexual Harassment Hearing Board (SHHB) is composed of:

- Two faculty members, appointed by the President in May for staggered three-year terms,
- Two students, appointed annually by the President in May for the following academic year,
- Two exempt administrative staff members, appointed by the President in May for staggered three-year terms,
- Two non-academic, non-exempt staff members, appointed by the President in May for staggered three-year terms, and
- One alternate member from each constituency above, appointed annually by the President in May, for the following academic year.

Before making these appointments, the President shall inform his or her decision by consultation with the Faculty Personnel Policies Committee, the Officers of Student Government and the Officers of the Employee Advisory Representatives Committee. The Chair of the Sexual Harassment Hearing Board, who does not vote at hearings, will be appointed annually by the President from among the members of the Board and will be apprised of the other appointees to the Board at that time.

In any particular case, the voting members of the Hearing Board must include two from the same constituency as the accused; thus, in any case in which the accused and the Chair, who does not vote, are from the same College constituency, the alternate member from that constituency will serve as a voting member of the Board. Thus, there will be seven voting members of the board, except in the case where the Chair and the accused are from the same constituency above; in this latter case, the alternate from that constituency will be called in to vote, and there will be eight voting members of the Board, plus the Chair

In cases of conflict of interest for a member of the Board in a particular case, the alternate member from the same constituency will serve in that case, or the President may appoint a substitute from the same constituency.

PROCEDURES

Any individual member of the Lake Forest College community who believes that he or she has been sexually harassed as defined above, or who is unsure how to interpret what he or she thinks may be harassment, should consult with the Chair of the Sexual Harassment Hearing Board. After consultation, the individual may decide: (1) not to go forward with a complaint, (2) to bring a complaint forward for informal resolution, or (3) to bring a formal complaint to the Board.

A complaint of sexual harassment must be initiated as soon as possible, but no later than 180 days, after the alleged harassment has occurred, in order to ensure a fair and prompt resolution. The SHHB Chair will provide information about the procedures and their possible outcomes.

All complaints and proceedings regarding a case of sexual harassment will be kept in the strictest confidence throughout and after the processes of consultation, mediation, and hearing of any complaint of sexual harassment. All members of the SHHB, the complainant, the person complained against, and any counsel to the parties from the college community (see below) must sign statements to this effect: no names or identifying details of any case will be shared with any person other than the parties, members of the SHHB, the College Officer who oversees the constituency of the respondent, the President, and others designated by the President. If it seems appropriate for an officer of the College or a

member of the board to discuss a complaint with other members of the community, he or she may do so, with the approval of the board.

Records of sexual harassment complaints and the investigation of those complaints, including recordings of hearings, will be retained by the Chair of the SHHB, and transferred to each succeeding chair, on a confidential basis. As a part of the College's educational mission, the Chair will submit to the personnel or student file of the person complained against, a report of any complaints against them, including whether the complaint was dismissed, mediated, or heard, and the basic substance of any complaint heard. The College Officer who oversees the constituency of the respondent will at that time invite her or him to submit to her or his file a response to the report, and may discuss the complaints and advise the person complained against, as the College Officer sees fit.

INFORMAL MEDIATION

Informal mediation is an option for the complainant to pursue before deciding whether or not to file a formal complaint of sexual harassment.

In the event that informal mediation is desired, the complainant must select a member of the Board to act as mediator between the parties. A board member who considers himself or herself unsuitable to act as a mediator shall identify another member of the board to serve as mediator.

A person seeking mediation must agree to be identified to the person against whom the complaint is lodged. The mediator shall begin mediation efforts promptly.

A mediator may also discuss a case with other members of the Board, the Chair of the Board and/or with the appropriate Officer of the College ((the College Officer who oversees the constituency of the person complained against), although only with the consent of the complainant, and will identify the respondent only if the complainant agrees to be identified as well).

If mediation is not pursued or if mediation does not resolve the issue to the satisfaction of the parties, then the complainant may lodge a formal complaint with the Sexual Harassment Hearing Board.

FORMAL COMPLAINTS

Individuals who wish to lodge a formal complaint must do so as soon as possible , but no later than 45 days, after the mediation concluded or after an informal complaint has been made to a member of the Sexual Harassment Hearing Board, in order to insure both parties a fair and prompt hearing.

A person who wishes to lodge a formal complaint should contact the Chairperson of the Sexual Harassment Hearing Board. A formal complaint must be made in writing and be accompanied by a signed statement detailing the complaint. The complainant shall submit the statement of complaint to the Chairperson of the Board, who shall give copies of it to the person complained against and to members of the Hearing Board.

When a formal complaint is filed, the person accused of sexual harassment will be invited to submit a written response to the Chair of the SHHB, within two weeks of being informed of the complaint. Responses submitted after that time will not be accepted by the Board. A formal reply from the accused is not required, however, and no adverse conclusions will be drawn if a formal reply is not provided. The Chairperson of the Board shall give copies of the response, if any, to the complainant, and to the other members of the Hearing Board. If the complaint has no merit as judged by the Board's objective standards and according to

the definitions given above, the Board may refuse to investigate further, and the case is dropped.

If the Board considers the case to potentially have merit, the Chairperson shall next provide copies of the complaint, and response if there is one, to the appropriate College officer: a complaint against a student to the Dean of Students, a complaint against a faculty member to the Dean of the Faculty, and a complaint against another employee or a third party to the appropriate officer of the College. The officer may, upon request of either party, try to separate the working, living or academic arrangements of the complainant and the accused. The complaint will then receive a hearing as soon as possible.

THE HEARING

If the Board considers the case to potentially have merit, the Chair of the SHHB will arrange a date and time for the hearing which allows time for all parties to prepare and which is consistent with the need for promptness of resolution in fairness to the parties. In all cases, the Chair shall have the authority to set a hearing date, which, in the absence of compelling circumstances, will be no later than 45 days following the submission of the complaint. The refusal of any party to attend the scheduled hearing date shall not result in a delay of the hearing.

The complaint shall be heard by the Sexual Harassment Hearing Board. The Chair does not vote.

At the hearing, either party has the right to be accompanied by and/or represented by a counselor of his or her choosing, who is a member of the College community; a counselor may advise the complainant or the accused, but may not participate directly in the hearing, nor may a counselor also serve as the party's attorney at law.

The Hearing Board shall interview the parties together so that there is an opportunity to discuss all allegations. The hearing will be recorded. The Hearing Board shall decide, call for, and study what further evidence or witnesses may be necessary before reaching a final determination.

Both parties shall have an opportunity to hear all witnesses and review all further evidence received by the Hearing Board. The Hearing Board shall retire to an executive session (unrecorded) to reach its determination as to the responsibility of the person against whom the complaint is lodged. For a finding of responsibility for sexual harassment, five of the seven (or eight) voting members must agree.

The Board will present its findings, including the breakdown of the vote, in writing as soon as possible after the conclusion of its deliberations, to each of the parties, and to the officer(s) of the College who supervises the individual(s) against whom the complaint is lodged.

APPROPRIATE DISCIPLINE

If the Board finds that the person against whom the complaint has been lodged is responsible for sexual harassment, then the Board shall recommend a sanction, or a range of appropriate sanctions, to the appropriate College Officer.

Since, under c, above, the College Officer in charge of the individual who has been found responsible for sexual harassment will have been notified of prior incidents, (and as above, of the breakdown of the vote,) the College Officer who supervises the person found responsible for sexual harassment may avail herself or himself of that information when determining a sanction.

After the sanctioning decision, the appropriate College Officer shall prepare a written statement outlining the action taken, and shall give copies of this statement to the complainant, the accused, and the members of the Hearing Board who heard the case.

Reports of sanctions will be kept among the personnel or student records of the person found to have committed sexual harassment.

APPEAL

Either party may appeal to the President either the decision of the Sexual Harassment Hearing Board or the sanctioning decision of the College Officer. The President shall consider appeals only on the basis of: (i) procedural error, or (ii) inappropriate sanction. Substantive judgments of the SHHB will not be revisited.

ANNUAL REPORT

At the beginning of each academic year, the board shall report on the previous year's activities. Its report shall include the number of individuals who came to the Board Chair for help during the past year, the number of requests for mediation, the number of formal complaints that were lodged, and the kinds of behavior that gave rise to complaints. The board shall submit its report to the President, who shall publicize it to the College community. The report shall not mention the name of any individual or identifying details of any case.

Nondiscrimination Policy

Lake Forest College's nondiscrimination policies are based on federal laws and regulations, including Title IX and other relevant regulations, as well as on its institutional ideals.

Lake Forest College does not discriminate against any persons because of race, color, religion, sex, national origin, ancestry, age, marital status, physical or mental disability, military status, sexual orientation, or unfavorable discharge from military service, or any other characteristic protected by law in its education programs, activities, or employment. In addition, Lake Forest College is required by Title IX and regulations promulgated thereunder not to discriminate on the basis of sex in educational programs, activities, and employment. Lake Forest College does not discriminate on the basis of physical or mental disability against any otherwise qualified person by denying participation in, or the benefits of, any College program or activity.

Lake Forest College does not discriminate against any persons because of race, color, sex, religion, or national or ethnic origin in its education programs, activities, or employment. In addition, Lake Forest College is required by Title IX and regulations promulgated thereunder not to discriminate on the basis of sex in educational programs, activities, and employment. Lake Forest College does not discriminate on the basis of disability against any otherwise qualified person by denying participation in, or the benefits of, any College program or activity. Lake Forest College also does not discriminate on the basis of sexual orientation in its education programs, activities, or employment. For purposes of this policy, the term "sexual orientation" means the status or expression, whether actual or perceived, of heterosexuality, homosexuality, or bisexuality. The campus coordinator for Title IX (prohibiting sex discrimination) is the Personnel Officer, to whom inquiries concerning Title IX may be referred. The campus coordinator for Section 504 of the Federal Rehabilitation Act of 1973 (prohibiting discrimination based on disability) is Stephen D. Schutt, President.

Discrimination — Federal Regulations and Grievance Procedures

In accordance with federal legislation, grievance procedures related to Public Law 92-318 (Title IX) and the Rehabilitation Act of 1973/Section 504 have been developed. Any grievance brought under the umbrella of these procedures must, by law, be specifically limited to the issue covered by these laws.

A. SEX DISCRIMINATION

No student shall, on the basis of sex, be excluded from participation in, be denied benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance. Title IX, which prohibits sex discrimination in education, requires the adoption of a grievance procedure to handle allegations of sex discrimination against students.

1. Scope of Review:

The inquiry must be limited to a consideration of whether the action or decision was tainted by the irrelevant consideration of sex. The Grievance Committee cannot make a de novo decision or substitute its judgment for that of the decision-making committee or administrative supervisor responsible for the decision.

2. Procedures:

- a. Individuals with a grievance should discuss the grievance with the Dean of Students.
- b. Failing resolution, the individual may petition the Grievance Committee to hear the complaint. The petition shall set forth in detail the nature of the grievance and shall state against whom the grievance is directed.
- c. The Grievance Committee shall be the Conduct Board. The Committee, following the limits addressed in Section A ("Scope of Review") will attempt to make its report within ten days. If recommendations are made to the President, the President will inform the Committee of his disposition of the matter.

B. DISABILITY DISCRIMINATION

Lake Forest College does not discriminate on the basis of a disability against any otherwise qualified person by denying him or her participation in, or the benefits of, any College program or activity.

PROCEDURES:

Section 504 requires the adoption of a grievance procedure to deal with allegations of discrimination on the basis of a disability. If a member of the student body feels there is reason to believe that discrimination because of disability has occurred under Section 504 of the Rehabilitation Act of 1973, a grievance should be handled in the following manner:

- a. Individuals with a grievance should notify the President's Office of their grievances, in writing, within seven days of the alleged incident.
- b. Failing resolution, individuals should follow appropriate grievance procedures established for sex discrimination.

Retaliation Policy

The College will not retaliate, nor will it tolerate retaliation, against individuals who complain in good faith about harassment or discrimination based on a legally protected characteristic.

Harassment Free Environment

The College prohibits harassment of an individual based race, color, religion, sex, national origin, ancestry, age, marital status, physical or mental disability, military status, sexual orientation, or unfavorable discharge from military service, or any other characteristic protected by law

Prohibited harassment includes, but is not limited to, epithets, slurs, intimidation, negative stereotyping, threats, assault or any physical interference with the individual's normal work or movement. Harassment may also include written or graphic material placed on walls, bulletin boards or elsewhere on the College's premises that denigrates, shows hostility or aversion towards an individual or group because of the characteristics identified above.

Student Posting Policy

Because the College hopes to avoid cluttering our campus with too many posters and flyers, or with posters and flyers that are unclear or inaccurate, students are asked to adhere to the following guidelines for posting in, on, or around, campus buildings. Privacy Act Notice

The College is obligated by law to communicate the following notice. The intent of the notice is to inform enrolled students of the College's intention to release certain information. Legislation identified below requires that the College gives notice of its intent. The information noted is generally used in press releases, programs, directories, and other typical publications by the College. Any questions about this notice should be addressed to the Dean of Students at 847-735-5200.

NOTICE OF INTENT TO PUBLISH CERTAIN PERSONALLY IDENTIFIABLE INFORMATION

Pursuant to requirements noted in the Family Educational Rights and Privacy Act, and Federal Regulations related thereto, notice is hereby given that Lake Forest College, Lake Forest, Illinois, proposes to publish at its discretion the following categories of information with respect to each person presently or previously attending said College: the student's name, address, home telephone listing, college email address, residence hall room extension, class year, date and place of birth, major field of study, faculty advisor, classes, parents, participation in officially recognized activities and sports, weight and height and photograph of members of athletic teams, dates of attendance, degrees and awards received, and the most previous educational agency or institution attended by the student. Any student affected by the above proposal who desires that such information as described above not be released without his/her prior consent is hereby requested to inform the Dean of Students in writing to this effect by July 31, 2007.

In addition, the College may publish to parents or guardians of dependent students information relative to the student's performance, progress toward graduation, any indebtedness, and involvement in matters that may lead to suspension or dismissal. The right of Lake Forest College to publish such information to parents or guardians is provided in the act and regulations referenced heretofore.

Property Loss or Damage

If a student sustains a loss, the College is not liable for the replacement of such loss. The College is not responsible for theft or destruction of personal property. Lake Forest College does not provide insurance for personal belongings such as, but not limited to, bicycles, automobiles, televisions, stereos, computer equipment, and clothing. It is strongly recommended that valuables be covered by a homeowner's or renter's insurance policy. Students should work with their roommates to ensure the common protection of property. Room doors should be locked when the room is unoccupied. In the event of damage by fire, water, steam, the elements, or other agents that renders a room unfit for occupancy, the College reserves the right to reassign the student to alternate College housing accommodations. The College shall not be liable, directly or indirectly, for loss of or damage to any article of personal property anywhere on the premises caused by fire, water, steam, the elements, insufficient heat, loss or surges of electricity, or the actions of third persons. The College is not responsible for loss or damage due to any situation beyond its control.

Smoking Policy

In accordance with the laws of the City of Lake Forest, smoking is prohibited in all campus buildings and within 25 feet of any building entrance.

Violations of the smoking policy should first be brought by the aggrieved individual to the attention of the individual smoking. If the violation continues, it should be reported to the Residence Life staff, if by a student in a residential building, or to the Department of Public Safety if by a non-student or outside of a residence hall. Cigarettes will not be sold on the College campus.

Smoking tobacco in hookah pipes is permitted in designated smoking areas only (on each of North, Middle, and South campus) between the hours of 5:00 p.m. and 5:00 a.m. All hookah pipes must be registered with the Department of Public Safety in advance, at which time they will be tested for controlled substances. Hookah pipes that are found to have been used with controlled substances will be confiscated and the owner will receive a Notice of Alleged Violation for possession of drug paraphernalia.

Vehicle Regulations

VEHICLE REGISTRATION FEE—\$200 PER YEAR

All vehicles on this campus must be registered with the Department of Public Safety of Lake Forest College. Illinois state law now requires that the driver of a car be able to show proof of liability insurance. Therefore, any student attempting to register a vehicle will be required to show proof of this insurance before a registration permit sticker will be issued. First-year students or sophomores are not permitted to register a vehicle on campus except in rare cases of extreme need or hardship. Exceptions must be requested by applying through the Department of Public Safety prior to bringing a vehicle on campus.

DISPLAY OF PARKING PERMIT

Permits must be displayed on the rear window, driver's side. Motorcycle permits must be mounted on one of the front forks.

ADDITIONAL PERMITS

Commuting students who are already permit holders and who find it necessary to use different vehicles may present state license plate registration and insurance papers for each additional car and secure permits for the fee of \$25. A regular permit holder who drives (for emergency reasons only) a vehicle on campus other than the one registered, for one day or longer, must obtain a temporary permit.

TEMPORARY PERMITS

Students not entitled to regular permits can apply for a temporary permit for a period not exceeding two weeks (one per term maximum) at a fee of \$10 per week. A state license plate registration and driver's license must be shown.

DRIVING RESTRICTIONS

Students eligible to register autos cannot register a motor vehicle belonging to a friend, relative, etc., of another currently enrolled student. Students not entitled to vehicle registration may not drive registered cars of others on this campus. Students must recognize the authority of officers. Any violation of this nature will result in immediate revocation of the campus permit.

PENALTIES

Penalties for traffic violations vary with the severity of the infraction. Parking violations will net a \$25 fine. Moving violations will result in a flat \$50 fine. Reckless driving violations will incur an \$80 fine, plus damages where applicable. All fines will double if unpaid within seven days. In addition to monetary penalties, the College may revoke the parking privileges of any person who accumulates: two reckless driving tickets; four moving violations; or six total tickets in an academic year. In that situation, all fees already paid will be forfeited. Any vehicle that is found to be on campus after written notice has been issued for its removal will be subject to such action as the College deems appropriate. Unregistered vehicles will be handled as parking violations. All of the preceding stipulations apply, except that if three tickets are accumulated before the vehicle is registered, registration of that vehicle will no longer be permitted. Penalties are not forgiven because the vehicle is registered after receiving citations. Driving at twice the posted speed limit is considered reckless driving. Driving on the grass or the sidewalk is also considered reckless driving. Partially parking on the grass will result in a \$40 fine, plus damages. Parking in parking spaces designated for the disabled will result in a \$75 fine. False registration of a vehicle will lead to loss of parking privileges, as well as, forfeiture of any fees paid. Aside from the preceding penalties, the College reserves the right to take whatever action is deemed necessary or appropriate in any given situation.

APPEAL OF TRAFFIC CITATIONS

Tickets may be appealed to the Director of Public Safety within seven days of the date of issuance. After seven days, fines will double and be added to the student's account. Tickets automatically added to a student's account must be paid at the Business Office. Any other ticket may be paid at the Department of Public Safety.

The following violations may not be appealed:

- a. Parking too close to a fire hydrant (15-foot distance);
- b. Blocking any fire lane;
- c. Parking so as to block the entrance to a building delivery area, service area for linen or garbage, and other truck or loading zones;
- d. Parking so as to block a roadway;
- e. Citations issued after revocation of permit;
- f. Citations received for parking on the wrong campus; and
- g. Citations received for parking in handicap zones.

UNLICENSED, IMPROPERLY LICENSED, AND INOPERABLE VEHICLES

Unlicensed, improperly licensed, and inoperable vehicles may not be left on campus for extended periods while the owner is absent (that is, summer vacation, winter vacation) without the expressed consent of the Director of Public Safety.

PARKING

Between the hours of 7:00 a.m. and 7:00 p.m., Monday through Friday, student parking is limited to the area assigned to students by Public Safety. A full description of parking regulations and restrictions is available through the Department of Public Safety.

VEHICLE IMMOBILIZATION

Any vehicle that is found to be in violation of campus traffic rules and regulations or the Illinois State Vehicle Code may be immobilized or towed at the owner's expense at the discretion of the College.

There will be an additional charge for the removal of a boot from immobilized vehicles, as follows.

1st offense \$25

2nd offense 50

Additional offenses ... 100

THE CAMPUS SPEED LIMIT IS 15 M.P.H.

Use Of College Vehicles

Facilities Management, ext. 5040

Facilities Management currently has two 15 passenger buses and three 7-passenger vans that can be reserved for College-funded and College-sponsored activities. Only authorized faculty or staff members with valid U.S. driver's licenses may drive the buses. Students who are either junior-level or above or 20 years of age or older may drive the 7-passenger minivans if all the requirements are met. All drivers of College vehicles must provide an acceptable Department of Motor Vehicles driving report, pass a written driving test, and pass a road test administered by Facilities Management. Persons not associated with the College community are not permitted to ride in the vehicles. Reservations, written procedure, and driver registration are coordinated through Facilities Management. When registering to be an authorized driver, a copy of the current van policy will be provided by Facilities Management.

A faculty or staff sponsor must approve a van reservation; students may not reserve vans. A sponsor who approves the reservation or accompanies a trip does not necessarily have to drive or be a registered driver. To make a reservation, a van reservation form must be filled out completely and submitted to Facilities Management at least 72 hours in advance.

Reserved vehicles are available on a first-come, first-served basis.

Certain other restrictions that affect driving distances, "co-pilots", and accompaniment by an adult over the age of 25 also may apply. These conditions are listed in the written van policy. The driver is expected to know and abide by these restrictions as a condition of using a vehicle.

The cost of reserving vans is \$1.00/hr and \$.45/mile. Misuse or damage of vehicles will be the responsibility of the assigned driver and the faculty advisor who authorized the van rental.

In the event of any accidents or problems during a trip, contact Lake Forest College Department of Public Safety immediately at 847-735-5555.

Fundraising by Student Organizations

College policy allows student organizations to work with the Office of Development and Alumni Relations to seek external financial support for special projects. In many instances, students cannot apply for gifts on behalf of the College, so students seeking to raise funds off campus for their organizations should follow these guidelines:

1. Fundraising projects for student organizations must first be approved by the appropriate faculty member, advisor, or administrative liaison.
2. If proposed plans include approaching alumni, parents, friends, the community, or corporations, a representative of the student organization should contact the Vice President for Development and Alumni Relations at ext. 6000. The Vice President or an appropriate member of the Development and Alumni staff will discuss with interested students the proposed project; the list of individuals and organizations to be approached; timing; and an appropriate fundraising strategy for the external funding sources. The staff will help guide students so their efforts will be the most successful possible.
3. If the development staff determine it is needed, the representative of the student organization must work with the Associate Controller (ext. 5039) to create an appropriate budget account for the project.
4. All gifts must be sent to the Office of Development and Alumni Relations to be recorded, receipted, and given to the Business Office to be deposited into the assigned budget account.
5. All checks must be made out to Lake Forest College, and the purpose of the gift should be noted in the memo section of the check, in an accompanying letter, or in a tractable return envelope to ensure that it is placed into the accurate budget account.
6. The student organization, in consultation with the Office of Development and Alumni Relations, will be responsible for the implementation of the fundraising effort, related expenses, and the acknowledgment of gifts. Donors will receive an institutional acknowledgment letter from the Office of Development.

Reservations of Campus Facilities

Room reservations for on-campus activities are made through the Gates Center, located in Stuart Commons, ext. 5210

For the rental of any room or building on campus to an outside person or group, at any time of year, contact the Director of Summer Conferences.

Keys to Academic Buildings

Student requests for academic keys must be accompanied by two signatures on the associated key card. One signature must be from the sponsoring professor, the other from the Office of the Dean of the Faculty, North Hall. All academic keys must be returned to Facilities Management by May 1 unless the sponsoring professor provides a letter indicating the period that the key will be needed. The charge for keys not turned in by May 1 will be \$25 per key. The student is responsible for the key and the fine. Students are not allowed to return keys to their professors or to drop unidentified keys into Facilities Management's key slot.

Use of Video/Audio Surveillance Equipment

Lake Forest College reserves the right to use video or audio surveillance equipment for the protection of persons or property. No persons may use surveillance equipment except with authorization, which may only be obtained by the Director of Public Safety after consultation with the President, the Dean of Students, or the Vice President of Business.

Solicitation by Off-Campus Individuals or Organizations

(including commercial sales, fundraising, and distribution of literature)

GENERAL POLICIES

No person (which includes individuals and organizations) other than Lake Forest College students, faculty, or staff, including such College-recognized organizations as they may form, may distribute literature, advertise, solicit, seek donations, or make sales on campus without the express authorization of the Director of the Gates Center.

SPECIFIC POLICIES

A. Commercial Sales: The Director of the Gates Center may grant permission for solicitations and sales by off-campus concerns. Such permission, when granted, will be subject to such limitations as the Director of the Gates Center may prescribe.

B. Charitable, Political, or Religious Solicitation: As a rule, representatives of off-campus political, religious, and charitable groups will not be permitted to solicit on campus. However, representatives of such off-campus groups who are acting on behalf of candidates for public office or of bona fide political or religious organizations may request permission to sell or distribute their political or religious literature under the following guidelines:

1. Non-members of the College community who are acting on behalf of candidates for public office or of bona fide political or religious organizations and who wish to seek permission to distribute and/or sell political or religious literature on the campus must apply to the Gates Center between 9:00 a.m. and 5:00 p.m., Monday through Friday.
2. The only site where political or religious literature may be sold or distributed is between the two entrances of the Gus and Margie Hart Dining Hall in Stuart Commons. Entrances and exits in and around the building shall not be blocked by persons soliciting or selling.
3. The sale or distribution of political or religious literature will be limited to the hours between 9:00 a.m. and 5:00 p.m., five days a week.
4. No more than two individuals from the same organization will be allowed to distribute or sell political or religious literature at any one time.
5. The sale or distribution of political or religious material by off-campus individuals or groups will be limited to once a month on behalf of any individual or group; but upon petition to the Dean of Students, this restriction may be waived at the sole discretion of such Dean.
6. Lake Forest College students, staff, faculty, and their respective organizations will have preference in the use of the campus facility described above in paragraph B.2 over off-campus individuals or groups wishing to distribute or sell political or religious literature.
7. Harassment of members of the College community by those selling or distributing political or religious literature, or the sale or distribution outside of the house or location for which permission has been granted, will be cause for the immediate revocation of permission for the sale or distribution of literature.
8. Permission regarding requests under these guidelines may not be granted in particular instances if it appears that any special circumstances relating to College activities may be impeded thereby or that such permission to sell or distribute political or religious literature may place an unacceptable burden on the College's public safety forces and administrative staffs.

Speaker Policy

The following is excerpted from the resolution adopted by the Board of Trustees on December 2, 1963:

... Lake Forest has long recognized that academic freedom for its faculty and students is not a privilege granted by administration and trustees, but an absolutely necessary atmosphere without which excellence in education cannot be attained. If the quest for truth is not free,

then both the quest and the truth are seriously endangered. Every teacher and every student at Lake Forest enjoys the rights guaranteed to all Americans by the Constitution of the United States and the privileges traditionally accorded all members of the academic community, both in the classroom and outside of it.... In its policy governing this appearance of outside speakers on campus, Lake Forest College seeks only to be assured that such speakers are willing to engage themselves in a rational dialogue with faculty and students, in a give and take of free discussion. The sole purpose of inviting a speaker is to contribute to the aims of the College as a center of free inquiry and sound learning. To assure that a speaker is the kind of person whose method of presentation is appropriate to the atmosphere of a liberal arts college, the following procedures must be followed:

1. Only organizations officially recognized by the College may invite a speaker to the campus.
2. Before inviting a speaker, student groups must obtain the written approval of the Dean of Students.
3. If the Dean of Students objects to the invitation of a particular speaker, the College Council will automatically review the case before a decision is given to the applying group.

In May of 1966 the Board of Trustees supplemented its resolution as follows:

The College is desirous of continuing that policy, opening its doors to all points of view. It seeks also, however, to ensure that invited guests of the College, or of groups within the College, will be treated with courtesy and respect and accorded the dignity due to them as human beings, no matter how strongly persons in their audiences might disagree with their ideas.

The College Administration and Trustees, therefore, set forth the College attitude as follows:

1. The College, out of simple courtesy, wishes to protect its guests from insults and indignities.
2. The College seeks to preserve a forum open to all. Freedom of inquiry in a liberal arts college takes precedence over freedom of public demonstration.
3. Picketing or demonstrating are appropriate tools only where the rational processes of discussion have broken down so that negotiation or dialogue is no longer possible.
4. The College wishes to make it clear that outsiders who are not members of the College community and who seek to intervene or agitate on College property will be treated as trespassers.
5. Further, in order to preserve an orderly atmosphere and avoid possible embarrassment to invited guests, the College will prohibit two speakers representing opposing viewpoints on the same date, unless the events have been appropriately arranged in advance and unless both speakers have full prior knowledge and acceptance of the circumstances of their invitation.
6. The College neither has, nor desires, authority to prohibit its students from participating as individuals in picket lines or peaceful and lawful demonstrations off campus on behalf of causes with which they are in sympathy.

Guests and Recruiters

Any guest to campus (e.g., speaker, recruiter) must be invited by a member of the campus community and or a recognized student organization. All guests and recruiters are expected to adhere to all campus policies including the College's non-discrimination policy. No student may obstruct other students from access to an exchange of information with a speaker, recruiter, or representative who has made arrangements to visit the College. No speaker,

recruiter, or representative who visits the College shall be permitted to take photographs of demonstrators or, in any other way, prevent students from exercising their right to demonstrate peacefully.

POLICIES AND PROCEDURES - ACADEMIC

Requirements for the Bachelor's Degree

In order to receive the Bachelor of Arts degree, students are expected to complete 32 credits, fulfill the general education requirements, attain at least a 2.00 overall Lake Forest College grade point average (without rounding up), and complete the requirements of a major. Normally, a student is expected to fulfill graduation requirements within four years. Students, including transfer students, must fulfill distributional requirements as outlined under the General Education Curriculum in the Lake Forest College Catalog.

Course Credits

COURSE CREDITS AND COURSE LOADS

Credit is earned, recorded, and tallied by courses rather than by semester hours. For conversion purposes, a course is valued at four semester hours. A normal course load is 4 course credits per semester, but a student may choose to take any load between 3 and 4.5 course credits to be granted full-time status. Courses in education that are required for certification but not credited toward a degree, private music lessons, or music ensembles may be added to the normal course load. Consult with the Registrar for complete information regarding credit for these courses. An overload is any course load in excess of 4.5 credits in a given semester. With the permission of the advisor, a student may register for an overload if the total is not greater than 5 course credits in any semester. (See *Tuition and Expenses* in the College Catalog for course overload fee.) A student has full-time status if he or she is registered for at least 3 course-credits load (the equivalent of 12 semester hours) per semester. Students register for a full course load for the entire year, unless they are seniors needing less than a full course load to graduate on time.

CREDIT DISTRIBUTION

Exceptions to the following rules may be granted only by the Academic Appeals Board.

Of the 32 credits required for graduation, the following rules apply:

- At least 8 but no more than 15 must be taken in the student's major field. More than the minimum of 8 may be required.
- A student may not take more than 15 credits, including internships, in any discipline.
- No more than 16 transfer credits (60 semester hours) may be counted toward Lake Forest College degree requirements.

Twelve of the last 16 credits earned must be Lake Forest College credits. (A student may petition the Academic Appeals Board to spend an entire junior year elsewhere.) The last 4 credits are required to be earned on the campus, with the exception of credits earned during College-supervised internships. To graduate, a student must accumulate a 2.00 grade point average (without rounding up) in courses taken at Lake Forest College.

Academic Standing and Progress

Students with fewer than 7 completed credits are classified as first-year students. Those with at least 7 credits are classified as sophomores, those with at least 15 credits as juniors, and those with at least 24 credits as seniors. Normally, a student is expected to fulfill graduation requirements within four years.

Credit from Outside the College

TRANSFER CREDIT

The College is most likely to recognize a course taken at another accredited institution if Lake Forest offers a comparable course. Courses at other accredited institutions that are in

the liberal arts tradition, but do not have comparable counterparts at Lake Forest, may also be granted credit. Lake Forest students are required to receive prior approval from the College before taking coursework at other colleges. No more than 16 transfer credits can be counted toward Lake Forest College degree requirements. No courses with D grades may be transferred to the College. Plus and minus grades with the exception of grades of A+ earned at another institution will be recorded on the Lake Forest College transcript, but are not counted in the Lake Forest GPA.

An official transcript from the issuing institution must be given to the Registrar's Office before any academic work done elsewhere may be accepted for Lake Forest College credit. The Registrar evaluates transcripts and awards transfer course credit; students may appeal decisions to the Academic Appeals Board.

CREDIT FOR SUMMER WORK AT ANOTHER INSTITUTION

Enrolled students who plan to attend a summer session at a college in the United States other than Lake Forest must obtain prior approval for the proposed program of study. Forms for this purpose may be obtained from the Registrar's Office. Transfer credits may be not be accepted for students who fail to obtain approval. Upon approval of coursework, credits earned by a student at another college will be converted into Lake Forest College course credits and will be included in the student's total credits toward graduation, but the grades will not be used to calculate the grade point average.

CREDIT BY EXAMINATION

Students may apply to pass a regular course by special examination without prior enrollment. Students will be charged for course credits they earn by examination. Consent of the instructor and approval of the Dean of the Faculty are required. Where appropriate, the instructor may set requirements in addition to the examination itself. For credit to be awarded, a grade of C- or better must be earned on the examination, but the student's transcript will show only a CR (Credit). Special examinations are not allowed for courses that are usually part of pre-college curricula (for example, elementary languages or elementary mathematics) and are not normally allowed in courses previously audited or in which a student was enrolled.

ADVANCED PLACEMENT

Students who have successfully completed Advanced Placement (AP) courses and the appropriate Advanced Placement examinations provided by the College Entrance Examination Board may apply for College credit for this work. Only AP credits receiving a score of 4 or 5 will be accepted for Lake Forest College credit, except by departmental approval. Each department determines the specific amount of credit to be awarded. (A score of 4 or better on both the microeconomics and macroeconomics exams is required for one course credit in economics.) Credit will not be granted for both Advanced Placement and International Baccalaureate program examinations in the same department.

INTERNATIONAL BACCALAUREATE

Students who have successfully completed International Baccalaureate courses and taken the higher-level examinations provided by the International Baccalaureate Program may apply for college credit for this work. Grades of 4, 5, 6, or 7 on the higher-level examinations entitle students to at least one course credit; grades of 1, 2, or 3 are not granted credit. Each department will determine the specific amount of credit to be awarded. Credit will not be granted for both Advanced Placement and International Baccalaureate program examinations in the same department.

Grades and Academic Records

BASIS OF ACADEMIC EVALUATION

Students shall be evaluated by their instructors solely on the basis of their academic performance, not on their opinions or conduct in matters unrelated to academic standards.

GRADES

The College employs an A, B, C, D, F grading system. Faculty may append a plus or minus to all grades A through D, with the exception that there is no grade of A+. The grade of A is awarded for work of outstanding quality. The grade of B indicates good work, C satisfactory work, D marginal work, and F failure. A department may require a minimum grade in courses prerequisite to more advanced work.

CREDIT-D-FAIL OPTION

Students may choose the option of receiving a notation of CR (Credit) to indicate a grade of C- or better in any course they take. Under this option, grades of D (no plus or minus), F, W, and WF are recorded on the transcript as usual. Application for this option, or for changing back to regular letter grades, must be made before the end of the first two weeks of the semester. The prior approval of the student's advisor is required.

GRADE POINT AVERAGES

The grade point average (GPA) attained for each semester of a student's work, as well as the student's cumulative grade point average, is recorded on the student's official academic record at the end of each semester. It is weighted according to course credit. Grade point averages are computed on the following basis:

A	4.00	B-	2.67	D+	1.33
A-	3.67	C+	2.33	D	1.00
B+	3.33	C	2.00	D-	0.67
B	3.00	C-	1.67	F	0.00

Grades of CR, I, X, MW, W, and RS will not be included. A grade of WF is computed as a failing grade (0.00).

The Lake Forest GPA includes grades earned in Lake Forest College courses and in Associated Colleges of the Midwest (ACM) programs but does not include Washington Semester grades or grades earned while a student has studied off-campus under a consortium agreement or in coursework earned from other institutions.

INCOMPLETES

Instructors may record a grade of I (Incomplete) for a student who is prevented by illness or other reason beyond the control of the student from completing the requirements of a course. The student must complete the appropriate assignments and deliver them to the instructor no later than the end of the first week of classes of Spring semester if the incomplete was received at the end of the Fall semester, and no later than one calendar week after the close of the Spring semester final exams if the incomplete was received at the end of that semester. Instructors are required to submit the revised grade to the Registrar within three days after the expiration of the incomplete. Extensions of the deadlines are possible **only** with special permission from the Dean of Students. If the Registrar does not receive a revised grade by the appropriate deadline, a grade of F will be recorded in place of the I. This policy applies only to undergraduate work.

GRADES OF X

A grade of X may be assigned at the initiative of an instructor when a student who has been doing at least passing work in a course unexpectedly fails a final assignment. With the

instructor's authorization, the student has the same amount of time to redo the assignment, or its equivalent, as is available for an incomplete, but in no case may the final revised grade be higher than a D+.

GRADES OF PR

A grade of PR (Progress) is used at the end of the first term of a two-term senior thesis or other independent study project if the student is making satisfactory progress. A final letter grade for both semesters will be entered when the project is completed at the end of the next term. Satisfactory progress is defined as a minimum of a C- grade for the work thus far completed. Accordingly, if a student receives a final grade of D or F in the thesis or other project, the PR grade as replaced cannot be lower than a C-. This policy applies only to undergraduate work.

GRADES OF RS

The RS grade, introduced in the fall of 1997, indicates that the requirements have been satisfied in a course without credit.

REPEATED COURSES

Any course taken at Lake Forest College, except a First-year Studies course, in which a student received a grade of C- or lower may be repeated once with replacement of the earlier grade, as long as the repeated course has the same course number as the course whose grade it replaces, and is not repeatable for credit under its catalogue description (as are certain topics courses, etc.). This replacement is for the purposes of calculating GPA only: all grades received appear on the Lake Forest College transcript. This policy includes courses from which a student has withdrawn with a W-F. A student may only take one First-year studies course during her or his time at Lake Forest College.

A course may be repeated with replacement of the earlier grade only once. After that, the grades in any further repetition of the course will stand and be counted into the student's GPA along with the grade for the second time he or she took the course.

Over the course of his or her Lake Forest College career, a student may repeat no more than two courses for replacement of a grade. Should a student repeat more than two courses over her or his time at the College, the grades earned for the first two of these repeated courses will replace the grades of the previously taken courses of the same number; the grades for any courses beyond that will be included in the student's GPA like any other course.

SEMESTER AND WARNING GRADE REPORTS

Final grade reports are sent to students at the close of each semester. Grade reports for first-year students, in courses where work is currently failing, marginal, or incomplete, will be submitted to the Registrar's Office on the last day of the sixth week both Fall and Spring; copies are then sent simultaneously to parents or guardians.

TRANSCRIPTS OF ACADEMIC WORK

The Registrar's Office maintains a permanent, official academic record of registered courses for each student, which includes grades, credits, and other pertinent information. Students may request certified copies of their College transcript records. Official transcripts are released only upon written authorization of individual students or alumni. Forms for transcript requests are available at the Registrar's Office. The first requested copy is free of charge. The charge for additional transcripts is \$7. Currently enrolled seniors may order up to 20 official transcripts for graduate/professional school applications at a reduced rate of \$5 each. Students must clear financial obligations with the Business Office before transcripts will be released. A period of a week should be allowed for filling a transcript request.

THE DEAN'S LIST

The Dean's List recognizes students who have achieved distinguished academic records. It is compiled at the end of each academic year. Only Lake Forest College course credits are counted. To be selected for this honor, a student must have received during the year at least six graded course credits, and must have received no more than two credits on the Credit-D-Fail option, and must have attained a GPA during the year of at least 3.60 (without rounding up). Repeated courses will be considered in this calculation as long as they have been repeated during the academic year for which the student earned Dean's list status, and follow the policy regarding repetition of courses ("Repeated Courses").

In order to reward outstanding academic performance and to provide adequate challenge to the brightest students, those who gain Dean's List distinction are permitted to take a fifth course without additional charge during one semester of the academic year following that distinction. Only applied music courses and courses offered through ACM and non-Lake Forest College off-campus programs are excluded from this policy.

Academic Probation, Suspension, and Dismissal

The academic record of every student is reviewed by the Academic Appeals Board of the faculty, the Dean of the Faculty, and the Dean of Students at the end of each term. As a result of such reviews, students may be placed on academic probation by the Dean of Students or the Academic Appeals Board as a warning that they are in danger of academic suspension. Students are placed on academic probation whenever their cumulative GPA falls below 2.0.

No student on academic probation may be enrolled as less than a full-time student, unless special permission has been given by the Dean of Students. Students are suspended when their GPA in any term is less than 1.0, even if they have not previously been on academic probation. In addition, students on academic probation are suspended when their GPA for any probationary term is less than 2.0. No student may remain on academic probation for more than two consecutive semesters without being suspended. All students who are suspended have the right to appeal. Appeals are considered on a case-by-case basis. A student who is suspended for academic reasons is not eligible to apply for readmission for at least six months. A student may be readmitted only once; a second suspension for academic reasons is known officially as an Academic Dismissal and becomes a permanent separation from the College for academic reasons. Suspension or dismissal from the College may also be mandated under conditions set forth under the judicial process. Probation, academic suspension or dismissal, and readmission are noted on the student's official academic record and appear on transcripts sent outside the College. Parents or guardians are notified when a dependent student is placed on probation, suspension, or dismissal. Only in unusual circumstances can exceptions to the rules concerning probation, suspension, and dismissal be considered by the Academic Appeals Board.

Course Procedures

REGISTRATION IN COURSES

Enrolled students are allowed to pre-register each spring for the next academic year. Students who have pre-registered by the end of Spring term will be given first priority in courses for the coming year. First-year students have an opportunity to register for Fall semester by mail during the summer preceding their entrance to the College. The spring registration plans are formally completed during designated registration periods in the fall. Prior to the Spring semester, additional days are scheduled for confirming or changing registration plans for that semester. All students must validate their registration for both the Fall and Spring semesters; failure to do so may result in a cancellation of registration. A fee is charged for late registration.

COURSE CHANGES AND WITHDRAWALS

To change from one course to another after registration, a student must file a Change of Registration form. If this procedure is not followed according to the schedule outlined below, a failing grade of F will be recorded for the course in which the student is officially registered, and the student will not receive credit for the other course.

Because the normal course load is defined as 3 to 4.5 course credits per semester, a full-time student is permitted to reduce his or her registration to fewer than 3 course credits during a semester-in-progress only with prior written approval of his or her faculty advisor and the Dean of Students.

The following rules apply to such course withdrawals: Within the first 2 weeks of a 15-week course, a course withdrawal is regarded simply as a permissible change of registration. Only the courses in which the student remains registered will appear on the transcript.

In a 15-week course, the last day for approved withdrawal from a course with an automatic W will be the last day of the ninth week of classes (unless a Medical Withdrawal has been authorized—see below).

After the end of the ninth week in a 15-week course, withdrawal results in either a W or a WF, depending upon the instructor's evaluation of the student's progress in the course in question at the time of the withdrawal. A student may not withdraw from a course after the last day of classes (that is, during the reading or examination periods or thereafter).

If a student ceases to attend class and fails to withdraw officially from that course (including physical education) in which the student is officially registered, it will result in the recording of a failing grade for that course.

MEDICAL WITHDRAWAL FROM COURSES

Students who believe that medical circumstances make it necessary for them to withdraw from a course after the first 2 weeks of the semester may apply in writing to the Dean of Students for a Medical Withdrawal. An application must be accompanied by a signed statement from the student's attending health care professional. This procedure assumes that the student wishes to remain enrolled in school. (For information regarding medical withdrawal from the College, refer to the section *Withdrawal from and Readmission to the College*, later in this document)

After application has been made, the Dean of Students will review the case and determine whether the student may receive a grade of MW for the course instead of W or WF. A medical withdrawal may result in the need for the student to take an overload or summer school courses in order to graduate on schedule. The financial consequences of medical withdrawals from courses are the same as those for standard withdrawals from courses. (See "Refunds" below.)

REDUCTION OF LOAD TO FEWER THAN 3 COURSES

Full-time students will not normally be permitted to reduce their course load to fewer than 3 course credits in any semester. A reduction in course load may affect their eligibility for financial aid and their participation in organized sports. Resident students must seek permission from the Dean of Students to remain in student housing when reducing their load to part-time.

EXCEPTIONS

An exception to the usual policies concerning course withdrawals may occur when a student has been brought before the Academic Honesty Judicial Board. The student is permitted to

withdraw, through the last day of class, from a course in which a charge of violating the academic honesty policy has occurred. But if the Board determines that a violation has occurred in that course, any penalty imposed will take precedence over the course withdrawal.

- When a student is penalized with failure of the project, assignment, or paper, the faculty member will record the zero in determining a final course grade. A student withdrawing from a course with a passing course grade (as determined by the faculty member) will earn a W, while a student withdrawing from a course with a failing course grade will earn an F, regardless of when in the semester the withdrawal may have taken place.
- When a student is penalized with failure of the course, the recorded grade will be F, rather than WF, regardless of when in the semester the withdrawal may have taken place.

REFUNDS OR WITHDRAWAL FROM COURSES

Any combination of courses ranging from 3 to 4.5 credits is regarded as a full load and regular full-time tuition applies. There are no refunds for course load changes within this range of credits. Students registering for fewer than 3 credits per term with the permission of the Dean of Students will be charged at a per-course rate. (See the "Refund Policy" section in the College catalog for more detail.)

ATTENDANCE

Classroom activities are an integral and important part of the learning experience. Therefore, it is expected that students will attend class meetings. Each member of the faculty has the prerogative of establishing specific attendance policies that in his or her opinion are best suited to the course. Faculty members are required to publicize such policies to the class in writing at the beginning of the course.

Students who miss class meetings because of participation in a "College-approved event" – so designated by the Dean of the Faculty – are officially excused but will be expected to make up any work missed and will be allowed to do so in a manner approved by the faculty member whose class was missed. If, in the judgment of the instructor, making up the work missed is not feasible, the student may not be penalized for the absence from the class.

In cases when students miss a class for any reason other than to participate in an event previously designated by the Dean of the Faculty as "College-approved," only the individual professor may "excuse" the absence. If a professor has deemed a student absence is "excusable," the Dean of Students's office will document the absence for the professor if necessary.

AUDITING OF COURSES

Students who wish to acquaint themselves with a subject without receiving credit may audit a course with the permission of the instructor. Auditors are not subject to the requirements of the course, but they are expected to participate seriously. There is no audit fee for full-time students; part-time students are charged a minimum amount per course. Examination for course credit is not permitted in an audited course.

FINAL EXAMINATIONS

By faculty regulation, no test may be given prior to its originally designated time. Only the Dean of the Faculty may grant exception to this rule and only at the request of the faculty member.

A term paper may be assigned in lieu of a final examination in a course, but in such cases students are entitled to have until the end of the scheduled examination time for a course to submit their term papers. If not returned immediately to students, examination papers, particularly final examination papers and term papers, are to be kept by faculty members for

at least one term before being destroyed, so as to be available for review by students. Papers from the Spring term are to be kept through the Fall term.

Student Academic Appeals

Lake Forest College has established procedures that individual students may use when they wish to make an academic appeal or when they believe that a grade has been assigned by an instructor in a prejudiced or capricious manner.

ACADEMIC APPEALS BOARD

The Academic Appeals Board is a part of the College's governance system. It considers and acts on cases of academic probation, suspension, or dismissal; on cases in which students appeal the interpretation of faculty rules by a dean; and on cases in which faculty rules are unclear. The Board and the Dean of Students meet at the end of each semester to review the academic records of all students and to take such action as is necessary in cases involving academic probation, suspension, and dismissal. Throughout the academic year, the Board considers appeals involving the academic policies of the College and their interpretation. In extraordinary cases, the Board grants exceptions to faculty rules, but only by a unanimous vote of all three voting members of the Board. Students who wish to appeal an academic decision by a dean or who believe that they deserve an exemption from an academic policy may present a written appeal to the Board. The appeal must clearly describe the decision being appealed or the policy from which the student wishes to be exempted and must state the substantive reasons for the appeal. Each appeal must also have attached a detailed statement from the advisor regarding the appeal. Additional information may be appended to the written appeal if desired. Each appeal must be signed and include the student's mailing address. Appeals may be submitted to the Registrar, the Dean of Students, or the chairperson of the Board. To request credit for off-campus study, a student must see the Director of Off-Campus Programs.

PROTECTION AGAINST IMPROPER ACADEMIC EVALUATION

Students are responsible for maintaining standards of academic performance established by their professors, but they will have protection against prejudiced or capricious academic evaluation. Students will be informed at the beginning of the course of the evaluative criteria to be used for that course. When a student believes his or her grade in a course has been prejudiced or capricious and has been unable to resolve the matter through interaction with the faculty member involved, the student may call the matter to the attention of the departmental chairperson. Students must contact the chairperson within two calendar weeks following the beginning of classes in the term following the alleged injustice. After the student has submitted a letter specifying the details of the alleged injustice, the chairperson will appoint a committee of the instructor's colleagues to meet with the student and the instructor and hear evidence concerning the alleged injustice. Whenever possible, the committee will consist of three members of the instructor's department. When the department is too small to permit this procedure, the committee may be composed of two colleagues instead of three. When the departmental chairperson is the instructor accused of the alleged injustice, the student may contact the faculty member of highest rank within the department other than the chairperson, who will appoint a review committee. Any student requesting a review is responsible for presenting for review all tests, papers, etc., that enter into a grade and that have been returned to the student. All tests, papers, etc., that enter into a grade and have not been returned to students will be kept on file by instructors for at least one semester following the end of a course. After hearing all available evidence in a particular case, the members of the review committee meet with the instructor (the student not being present) and state their opinions concerning the matter. If there is unanimous agreement among the committee members that a grade should be changed, the instructor is obligated to change the grade accordingly. In the absence of such unanimous agreement,

the grade decision rests solely with the instructor. (This policy was approved by the faculty on April 4, 1967, with editorial revisions in July 1977 and June 1993.)

Academic Honesty

Lake Forest College is committed to the highest standards of academic honesty. These standards reflect the core values of our institution and, thus, are reflected in our mission statement. The standards include integrity, respect, conscientiousness, self-discipline, and civility. Such standards are central to the process of intellectual inquiry, the development of individual character, and the maintenance of a civilized community. The integrity of academic life depends on cooperation among students, faculty, and administrators.

Academic dishonesty is any act in which a scholar fails to properly identify the sources of material used in his or her work.

EXAMPLES OF ACADEMIC DISHONESTY INCLUDE, BUT ARE NOT LIMITED TO:

- Procuring in an unauthorized manner the questions or answers of any examination or employing unauthorized aids while taking an examination.
- Representing any work product as one's own that was done in whole or in part by another person or in collaboration with another person without attribution or proper citation.
- Engaging in any form of conduct or action that violates the letter or spirit of the College's Academic Honesty Policy, including but not limited to: copying, closely paraphrasing, or using another work without explicit acknowledgement of author and source.
- Submitting the same paper for credit in more than one course without the written consent of all instructors involved.
- Falsifying data, citations, or other information for academic work of any sort.
- Misrepresenting work done, including submitting a report on a performance or exhibit one did not attend.
- Aiding another scholar in the violation of the Academic Honesty Policy.

RESPONSIBILITIES OF STUDENTS

Every student is to uphold the ideals of academic honesty and integrity. Other responsibilities of students include:

1. Students are expected to know Lake Forest College's Academic Honesty Policy. Ignorance of the policy shall not be considered an excuse or a mitigating factor in Academic Honesty Judicial Board proceedings.
2. Students should consult faculty or staff members when they are unsure whether their actions would constitute a violation of Academic Honesty Policy.
3. In addition to the standards regarding academic honesty given in the Student Handbook, students are to heed all expectations regarding academic honesty as stated by their course instructors.
4. Students are expected to know what constitutes plagiarism. A handout explaining plagiarism is available at the Writing Center, the Learning and Teaching Center, and the reference desk of the library.
5. Student members of the Academic Honesty Judicial Board shall maintain the confidentiality of students accused of violating Academic Honesty Policy.

RESPONSIBILITIES OF FACULTY

Every faculty member is to uphold the ideals of academic honesty and integrity. Other responsibilities of faculty include:

1. Every faculty member is to be acquainted with Lake Forest College's Academic Honesty Policy as outlined in the student and faculty handbooks.

2. Faculty are to maintain the confidentiality of students accused of violating Academic Honesty Policy, consistent with College policy and applicable governmental regulations.
3. Faculty and staff are to exercise caution in the preparation, duplication, and security of examinations.
4. No test may be given prior to its originally designated time. The Dean of the Faculty may grant exception to this rule at the request of the faculty member.
5. Faculty are to take reasonable steps consistent with the physical conditions of the classroom to reduce the possibility of cheating on examinations.
6. Classroom tests are to be proctored with diligence.
7. An instructor who returns a final examination to students is to send a copy of the examination to the library, which will retain it for three years and make it accessible to students.

ACADEMIC HONESTY JUDICIAL BOARD

Composition: The Academic Honesty Judicial Board (AHJB) is composed of a Chair and a pool of 6-8 faculty members and at least 8 students. The Chair is a faculty member selected cooperatively by the Dean of the Faculty and the Dean of Students. The pool of faculty members is appointed by the Faculty Personnel and Policies Committee. The faculty members should represent diverse divisions. The student members are selected using the following process:

- The Dean of Students solicits nominations from students, faculty and staff during the Spring term of each academic year (to serve during the subsequent academic year). Nominations must include a brief description of the nominee's qualifications, and be submitted to the Dean of Students by the last day of classes of the Spring term.
- Nominations are vetted by the Dean of Student's' office. Nominees may not have violated the College's Academic Honesty Policy nor been found responsible for any student conduct policy violation. The Dean of Students may make exceptions in special cases.
- Nominees whose applications pass the vetting process are invited to submit a statement indicating their interest and qualifications.
- The Dean of Students and the Dean of the Faculty review applications and determine which students will join the AHJB beginning in the Fall of the next academic year. There is no maximum size to the pool – all students deemed qualified may be included. The Dean of the Faculty informs students of their addition to the AHJB over the summer.

Procedures: A faculty member may bring a charge of academic dishonesty against a student if, in his or her judgment, the student has violated the Academic Honesty Policy. The faculty member shall inform the student of the allegation in writing along with a recommended sanction. Faculty are encouraged to consult with the AHJB Chair regarding appropriate sanctions. The faculty member must allow an accused student up to five business days to consider the allegation and submit a statement admitting or denying the allegation, and agreeing or disagreeing with the recommended sanction.

If the faculty member is unable to contact the student despite making a good faith effort to do so, he or she should submit a formal charge and any other appropriate documentation to the AHJB Chair. In this case, the Chair informs the student of the formal charge and instructs the student how to proceed.

If an accused student admits to violating the Academic Honesty Policy and agrees with the faculty member's recommended sanction:

- The faculty member and student submit their respective statements to the AHJB Chair.
- For a first offense, the AHJB simply records the violation and sanction, notifying all appropriate parties (see "sanctions" below).
- For second and subsequent offenses, the AHJB meets to determine the sanction. The faculty member and student are invited to address the AHJB before sanctioning.

If an accused student denies violating the Academic Honesty Policy or disagrees with the faculty member's recommended sanction, the AHJB hears the case according to the following the procedure:

- The faculty member and student each submit a statement and evidence to the AHJB Chair.
- The Chair sets a date for the hearing, normally within one week of receiving the student's statement, and notifies the student by email and by registered campus mail or registered U.S. mail. The hearing date may be postponed at the discretion of the Chair. The Chair, upon consultation with the faculty member and the student, may summon a reasonable number of relevant witnesses to the hearing.
- Any party may consult with the Chair at any time.
- The student has the right to be assisted at the hearing by an advisor drawn from within the campus community.
- The hearing consists of the Chair (who does not vote) and of a jury of 3 faculty members and 4 student members from the AHJB. A finding of responsibility requires 4 votes out of the 7 voting members.
- In the event that the AHJB members agree on the finding of responsibility but are divided on the issue of an appropriate sanction, the AHJB first votes on the most severe of the contemplated sanctions, proceeding through lesser sanctions until a sanction receives at least 4 votes.
- Evidence must pertain to the charge as determined by the Chair.
- The Chair notifies the student and faculty member of the AHJB's decisions by registered campus mail or registered U.S. mail.
- When a case arises between semesters or during summer session, the AHJB ordinarily defers consideration until the following semester. However, the student involved may elect to have his or her case determined by an ad hoc AHJB convened by the Dean of the Faculty and drawn, insofar as possible, from the regular AHJB, consisting of 3 voting faculty members, 4 students, and a non-voting faculty Chair.

Sanctions: The faculty member, Dean of the Faculty, Dean of Students, Chair of AHJB, and the faculty advisor are notified of any sanctions assessed for Academic Honesty Policy violations. Furthermore, the Registrar is notified of any course failures. Suspensions or expulsions from the College are recorded on students' transcripts and in their permanent files.

- For first offenses, the expected minimum sanction is zero points awarded for the project, examination, or assignment. The maximum sanction is failure of the course. The sanction should also include one or more educational components, such as informational sessions with library or Ethics Center staff, or repetition of the assignment for no credit.
- For second offenses, the expected minimum sanction is zero points awarded for the project, examination, or assignment, an educational component, and suspension from the College for the following semester. If the AHJB recommends suspension from the College, this recommendation is submitted to the President by the Chair along with a recommendation regarding whether the College should accept courses taken at another institution while the student serves his or her suspension. The President then notifies

the student and AHJB Chair of his or her decision by registered campus mail or registered U.S. mail.

- For third offenses, the expected minimum sanction is zero points awarded for the project, examination, or assignment and expulsion from the College. The Chair informs the President of the AHJB's recommendation. The President then notifies the student and AHJB Chair of his or her decision by registered campus mail or registered U.S. mail.

Withdrawals: See the section titled "Exceptions" under Course Procedures regarding withdrawals from courses in which charges of academic dishonesty have been brought.

Appeals: A student may ask the Dean of the Faculty to consider an appeal on procedural grounds only.

Student Evaluations: When a faculty member has brought a charge of academic dishonesty against a student, a note indicating that such a charge was made will be included with the student evaluations for that course.

Independent Scholar Program

The Independent Scholar Program (IS), established as "The College Scholar Program" in 1970, offers students the opportunity to play a major role in determining the nature and goals of their college education. The program is open to students who have completed half the credits needed for graduation. Admission into the program is based on evidence that student applicants are capable of superior academic achievement, self-directed study, and completion of their formal study plan. Students may formulate their study plan to incorporate one or more of the official majors at the College, or they may devise their own major. In either case, the benefit of the program to students is to provide them with great range for independent study and self-determination in their college education. While student innovation, flexibility, and independence are encouraged, the work of students in the program is measured against high standards and monitored by individual Independent Scholar advisors and by the Independent Scholar Committee. Graduation as an Independent Scholar requires completing a substantial and meritorious senior thesis or equivalent creative project in the senior year and passing an oral or written senior examination on the student's area of concentration. Details follow concerning administration of the program, admission procedures, enactment of the study plan, withdrawal from the program, and the junior and senior evaluations.

ADMINISTRATION

Responsibility for overseeing the program as a whole rests with the Independent Scholar Committee, consisting of the Dean of the Faculty and three faculty members, one from each division, appointed by the President. Particular duties of the Independent Scholar Committee include promulgating information about the program, admitting students, removing students, approving changes in study plans of the Independent Scholars, and carrying out other tasks mentioned in the following sections. Much of the responsibility for overseeing the work of individual Independent Scholars rests with the Independent Scholar Study advisors who have agreed to work with them. Particular duties of the advisors include the following: help the prospective Independent Scholar devise a study plan; serve as liaison between the student and faculty members in major departments or areas of concentration, other instructors, and the IS Committee; schedule regular study plan review conferences with the student and report to the IS Committee concerning any student who does not seem to be performing well; submit a brief report to the IS Committee at the end of the student's junior year, including an assessment of student performance and a recommendation concerning continuance in the program; assist the student in defining the senior project and securing appropriate faculty guidance; work with other appropriate faculty on the content and design

of the senior examination, select an examination committee, and supervise the examination; and submit a final report to the IS Committee at the end of the student's senior year, including an evaluation of the senior thesis or creative project, an assessment of how well the student performed in the program and the degree to which the student profited from participation in the program, and an evaluation of the senior examination signed by the examining committee.

ADMISSION PROCEDURE

Admission into the Independent Scholar Program is based on a study plan, an evaluation by the student's prospective IS advisor of the academic merits of the plan and the probability of its completion, a letter of recommendation from one other faculty member of the student's choice with whom he/she has studied, and any other supporting materials the student or committee wishes to include. A clearly superior academic record, as indicated by the student's grades and letters of recommendation, is required for entrance into the program. The study plan is prepared after consultation with the faculty member who agrees to be the student's IS advisor. The plan is a crucial sample of performance for purposes of judging admission into the program. It should include the following items: name of special field, topic, or theme of interest (this may or may not correspond to existing majors); description of intellectual goals and methods for achieving those goals, including how the Independent Scholar Program can facilitate that achievement; and a specific study schedule for the first year and a tentative one for completion of the program thereafter. The study schedule should indicate relevant courses, independent studies, internships, etc. The schedule should reflect both an integrated study program within the field of interest and, together with previous coursework, the breadth that marks a liberal education, as well as a proposal for the method of evaluation of work done in the study schedule and credit value of courses and projects. The next section suggests some of the options and requirements that the student and advisor might consider when formulating the study plan.

ENACTMENT OF THE STUDY PLAN

Independent Scholars are expected to confer regularly with their advisors. The advisor must approve the study schedule and any changes made in it. Major changes must be approved by the IS Committee. Components of the study schedule might include any combination of existing courses, modification of existing courses, and independent studies and internships, without the normal restrictions. For modification of existing courses, the Independent Scholar must secure the approval of the instructor. For independent studies and internships, the credit value, duration, and method of evaluation will be negotiated by the Independent Scholar, the IS advisor, and faculty members under whose direct guidance the IS intends to work. Credit value other than what is normal must be approved by the IS Committee. Whatever the composition of the study schedule, the Independent Scholar must complete the College-wide requirement of 32 course credits for graduation as well as the General Education Curriculum (GEC) requirements. After securing the consent of the IS advisor, the supervisor, and the Dean of Faculty on the Independent Study form, the Independent Scholar may register for an independent study project simply by entering the appropriate information on the class registration form. Upon termination of the project, the IS will submit to the supervisor(s) a completed form designated "Report on Independent Study Project." A copy of the statement should be forwarded to the IS advisor. Except for regular courses, instructors will be requested to submit to the IS advisor at the end of the semester a written evaluation of the Independent Scholar's performance. An Independent Scholar may enroll in academic programs at other institutions as part of an official Program Leave; however, College policy regarding the maximum number of credits that may be accrued in this manner still applies. Each Independent Scholar is required to carry out a senior project in the form of scholarly research or creative expression. This will take the form of a senior thesis or an equivalent creative project and will be evaluated in accordance with current

policy. The senior thesis or creative project should represent competent scholarship or creative activity on the part of the student.

WITHDRAWAL

Students may withdraw voluntarily from the program at any time. Students whom the IS Committee judges to fall short of the anticipated level of performance may be asked or required to withdraw at the end of a semester and resume a conventional program of study. In any case of withdrawal the IS Committee will request instructors to assign a letter grade for all work that has not thus been formally evaluated. Students who have left the program can be reinstated by the IS Committee only after a formal request has been endorsed by the IS advisor.

JUNIOR EVALUATION

At the end of the junior year each student will meet with the IS Committee to discuss the student's progress in the program originally outlined by the student and accepted by the IS Committee. If it is the judgment of the Committee that the student has not fulfilled the obligations and shows little promise of doing so, it may decide to drop the student from the program.

SENIOR EVALUATION

At the end of the senior year an examination will provide Independent Scholars with an opportunity for articulating and synthesizing the work done under their study plan. The content and design of the examination will be determined by the IS advisor working with faculty from the appropriate departments or fields of expertise. The examination may be written or oral. The IS advisor will appoint a minimum of two members of the faculty to evaluate the examination. In the case of an oral examination or in cases where there is balanced disagreement over the evaluation of a written examination, the chairperson of the IS Committee will appoint an additional examiner. Examiners sign an evaluative statement that the IS advisor forwards to the IS Committee, along with the advisor's evaluation of the senior thesis or creative project and the student's performance in and benefit from the program. Independent Scholars who fulfill their study plans and pass the senior examinations will be graduated as "Independent Scholars," with this fact recorded on their academic records. Independent Scholars who do not complete the senior thesis or who fail the senior examination will not be so designated, but they will not thereby be prevented from graduating. (The titles of the major in these cases will be determined by the Dean of Faculty, the IS Committee, and the IS advisor.) Independent Scholars may graduate with honors when they meet the College-wide requirements.

Off-Campus Study

Lake Forest College offers several options for off-campus experiences both in the United States and abroad. These experiences may include both work internships and study programs. Permission to participate in off-campus programs for which credit is granted must be requested, supported, and approved by the appropriate College personnel. The following is an outline of the types of programs available to Lake Forest College students. For more information, please see the current College Catalog or consult the College's Web site.

- Lake Forest College Programs
- ACM (Associated Colleges of the Midwest) Programs (domestic and abroad)
- Washington Semester at American University (Study/Internship; fall or spring)
- Other Study Abroad. With prior permission of the Academic Appeals Board (see next section in Student Handbook), qualified students may receive transfer credit from study abroad programs sponsored by other accredited institutions.

Information regarding individual programs in all disciplines and all countries may be found in Johnson B-179. Deadlines apply. For questions about selecting a program, requirements,

procedures, application forms, deadlines, and financial aid, contact the Director of Off-Campus Programs, Johnson B-177 (ext. 5231).

GPA

- The minimum GPA required to participate for pre-approved credit in ANY off-campus semester program shall be 2.5. A student may begin the application process with a lower GPA but must attain the 2.5 minimum by the time of entry into the program.
- No minimum GPA will be required for summer programs, either domestic or abroad.
- Appeals and requests for exceptions shall be addressed to the Academic Appeals Board.

INITIAL DOCUMENTS

All students applying to participate in any off-campus semester program shall complete an initial (Stage 1) set of forms, available from and returned to the Director of Off-Campus Programs, before proceeding with applications to particular programs. Such a process will ensure that the same information is gathered for each candidate, regardless of program.

Students who have displayed a pattern of disregard for College policies may be ineligible to participate in an off-campus study program.

The deadlines for submission of these initial documents are as follows:

- Lake Forest College Paris, Chile, and Beijing programs: November 15
- ACM programs: November 15
- Washington Semester program: November 15
- Any other program for which the applicant requests portability of eligible Lake Forest College financial aid: November 15
- Lake Forest College Greece program: April 1, one month prior to the program deadline of May 1. If spaces are still available, additional program applications may be considered if submitted by October 15 (Stage 1 forms due September 15).
- Lake Forest College May China Program: April 1, one month prior to the program deadline of May 1. If spaces are still available, additional program applications may be considered if submitted by October 15 (Stage 1 forms due September 15).
- Any other program for which there is NO request for portability of Lake Forest College financial aid: One month prior to the program deadline.

Documents to be submitted at this time include:

- An unofficial transcript (to verify GPA eligibility)
- A student statement of purpose (a brief essay or answers to questions)
- An academic advisor recommendation (to confirm that the student is on track for meeting academic requirements and has the advisor's support)
- The standard Dean of Students recommendation (to confirm that student is not on academic probation or subject to disciplinary action and to comment on concerns that might cause denial of support)
- A financial aid form (to verify eligibility of financial aid for non-Lake Forest College programs)
- Behavior Policy Acknowledgment/Harassment Statement

The Director of Off-Campus Programs, in conjunction with the Registrar and the Director of International Studies, or designee, will review these documents and notify applicants of their eligibility status.

PROGRAM APPLICATION AND APPROVAL

Students approved to proceed to the next stage may apply to their selected program and, where necessary, submit forms for course selection.

Approval for participation shall be made by the appropriate personnel:

- For Lake Forest College programs, the current program committee
- For ACM programs, the Off-Campus Programs Committee; endorsed applications will be forwarded to the ACM Chicago office whose committees will select final participants.
- For Washington Semester, the Off-Campus Programs Committee; endorsed applications will be sent to American University. Endorsement constitutes acceptance by American University.
- For other programs, acceptance into the program will be determined by the sponsoring institution or organization.

COURSE APPROVAL AND CREDIT

Determination and approval of courses shall be as follows. In ALL cases, students desiring to earn credit toward a major or minor must complete the course selection form (available from the Coordinator of Off-Campus Programs) and obtain the required approval and signature(s) of the academic advisor and the chair(s) of the appropriate department(s).

- Lake Forest College programs: prescribed curriculum. Acceptance into program constitutes course approval and credit towards graduation.
- ACM programs: prescribed curriculum. Acceptance into program constitutes course approval and credit towards graduation.
- Washington Semester programs: varied curriculum. Acceptance into the program constitutes course approval. Acceptance into the program constitutes course approval and credit towards graduation.
- Other semester programs: Forms for course approval may be downloaded from MyForester and must be returned – with required signatures – to the Director of Off-Campus Programs. Selections for transfer credit may also be subject to approval by the Registrar or by the Director of International Studies.

Credit shall be determined as follows:

- Lake Forest College programs: Lake Forest College credit
- ACM programs: Lake Forest College credit
- Washington Semester programs: transfer credit
- All other semester programs: Transfer credit shall be granted for successfully completed programs provided that (1) the selected program is sponsored by an accredited American school or by an approved program organization (such as AIFS, Australearn), in the same manner as for summer courses at other U.S. institutions, or by a program already approved by the Academic Appeals Board, and (2) eligibility of courses has been confirmed as stated above. Programs not meeting these criteria must be reviewed and approved by the Academic Appeals Board.

All other appeals and requests for exceptions shall be submitted to the Academic Appeals Board.

PORTABILITY OF ELIGIBLE FINANCIAL AID

The Off-Campus Programs Committee will meet after the stated deadline (currently February 1) to award portability of eligible financial aid to the allowed number of students seeking such aid for a non-Lake Forest College off-campus program.

NB: Students who earn transfer credit from an approved off-campus program and whose financial aid has been applied to that program may not drop—in whole or in part—any such credit without also fully reimbursing the College for all aid transferred to that program.

SUMMER PROGRAMS

Application for participation in a summer program abroad (including Canada) must be processed through the Director of Off-Campus Programs and shall require all necessary documents to confirm eligibility and to ensure acceptance of transfer credit. No minimum GPA will be required, and NO financial aid will be awarded for summer programs. For summer programs within the continental USA, please refer to the section "Credit from outside the College."

Leave of Absence

A student in good academic standing and without a judicial suspension or dismissal may request a one-semester Leave of Absence for personal reasons without withdrawing from the College. Without exception, an application for Leave of Absence must be requested by the student and approved by the Dean of Students prior to the first day of class for the semester in which a student is requesting a leave. Generally, only one Leave of Absence may be granted to a student in a 12-month period. However, more than one Leave may be granted in limited, well-documented cases due to unforeseen circumstances. Contact the Dean of Students's office for additional information.

The student must sign a statement showing intent to return to the College. If the student does not return at the end of one semester from an approved leave, the student will automatically be withdrawn from the College, with the withdrawal date being the date the student began the leave of absence. The student must then seek readmission in accordance with the College Student Handbook.

A student leaving the College mid-semester will be considered withdrawn for that semester and may not request a Leave of Absence for the following semester.

A student who is granted a leave of absence is considered to remain in an "in-school status" for Federal Student Loan repayment purposes. That is, no repayment of a federal student loan is required during the Leave.

PROCESS

A student must make an application for a Leave of Absence to the Dean of Students and is expected to take each of the following steps:

1. Complete the proper application form at the Dean of Students's office and arrange for an interview with one of the Deans. A specific reason must be given in writing as to why the student is requesting a Leave of Absence. If an Associate Dean denies the request, the student may appeal the decision to the Dean of Students.
2. Check with the Financial Aid Office to protect future eligibility of scholarships, grants and/or student loans.
3. Clear Business Office account. College refund policies apply. Resident students will be charged on a pro rata basis for any room and board for the days prior to the start of the semester.
4. Return all College keys to the student's Residence Life staff or Facilities Management, as applicable.
5. Remove all personal belongings from campus 24 hours after the effective date of approved leave. Resident students must be officially checked out of the residence hall by a member of the Residence Life staff. No storage is available on campus.

6. International students must meet with the Assistant Director of Intercultural Relations before leaving.
7. Submit the completed Leave of Absence form and College ID card to the Dean of Students and a Room Request form and/or Off-Campus Application for the return to campus to Residence Life.

APPROVAL DATE

The actual date of leave is the approval date agreed upon by the Dean of Students.

ACADEMIC AND JUDICIAL STANDING

Academic or disciplinary suspension or dismissal takes precedence over a Leave of Absence in determining a student's status and official reason for leaving the College. As stated above, only students in good academic standing or without a judicial suspension or dismissal may request a Leave of Absence. A student on academic probation may not request a Leave of Absence.

REFUNDS

Rules governing refunds are discussed in the College Catalog in the section Undergraduate Tuition and Expenses. All academic and judicial standings of the student remain in effect upon the student's return.

REGISTRATION AND TRANSFER CREDIT

Students will be allowed to pre-register for courses during the intended first semester of return but are subject to the same dates and financial obligations in place for all students. Registration procedures are discussed under Course Procedures above.

Students may take coursework at another school during a Leave of Absence but will only be guaranteed Lake Forest College transfer credit if the courses are approved by their advisor and the Registrar's Office.

ROOM SELECTION

A student may participate in Room Selection for the following year if he or she is on a Leave of Absence during the Spring semester.

Withdrawal from and Readmission to the College

A student who wishes to withdraw from the College is expected to complete the following procedure:

1. Pick up and complete the paperwork at the Dean of Students's office and follow the steps outlined in the paperwork.
2. Remove all personal belongings from campus within 24 hours after the effective date of the Withdrawal unless an extension has been granted by the Dean of Students.

Failure in courses will be recorded on the academic record of a student who does not properly follow these procedures. The actual date of withdrawal is usually, but not always, the last date that the student has attended classes. Academic or disciplinary suspension or dismissal take precedence over voluntary withdrawal or Approved Program Leave in determining a student's status and official reason for leaving the College. Rules governing refunds to students who withdraw are discussed in the College Catalog. When withdrawing from the College, a student will receive a "W" for all courses he/she is passing at the time of the withdrawal. Students who are failing a course at the time of withdrawal from the College will receive a grade of "WF" in that course.

MEDICAL WITHDRAWAL FROM THE COLLEGE

Students may request permission from the Dean of Students to withdraw from the College for documented medical reasons. The notation MW (medical withdrawal) is to be allowed only where the Dean of Students judges that serious illness, for which the student is placed under the care of an off-campus physician or other appropriate off-campus health care professional, requires the student to leave the College for proper treatment and convalescence. The financial consequences of medical withdrawal are the same as those for withdrawal from the College. See the College Catalog for further details.

A student who, for medical reasons, must withdraw from the College must submit a letter to the Dean of Students. The letter should explain the reason for the withdrawal and the approximate date of return, if applicable. The request for a Medical Withdrawal must be accompanied by documentation from a medical professional that details, from a medical perspective, the reason for the withdrawal and the approximate date of return, if applicable. All medical documentation is confidential and is kept in a secure file in the Dean of Students' office.

In rare instances the professionals at Lake Forest College may determine that a student should not continue the academic program at the College but should withdraw due to psychological instability. In these instances the policies regarding medical withdrawal will apply.

Students who wish to return to the College students after a medical withdrawal must apply for readmission when they are well enough to resume their studies. Readmissions are handled through the Admissions Office, which must receive all application materials at least four weeks prior to the start of classes. In addition, the Dean of Students must receive a letter of support for the students' return from an off-campus physician.

The medical documentation should answer the following questions:

1. Is the student able to return to campus and manage his or her condition independently?
2. Is he or she able to live independently in a residence hall?
3. What recommendations can be offered with respect to issues such as course load, residence hall assignment, and continued treatment, in order to support the student's successful return to his or her academic program?

READMISSION TO THE COLLEGE

Students seeking readmission must formally reapply through the Admissions Office, indicating the semester for which they hope to return and describing their anticipated activities while away from campus. In cases of suspension for academic reasons, students are not eligible for readmission for at least six calendar months. In cases of suspension for disciplinary reasons, eligibility for readmission is stated at the time of suspension. Readmission is possible only once.

Graduation and Commencement

Students who complete degree requirements during the Spring semester, as well as those who have completed their requirements during the previous summer and fall terms, are encouraged to participate in the Commencement ceremony. Others will be allowed to participate only if they have obtained written approval of a proposed summer program at Lake Forest College that will make it possible for them to satisfy their degree requirements by the following September 1.

Graduation with Honors

Graduation with Honors at Lake Forest College may be achieved in two categories: the grade point average (GPA) and the student's major field.

GENERAL HONORS

General honors at graduation consist of summa cum laude for GPAs from 3.9 to 4.0, magna cum laude for GPAs from 3.7 up to 3.9, and cum laude for GPAs from 3.4 up to 3.7. In order to achieve honors in one of these categories, a student must have an academic record that satisfies all of the following requirements:

- At least 14 Lake Forest College courses taken with the full range of the letter grades (A, B, C, D, F, but not CR).
- A Lake Forest GPA equal to or greater than the minimum listed above for the pertinent category.
- A total GPA, including both Lake Forest College and transfer courses, that also equals or exceeds the above minimum for the given category.

In making GPA calculations for general honors, ACM program grades are counted as Lake Forest College credit. Washington Semester grades and grades in off-campus study under a consortium agreement count as transfer credit. GPAs are not rounded up; for example, a 3.898 is not in the summa cum laude category. The calculation of a GPA includes plus and minus grades. Repeated courses will be considered in this calculation as long as they follow the policies regarding repetition of courses and have been completed prior to graduation from the College (see "Repeated Courses"). Grades of all transfer courses acceptable by Lake Forest College for transfer credit will be used in GPA computations. A maximum of two transfer credit grades—for courses that have been repeated—can be forgiven. Such forgiveness applies only to courses taken prior to the student's matriculation at Lake Forest College. Forgiveness of transfer credit grades counts toward the maximum of two total forgiven grades before graduation (i.e. students can have two transfer credit grades forgiven after repeating, two LFC credit grades forgiven after repeating, or one from each category). The transfer GPA is combined with the Lake Forest GPA as a weighted average. Transfer grades from colleges or universities with different grading systems are dealt with case by case by the Dean of the Faculty in consultation with the Registrar; where necessary, they will be brought to the Academic Appeals Board.

HONORS IN THE MAJOR

Honors at graduation in the student's major are based on a clear demonstration of superior mastery of the subject and on the ability to successfully complete a senior thesis. To receive honors in the major, a student must have attained a 3.5 GPA in all courses taken in the major at Lake Forest College, including the final semester. A minimum of six courses must have been taken in the major at the College. A student must be evaluated as having successfully completed a senior thesis. In exceptional circumstances when a senior thesis seems inappropriate, a well-documented senior research project or imaginative creative project brought to fruition in the senior year may be substituted for the senior thesis. The request for such a substitution must be initiated by the project director and requires the unanimous approval of the members of the department(s) involved. As with other theses, the final project will be reviewed by a thesis examining committee consisting of three faculty, at least one from outside the department. Please note that completing a senior seminar will not result in honors in the major.

DISTINCTION IN SENIOR THESIS

If a student's senior thesis is judged by an examining committee to be an outstanding and original piece of research, Distinction in Senior Thesis is awarded at graduation regardless of whether the student is graduating with honors in his or her major field of study. In exceptional circumstances, a well-documented senior research project or imaginative creative project may substitute for the senior thesis provided members of the departments involved give their unanimous approval. As with other theses, the final project will be

reviewed by a thesis examining committee consisting of three faculty, at least one from outside the department.

PHI BETA KAPPA

Phi Beta Kappa, the national honorary scholastic society founded in 1776, is open to undergraduates with outstanding academic records. Although sheltered by the College, the chapter is an organization independent of the College and of its curriculum, and thus determines its own standards for admission, standards consistent with those of the United Chapters of Phi Beta Kappa. Evaluation of candidates for election includes an examination of their GPA, an appraisal of their coursework, and a recognition of recommendations from their professors. Phi Beta Kappa emphasizes excellence in scholarly achievement and the pursuit of broad cultural interests. See below for admissions criteria.

Honorary Societies and Awards

HONORARY SOCIETIES

Alpha Psi Omega (Dramatics) Alpha Psi Omega is a national dramatics honorary society dedicated to the promotion and recognition of excellence in college theater. Lake Forest College's Nu Sigma chapter was established in 1954 and for more than 50 years has served to honor scholastically outstanding students who have attained at least a 3.2 GPA overall and who have shown superior accomplishment in dramatic arts at Lake Forest College by participation in at least five productions. Membership is determined by the current student membership with the advisement of the faculty sponsors. An initiation ceremony is traditionally performed each spring.

Beta Beta Beta (Tri-Beta) (Biology) Beta Beta Beta, whose Lake Forest College chapter dates back to 1935, functions as an honor society for students of the biological sciences. Its activities are designed to stimulate interest, scholarly attainment, and investigation in the biological sciences, as well as to promote the dissemination of information and new interpretations among students of the life sciences. To become an active member of Tri-Beta, a student must be a biology major and have earned grades of B or A in at least three biology courses counting toward the major (one of which must be above the introductory level), must have completed the equivalent of at least three terms of study at Lake Forest College, and must have an overall 3.0 GPA in the major. Associate membership is open to any student with an interest in the life sciences who has earned a grade of B or A in two biology courses counting toward the major and has an overall GPA of 2.67. Members are elected each term, and officers are elected from among the active members at the last meeting of each school year.

Lambda Pi Eta (Communication) Lambda Pi Eta is the national honors society for undergraduate study in communication. It is an affiliate of the National Communication Association. The Tau Chi chapter at Lake Forest College was founded in 2005.

Kappa Delta Pi (Education) Kappa Delta Pi is an international honor society organized to promote excellence in education. It recognizes education majors who exhibit the ideals of scholarship, high personal standards, and promise in teaching, and who make contributions to education. The Tau Psi chapter was chartered at Lake Forest College in 1994, replacing Kappa Phi Kappa, a local honor society. During the Spring semester of each year, students who have been admitted to the Department of Education and have successfully completed fieldwork, as well as two other courses in education with a B (3.0) or better, and who have attained a 3.2 GPA overall are invited to join Kappa Delta Pi.

Omicron Delta Epsilon (Economics) Omicron Delta Epsilon, the international economics honorary society, is dedicated to the encouragement of excellence in economics. It encourages devotion on the part of its members as economists to the advancement of their science and to the scholarly effort to make freedom from want and deprivation a reality for all humankind. The Rho chapter of Omicron Delta Epsilon was established at Lake Forest

College in 1985. During the Spring term of each year, students who have compiled a 3.0 GPA overall and a 3.0 GPA for at least 12 credits in economics (three Lake Forest College courses), and who have expressed a genuine interest in economics will be invited to join Omicron Delta Epsilon.

Phi Beta Kappa Phi Beta Kappa is an academic honorary society dedicated to the recognition of superior academic achievement in the liberal arts and sciences. The Lake Forest College chapter (Theta of Illinois), one of 262 in the nation, was founded in 1962. To have a Phi Beta Kappa chapter approved by the national organization is a high honor for a college. In order to win a chapter, the college or university must meet Phi Beta Kappa standards in providing a solid and high-quality liberal arts program. Both faculty and students are members of Phi Beta Kappa. It is the faculty membership that each year elects student members on the basis of outstanding academic achievement. Ordinarily these are graduating seniors, but it is possible, in the case of extraordinary achievement, to be elected in the junior year. This is a rare and special honor. New Phi Beta Kappa members are initiated in a special ceremony that takes place in the spring. The criteria for election include sustained academic excellence as reflected in a strong academic record. Weight is given to the breadth of the program pursued by students, as shown by the number and variety of courses taken outside the major. Weight is also given to balance and proportion in the student's degree program as a whole. (Professional education and business courses and internships are not counted.) Finally, a student elected to Phi Beta Kappa is expected to have demonstrated at least a minimal knowledge of mathematics and a foreign language appropriate for a liberal arts education.

Phi Sigma Iota (Foreign Languages) Phi Sigma Iota is the foreign language national honor society. Its purpose is to cultivate interest and encourage excellence in the field of foreign languages. The organization offers its members and the College community at large an opportunity to come into contact with different aspects of foreign language and culture. Candidates for membership must have reached the 300 course level in a foreign language at Lake Forest College or equivalent courses at another institution. They must also have a 3.00 GPA in a foreign language, as well as an overall 3.00 GPA.

Phi Sigma Tau (Philosophy) Phi Sigma Tau is the national honor society in philosophy and is dedicated to honoring academic excellence and philosophical interest and to stimulating philosophical discussions on the local and national levels. Philosophical exchanges are promoted through the activities of the local chapters and through publication of *Dialogue*, the journal of the national organization. Lake Forest College's chapter was established in 1981. The chapter has sponsored panel discussions and colloquia by Lake Forest College students and by faculty members from Lake Forest College and from outside institutions. Membership is awarded to outstanding students and faculty with interests in philosophy. Students can become eligible after three semesters of coursework, which must include 3 courses in philosophy.

Pi Sigma Alpha (Political Science) Pi Sigma Alpha is the national political science honorary society. The Lake Forest College chapter was founded in 1971. Its purpose is to stimulate productive scholarship and interest in the subject of politics and government by honoring superior students in this field. To become members, students must be either juniors or seniors; must have taken four politics courses above the 100 level (at least two of those at Lake Forest College and at least one at the 300 or 400 level); must have a B+ (3.33) average in political science courses above the 100 level; and must have an overall B (3.0) GPA in all courses.

Psi Chi (Psychology) Psi Chi is the national honorary society for psychology majors who have been recognized for their academic excellence. The Lake Forest College chapter was established in 1960. Its purpose is to organize social and intellectual activities for psychology majors. In the spring of each year, the present members review a list of psychology majors who have at least a 3.5 average in psychology courses and a 3.0 overall GPA. Students who qualify are invited to join Psi Chi.

Sigma Pi Sigma (Physics) Sigma Pi Sigma is the national physics honorary society. Its purpose is to promote excellence in physics by recognizing outstanding physics students. The original Lake Forest College Sigma Pi Sigma chapter dates back to May 31, 1930, which makes it one of the oldest chapters in the country. Membership requirements are an overall B (3.0) GPA, excellence in physics, and the completion of courses through the sophomore level in physics. New members are chosen by present Lake Forest College faculty each spring.

Sigma Xi (Science) Sigma Xi, The Scientific Research Society, is a national honor society established in 1886 by a group of students and faculty at Cornell University. The Lake Forest College chapter of the society, established on April 26, 1988, is one of more than 500 clubs and chapters worldwide. The society was established to honor and promote excellence in scientific research and to encourage a spirit of cooperation and companionship among scientists from all fields. Although scientific research is highly specialized, the society promotes a view of science that emphasizes linkages rather than divisions. Members of the Lake Forest College chapter include faculty and students. Qualified scientists are inducted into the society each year at an annual banquet. Students who have demonstrated a potential aptitude or ability in independent scientific research are elected as associate members.

Student Honors and Awards

The College community honors and rewards the outstanding achievements of its students and faculty by acclaiming them in public and by awarding them significant prizes at the Spring Leadership Awards Ceremony and the Senior Honors Convocation in May. In keeping with the dignity and College-wide importance of its convocations, only the most outstanding achievements are to be honored in this way. Prizes are awarded to the best students who have proven themselves genuinely outstanding by absolute rather than relative standards. Each prize is to be a distinguished and valuable reward commensurate with the occasion and with the prizewinner's achievement. Such distinction and value are embodied particularly in the prizes endowed and donated by friends and alumni of the College to perpetuate their ties to the academic community. These awards, presented at the Honors Convocations and Leadership Awards Ceremony, collectively express and celebrate not only intellectual and personal excellence, but also the special, enduring relationship between present and past generations of Lake Forest College. Outstanding students in academic areas for which there are no endowed or donated prizes are honored out of the College's own prize fund for graduating seniors. Awards and prizes other than those referred to below are presented at departmental gatherings or at chapter meetings of the respective honor societies.
